

Shooting Range Grant Program

Application Guide

Montana Fish, Wildlife & Parks Shooting Range Grant Program

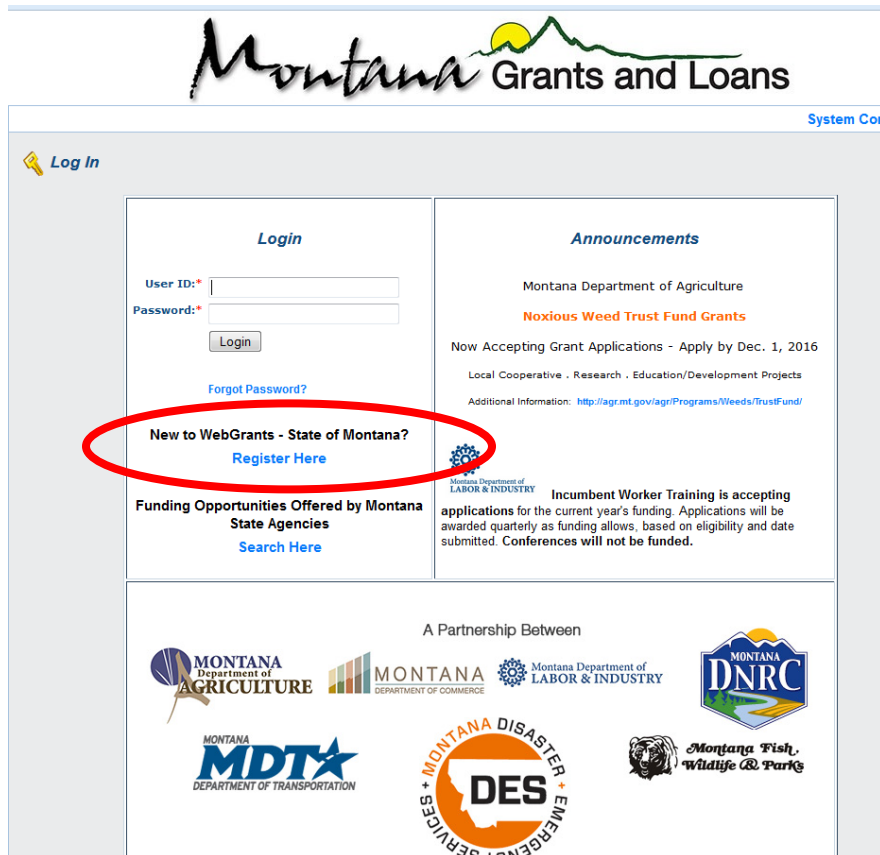

Overview

Montana Fish, Wildlife & Parks (FWP) has administered a grant program for the development and enhancement of shooting ranges since 1989. The purpose of the Montana Shooting Range Grant Development Program is to create a continuing program and mechanism to provide funding, through the department, to private shooting clubs, private organizations, local governments, and school districts for the establishment and improvement of a system of shooting ranges throughout Montana (MCA 87-1-276). A private shooting club, private organization, unit of local government, or school district may seek a grant for a shooting range development project (MCA 87-1-277). Every two years the Legislature authorizes funding for this program, which is generated from the sale of state hunting licenses.

Applying

FWP will accept online shooting range grant proposals until February 1, 2022. Mailed applications must be postmarked by February 1, 2022.

To apply, you must first become a registered user. Go to the website <https://fundingmt.org> to register your organization and click on “*Register Here*”. Please have your primary contact register first. Additional people can be added to the organization after the primary contact person gets their login information from the system. Contact Sara Smith if you need to add additional users.

Montana Fish, Wildlife & Parks Shooting Range Grant Program

Registering

When registering, please fill out all information accurately. Make sure you choose *Department of Fish, Wildlife and Parks* for the grant for which you are interested. Once you fill in all the requested information, click **Register** at the bottom of the page.

