DECISION RECORD
INTRODUCTION OF NEW FISH SPECIES

Name: Kolar Reservoir # 1
County: Judith Basin
Legal Description: T17N R10E S 5
Water Code: 16-6340

Fish Species Proposed for Introduction: Eastern brook trout

Description of Public Notification/Review Process:

A draft EA was posted on the FWP website from March 18 through March 31. Kolar Brothers Farms was contacted.

Summary of Public Comments:

No public comments were received through April 18, 2011. Kolar Brothers Farms was contacted regarding the proposed action.

Recommendation:

Based on the department's proposal which outlined the benefits and risks of stocking brook trout in Kolar Reservoir # 1, the fact that no public comments were received, it is my recommendation that the proposed action be implemented as described in the draft EA. Therefore, the draft EA becomes the Final EA. Brook trout will be stocked in Kolar Reservoir # 1 to improve angling quality.
