Wolf Trapper Orientation - Successful special trapping permit applicants will be required to take a wolf trapping orientation course. A wolf trapping orientation DVD and test will be mailed to special trapping permit holders.

Trap Identification - Metal identification tags must be fastened to all traps per MCA 87-3-504. Metal tags must bear the name and

address of the trapper or a personal identification number, which is the trappers date of birth and ALS number. Tags should be attached to the end of the chain or other anchoring material at the end farthest from the portion of the device which holds the animal. Landowners who trap on their own lands and irrigation right-of-way contiguous to their land do not need to tag traps.

Landowner Permission – Wolf trappers must obtain permission of the landowner, lessee or their agent before trapping on private land.

Checking and Placing Traps – Traps should be checked at least once every 24 hours. It is the trapper's responsibility to check his/her traps regularly because quotas may fill quickly.

Occupied Dwellings – Foothold traps are prohibited within 1000 feet of an occupied dwelling without written notification of the occupant.

Possession of Hide and Head – A person that harvests a wolf must possess the head and hide, with evidence of sex naturally attached. The remaining carcass may be taken in possession or be left in the field.

Incidental Wolf Take

- Wolf trappers that accidentally capture a wolf when a trapper limit or harvest quota is met, must release the wolf (uninjured) and must report the capture to a designated Fish, Wildlife & Parks employee within five (5) days of release. However, if you accidently catch a wolf, FWP encourages you to contact the nearest FWP Regional Office or an FWP Wolf Specialist within 12 hours so a determination can be made by FWP to attach a radio collar to assist FWP in wolf managment efforts.
- Wolf trappers that accidentally capture a wolf that cannot be released uninjured must notify a designated Fish, Wildlife & Parks employee residing in the WMU where the animal was taken within 12 hours to arrange collection of the animal. It is unlawful for any person to retain possession of an incidentally taken wolf per MCA 87-1-102.

Penalties – Persons convicted of the offense of knowingly abandoning the hide and/or head in the field shall be fined not less than \$50 or more than \$1,000, imprisoned in the county jail for not more than 6 months, or both. Procedures to Follow Upon Harvesting a Wolf

- Immediately after killing a wolf, a hunter or trapper must cut out the proper month and date of the kill from the appropriate license and attach it to the hide in a secure and visible manner.
- To properly validate a license, locate the appropriate month and date the animal was killed and completely cut away (notch out) the month and the first and second digits of the date designations. Removing more than one month or one date designation invalidates the license.
- Evidence of sex must remain naturally intact on the hide.
- A hunter or trapper must personally report their wolf kill within 12 hours by calling the Wolf Reporting Number at 1-877-FWP-WILD (1-877-397-9453) so that FWP can monitor quota levels. Hunters or trappers are required to provide: name, telephone number, ALS number, species, date of harvest, WMU, specific location (legal description), and sex when reporting a wolf harvest. When reporting a wolf harvest, it is unlawful to subscribe to or make any statement that is materially false.
- A hunter or trapper is required to personally present the hide and skull to a designated FWP employee within ten (10) days after harvest for the purpose of:
- · inspection and registration of kill.
- · verify evidence of sex.
- tagging the hide. The hide tag must thereafter remain attached to the hide until tanned.
- Any hide and skull not presented or registered to FWP personnel within ten (10) days of harvest are subject to confiscation.
- It is unlawful for anyone to possess, ship, transport, sell or purchase any wolf, or part thereof, unless the animal has been tagged as prescribed.

Hunter Access

Private Land Access

 Montana law requires hunters to have the permission of the landowner, lessee, or their agent before hunting on private property, regardless of whether the land is posted or not. Access courtesy cards and a map directory pamphlet are available at all FWP offices.

Public Land Access

- Wolf hunting between the ordinary high water marks of streams and rivers is illegal without landowner permission. Landowner permission must be obtained to hunt private lands adjacent to waterways.
- FWP is working cooperatively with other agencies to improve signing of legally accessible public lands wherever possible. A map directory pamphlet is available at all FWP offices.
- Enforcement of Area Closures on Public Land: All federally approved travel plans on public lands in Montana are hereby adopted by the Fish, Wildlife & Parks Commission. Motorized travel in restricted areas in violation of any current travel plan or land use plan is prohibited during the hunting season.

Railroad Access – Railroad right-of-ways are private property and may not be hunted without permission.

State School Trust Land – A conservation license allows hunters, anglers and trappers access to all legally accessible state lands.

- Motorized travel is only allowed on public roads or on designated roads.
- Designated roads signed as "open" to motorized vehicle use or the information as to which roads are designated as open is available from the DNRC Offices.
- Motorized use of other roads and trails and all off-road use is prohibited.

State Wildlife Management Areas (WMA) – Wildlife Management Areas are generally open to hunting during the fall wolf season. WMAs with big game winter range are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to May 15 each year, as posted.

 Exception: Blackfoot-Clearwater WMA closes November 10; Kootenai Falls WMA is open year long; Porcupine (Gallatin), Dome, Bear Creek and Wall Creek WMAs open May 1. **Closed Lands** – State Game Preserves, National Parks, and National Wildlife Refuges are closed to wolf hunting. For additional information on state and federal regulations, contact the local land manager.

Tribal Lands – Indian Reservations are limited to tribal members only for big game hunting unless otherwise provided for by the Tribal Government. Contact the respective Tribal Government office for additional information.
