ALS - Automated Licensing System

- Montana hunting, fishing and other recreational licenses are issued via an automated licensing system (ALS).
- Once you acquire a license through ALS, you will be assigned a lifetime “ALS number”. The ALS number is your birth date plus a random number issued by the automated system. Your ALS number will be printed at the top of your license.
- If you do not have an ALS number, you MUST provide your date-of-birth and the last 4 digits of your social security number.
- Montana’s license year is March 1 through the end of February of the following year. Even though you may have a lifetime ALS number, EACH YEAR a person must purchase a conservation license to be authorized to purchase any fishing or hunting licenses.

Hunter Education Requirement

- Legislation requires anyone born after January 1, 1985 to provide a copy of his or her Hunter Education Certificate in order to purchase any hunting license in Montana

State Lands

The State Land Recreational Use License is included as part of the Conservation License. Therefore, persons who are licensed to hunt, fish, or trap are not required to obtain a recreational use license for use of legally accessible state trust land for hunting, fishing, and trapping purposes.

Hunter/Trapper Education Requirements

Hunter Education for Firearm and Archery

- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course (or an approved hunter safety course from any other state or province) prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- Montana law requires members of the armed forces and their dependents stationed in Montana to present a Montana hunter education certificate or similar certificate from any state or province when purchasing any Montana hunting license.
- Duplicates – Montana certificates of completion for the Montana hunter education and/or bowhunter education courses may be obtained from FWP’s website. Wolf Trapper
- Certification – A person must attend a wolf trapping certification class before setting any trap for a wolf. Completion of either the Idaho or Montana wolf trapping certification class will be recognized as meeting this requirement.

What’s New & Reminders

What’s New Hunting

- Wolf hunting general season is Sept. 15—March 15, 2014.
- Hunters can purchase up to 5 wolf licenses.
- Once the season begins, a wolf hunting license becomes valid 24 hours after purchase.
- Electronic call can be used for wolf hunting.
- The bag limit is 5 wolves per hunter/trapper in any combination of hunting or trapping.

Reminders

- Avoid harvesting wolves with radio collars. Collared wolves provide researchers with important information.
- A wolf harvest must be reported within 24 hours.
- Any WMU can close upon a 24-hour notice.
