Dear Mr. Baumler:

The Montana Department of Fish, Wildlife and Parks is proposing improvements at Clark's Lookout State Park in Beaverhead County. The property is located at approximately T7S, R8W S7.

Please review the enclosed Cultural Resource Inventory Report. This report and the enclosed CRABS data entry form are for your records. Also included are photos from a previous site visit.

The report indicates no apparent cultural resources on FWP property therefore, we feel that the project will have a low likelihood of impacting any cultural resources.

Please review and provide any comments or concerns regarding the project.
