## What Happens After You Call?

The destination state will contact you to ensure your boat is inspected, and if necessary, decontaminated, before or upon arrival to its destination.

## Why is This Important?

**Call Before You Haul** prevents unnecessary delays for you and your customers and ensures you will not be violating state or federal laws pertaining to unlawful transport of invasive species.

## Prevent Delays

Aquatic invasive species hitchhike on boats, trailers, and motors in both visible and hidden locations. Trained professionals will inspect and certify your boat to prevent costly delays.

A commercial trucking company, or hauler, may be held legally responsible for violations of state law and the federal Lacey Act if a company driver is intercepted hauling a vessel infested with quagga or zebra mussels. Boat brokers may also be held liable if the broker contracts with an independent contractor to haul a contaminated watercraft across state lines. Save yourself costly delays - **Call Before You Haul** to ensure your destination state can provide you with the services needed to inspect your cargo. One toll-free call notifies all four western states.