SAMPLE EMAIL

****** Do Not Respond to This Email ******

Dear John Doe,

Thank you for registering. Your registration is currently under review, if approved, you will receive a confirmation email with your user id and password.

Registration review may take several business days.

Thank you for your patience.

Your registration request is sent to the Department of Fish, Wildlife & Parks for approval. Once approved the WebGrants software creates a User ID and password. You are notified by email of your approved status and provided your User ID and password. The user ID is the first initial of your first name, your entire last name and a number (for example John Doe would be jdoe1). The password is case sensitive.

SAMPLE

****** Do Not Respond to This Email ******

Dear John Doe,

Your new registration with the WebGrants grants management system has been Approved.

Your user id and password are below:

User id: jdoe1

Password: abcdef123

You may now log into the WebGrants system at the following location:

www.fundingmt.org

After you login for the first time, reset your password by selecting "My Profile"

then "Reset

Password"

You are now ready to log in.

Montana Fish, Wildlife & Parks Shooting Range Grant Program

Getting Started

Go to <https://www.fundingmt.org/index.do> and log in with your user name and password. Once logged in, you will see this screen.

On the main screen you will see the following:

Grantee Instructions: These are helpful instructions that relate to using the software

My Profile: Change contact information and password

Funding Opportunities: This is where you will find the shooting range grant opportunity for which you are applying

My Applications: Save, Review, Edit, and Submit Your Applications

My Grants: Track awarded grants, payments, and upload claims

Getting Started

Montana Fish, Wildlife & Parks Shooting Range Grant Program

To start an application, click **Funding Opportunities**. You will see a long list of funding opportunities; look for **Department of Fish, Wildlife and Parks and Shooting Range Grant**. Click on that funding opportunity in blue.

Montana Fish, Wildlife & Parks Shooting Range Grant Program

Getting Started

After you click on the funding opportunity, read the *Description* page very carefully as it contains instructions and information about submission deadlines and grant requirements. This page also contains attachments that you should **download and print**. Read these documents carefully as they include grant match requirements, documents that need to be submitted with the completed application, and an application checklist.

Once you have read the description and looked at the attachments, click *Start a New Application*

The screenshot shows the 'Funding Opportunities' web application. At the top, there is a header with the Montana state logo and the text 'Funding Opportunities'. Below this is a section titled 'Current Applications' with a table containing one application: ID 33957, Application Title 'Test FWP Shooting Range 081915', and Status 'Editing'. Below the table are two links: 'Copy Existing Application' and 'Start a New Application', with the latter circled in black. The main content area is titled 'Opportunity Details' and '30080-FWP Shooting Range Grant FY 16'. It lists 'FWP Shooting Range Grants' with an 'Application Deadline: 11/02/2015'. Key details include: Award Amount Range: Not Applicable; Program Officer: Sara Smith; Phone: 406-444-9948 x; Email: sarsmith@mt.gov; Award Announcement Date: (blank); This Opportunity is recurring: No; Categorical Area(s) To be Addressed by Program: Parks & Recreation. The 'Description' section begins with 'Dear Applicant,' followed by a thank you message from Montana Fish, Wildlife & Parks regarding the Shooting Range Development Grant Program. It states that funds are appropriated by the Legislature and come from hunter license dollars. A request is made for applicants to read the application carefully and answer questions completely. A final note defines the 'Project Period' as the time for approved work and expenditures, stating that work completed or expenditures incurred outside this period will be ineligible for reimbursement.

Project Start Date: Email: sarsmith@mt.gov
Project End Date:

Award Announcement Date:

This Opportunity is recurring: No
Categorical Area(s) To be Addressed by Program: Parks & Recreation

Description

Dear Applicant,

Montana Fish, Wildlife & Parks would like to thank you for your interest in FWP's Shooting Range Development Grant Program. The funds are appropriated by the Legislature authorizing FWP to award to successful Applicants for development of publicly available shooting range facilities. These funds come from hunter license dollars and are one way in which Montana's hunter license dollars are reinvested in Montana's sportsmen and communities.

