1 Underlined packs are counted as breeding pairs toward recovery goals. CSKT = Flathead Indian Reservation; BFN = Blackfeet Indian Reservation.

2 Excludes wolves killed in control actions to address livestock depredation and lawful public harvest.

3 Does not include pups that disappeared before winter.

4 Collared wolves that became missing in 2010.

5 Agency lethal control whether under state or federal regulations. Includes wolves killed by private citizens to defend livestock or under terms of a kill permit.

6 Includes only domestic animals confirmed killed by wolves.

7 Pack did not exist on Dec. 31 2010 and is not displayed on the map; see pack narrative.

8 No regulated public harvest occurred in 2010.

Border pack shared with the State of Idaho; dens in Montana.

^ Pack names were changed to better characterize geographic home place. Condon pack was misidentified as the Cilly pack in 2009.
