Subject: Public Comment: Thompson-Fisher Conservation Easement Amendment Draft Environmental Assessment
Date: Sunday, February 17, 2019 9:41:46 PM

Name: MATTHEW BISHOP
City: POLSON
This exchange of land covered by the CE looks like a win-win compromise that will allow for further problem solving on the encroachment issue, plus the 5 acres to be included on the Little Thompson are appropriate for CE protection. I support the amendment.