Please read the application carefully and answer each question completely. In preparing your project overview, you may review the criteria used by FWP to evaluate and rank grant applications.

Please note that FWP defines the **Project Period** as the period of time in which all approved work and related expenditures are to be accomplished by the Applicant. **Work completed or expenditures incurred outside the approved Project Period will be ineligible for reimbursement.**

Montana Fish, Wildlife & Parks Shooting Range Grant Program

Completing the Application

The first page of the application asks you to choose the primary contact information, put in a Project Title, and choose your organization (which you created during the registration process).

Menu | Help | Log Out Back | Print | Add | Delete | Edit | Save

Instructions

Fill out the form below and click "Save". Once completed and saved, click on the "Go to Application Forms" link to continue completing the rest of the application. Pick the appropriate Primary, Additional and Authorized Officials. If additional contacts or authorized officials have not been registered in the system, submit a registration request on the main fundingmt.org page. Once the registration has been approved, have the primary contact person add them to the organization.

Enter a BRIEF project title, you will have the opportunity to detail your project further in the application.

To save or edit this form, click "Save" or "Edit" in the upper right hand corner of the screen. Information entered into this form will be lost unless the "Save" icon is selected before moving on to the next form. If you wish to move back a screen, select the "Back" icon. Do not click on the main browser's back arrow. Doing so could cause the data you entered to be lost.

General Information

Primary Contact:* FWPWayde Test1 ▾

Project Title:
(limited to 250 characters)*

Authorized Official:* FWPWayde Test1 ▾

Organization:*

Remember to always click **SAVE** after filling out each page.

Montana Fish, Wildlife & Parks Shooting Range Grant Program

Americans with Disabilities Act (ADA) Information

The Department of Justice's revised regulations for [Titles II](#) and [III](#) of the Americans with Disabilities Act of 1990 (ADA) were published in the Federal Register on September 15, 2010. These regulations adopted revised, enforceable accessibility standards called the 2010 ADA Standards for Accessible Design, "2010 Standards." On March 15, 2012, compliance with the 2010 Standards was required for new construction and alterations under [Titles II](#) and [III](#). March 15, 2012, is also the compliance date for using the 2010 Standards for program accessibility and barrier removal.

Public accommodations and commercial facilities must follow the requirements of the 2010 Standards, including both the Title III regulations at 28 CFR part 36, subpart D; and the 2004 ADAAG at 36 CFR part 1191, appendices B and D.

The 2010 ADA Accessibility Standard applies to **newly constructed and altered facilities**. As of March 15, 2012, all newly constructed and altered **shooting facilities** have to comply with the provisions of the ADA. Depending on how a facility is covered under Title III, they need to do readily achievable barrier removal, which means doing what's easy to accomplish without difficulty or expense.

If your range is owned by a unit of state or local government, the regulations are similar under Title II, and it's called program accessibility.

15.7.4 Shooting Facilities. Where fixed firing positions are provided at a site, at least 5 percent, but not less than one, of each type of firing position shall comply with 15.7.4.1. [Appendix Note](#)

15.7.4.1 Fixed Firing Position. Fixed firing positions shall contain a 60 inch (1525 mm) diameter space and shall have a slope not steeper than 1:48.

15.7.4 Shooting Facilities. Examples of different types of firing positions include, but are not limited to: positions having different admission prices, positions with or without weather covering or lighting, and positions supporting different shooting events such as argon, muzzle loading rifle, small bore rifle, high power rifle, bull's eye pistol, action pistol, silhouette, trap, skeet, and archery (bow and crossbow).

A public accommodation is defined as "a private entity that owns, leases (or leases to), or operates a place of public accommodation."

A person with a disability is defined by the ADA as, "a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such an impairment, or a person who is perceived by others as having such an impairment."

Technical assistance on the guidelines for sports facilities is available from the Access Board at: (800)-872-2253 (voice), (800)-993-2822 (TTY) or ta@access-board.gov (e-mail).
