Ladies Hunting Dog Handling and Shot Gun Seminar
June 4, 2011
Spring Meadow Lake in Helena, Montana

Your hunting dog is not only your partner in the field, he's a member of the family. Giving your dog the best training possible will benefit you both and make your hunting trips a positive experience.

This free seminar is for you if:

- You are a dog owner who wants to learn training techniques
- You plan to get a hunting dog and want to be prepared to train a puppy
- You are interested in upland bird or waterfowl hunting
- You want to know how hunt tests work

Participants will learn about different breeds of hunting dogs, and see the training tools and equipment used to teach different hunting dogs. On Spring Meadow Lake you'll see different training scenarios in action and learn what a hunt test is all about. Also included is information on the habitat and identification of waterfowl and upland game birds. We'll review shotgun handling & safety, too.

This seminar will be held at the Fish, Wildlife & Parks "Montana Wild" Education Center at Spring Meadow Lake State Park in Helena. Class starts at 8:30 and concludes at approximately 3:00.

To participate:

- This class is for beginners. Women and teens with little or no experience are encouraged to apply.
- Participants should wear shoes and clothing appropriate for the outdoors. Class will be held both indoors and out side.
- You will need to bring a lunch. Drinks will be provided.

The seminar is free but class size is limited. Please complete the registration form to reserve a spot. Persons successfully registered for the seminar will receive a confirmation letter.
