

**DECISION NOTICE for the Draft Environmental Assessment:
Elk Island WMA Agricultural Lease
Region 7 Headquarters
PO Box 1630, Miles City, MT 59301
(406) 234-0900**

DESCRIPTION OF PROPOSED ACTION:

Elk Island WMA was purchased by Montana Fish, Wildlife & Parks (MFWP) to maintain a woodland/cropland complex to benefit a diversity of wildlife while maximizing hunting opportunities, primarily for white-tailed deer and pheasants. The proposed action is to continue a share-crop agreement on 152 ac of the WMA with a long-time, competent lessee. The lessee will cultivate and retain a portion of the hay/grain crop harvest, leaving the remaining crop standing for wildlife use during winter months.

The benefit and purpose of the lease is to provide winter habitat and forage, primarily for wintering pheasants, deer, and turkeys. Standing crops also benefit migrating waterfowl and a variety of other wildlife species. The area is open to public hunting during all commission-approved seasons, and provides opportunity for deer, upland game bird, and waterfowl hunting.

The WMA has been under an agricultural lease with the same lessee since 2001. The lessee has shown initiative to utilize farming practices that increase the productivity of the land. These include fertilizing and conditioning the soil, treating of noxious weeds, and maintaining fields in good condition. The lessee has fulfilled all conditions of previous leases entered into with MFWP.

ALTERNATIVE TO PROPOSED ACTION:

Alternative A: No Action

Agricultural lease will not be renewed and agricultural lands will not be cultivated. This alternative would require MFWP to commit resources to manage weeds on the previously cultivated 152 acres of farm fields. Wildlife would be negatively impacted by lack of wintering habitat and forage resources.

Alternative B: Preferred Alternative

Agricultural lease will be renewed for 152 ac of cropland. Wildlife will benefit because high-quality wintering habitat and forage will be available. The lessee, MFWP and sportsmen will mutually benefit through the sharecrop agreement.

PUBLIC REVIEW PROCESS:

FWP is required by the Montana Environmental Policy Act (MEPA) to assess potential impacts of its proposed actions to the human and physical environments, evaluate those impacts through an interdisciplinary approach, including public input, and make a decision based on this information. FWP released a draft environmental assessment (EA) for public review of this proposal (Elk Island Wildlife Management Area Agricultural Lease) on January 27, 2014 and accepted public comment until 5:00 P. M. on February 16, 2014.

Legal notice of the proposal and availability of the Draft EA was published in the *Glendive Ranger Review* and the *Sidney Herald*. Copies of the environmental assessment were distributed to neighboring landowners and interested individuals, groups, and agencies to ensure their knowledge of the proposed project. The EA was available for public review on FWP's web site (<http://fwp.mt.gov/>, "Recent Public Notices" and "Submit Public Comments"). An FWP statewide news release was issued and posted on FWP's website (<http://fwp.mt.gov/>, "News Releases").

SUMMARY OF PUBLIC COMMENT

FWP received 1 total comment in support of the lease:

*Subject: Public Comment: Elk Island WMA Agriculture Lease Environmental Assessment
Monday, February 10, 2014 10:28 AM*

Name: Tim Sowa

City: East Helena

I have hunted Elk Island over the years. I know that this would be a good for the Deer and Pheasants

RESPONSE TO PUBLIC COMMENT

The commenter did not cite any issues that require response from FWP.

DECISION NOTICE

Utilizing the EA and public comment, a decision must be rendered by FWP which addresses the concerns and issues identified for this proposed action.

FWP's analysis supports the agricultural lease of Elk Island WMA as proposed. I find there to be no significant impacts on the human and physical environments associated with this project. Therefore, I conclude that the Environmental Assessment is the appropriate level of analysis, and that an Environmental Impact Statement is not required.

After review of this proposal, it is my decision to accept the draft EA as supplemented by this Decision Notice as final, and to recommend the continuation of the agricultural lease for Elk Island WMA.

The Final EA may be viewed on FWP's Internet website: <http://www.fwp.mt.gov> or be obtained upon request from Montana Fish, Wildlife and Parks, Region 7 Headquarters, P.O. Box 1630, Miles City, Mt. 59301 (406) 234-0900.
