GRIZZLY BEAR IC CHALLENGE STAKEHOLDER LIVE EVENT

FWP appreciates the individuals and organizations that will be participating in the Stakeholder Livestream event for the Grizzly Bear Distance Learning Program.

The students' final projects are evaluated on specific criteria, including taking stakeholders' viewpoints into consideration. →

The Livestream event will provide participating students an opportunity to learn more about the variety of viewpoints there are in grizzly bear conservation and management, which will help them as they work towards coming up with solutions to the IC Challenge.

STAKEHOLDER PANEL MEMBERS

Confederated Salish & Kootenai Tribe, *Whisper Means or Stephanie Gillin*

MT Wildlife Federation, *Nick Gevock*

Blackfoot Challenge (TBA)

IC/FWP GRIZZLY BEAR CHALLENGE STUDENT FINAL PROJECTS/PRESENTATIONS

QUESTIONS TO CONSIDER:

1. Is your solution well researched?
2. Have you asked FWP biologists questions either in the live events or the 'Ask and Expert' button to get authentic feedback?
3. Have you included information about grizzly bears in your selected region?
4. Have you included information about stakeholders in your selected region?
5. Can your solution be adapted and applied in other areas?

EVALUATION CRITERIA:

1. Research is used to support the challenge of grizzly bears and humans co-existing and solutions.
2. Identified solution takes stakeholders into consideration.
3. Identified solution proactively influences the needs of both grizzly bears and humans co-existing.
4. Identified solution could potentially be adapted by multiple communities.
5. Presentation is creative, polished, and professional.
6. The selected solution would be eligible for an UrsusVISION FWP/Community Award.
