Estimated elk numbers are not comprehensively validated with site specific research or enhanced monitoring efforts. Estimates are not framed with confidence intervals and are

<sup>1</sup>Status is based on a subobjective of 2600 elk on public lands.

<sup>2</sup>In 2012 the total from HD 530 was added into the Region 4 total. Since 2013 the number observed in HD 530 was added to the Region 5 total. Objectives though are added to the

<sup>3</sup>Estimate based on surveys conducted over a 15 month period in HDs 704 and 705 in 2012 and 2013.

<sup>4</sup>In 2013 the objective of 175 elk in HD 361 was removed from this table after a review of the elk plan with Julie Cunningham, biologist in Bozeman.

Number Areas Over Objective: Over objective range expressed in Elk Plan.	71
Number Areas At Objective: Within objective range expressed in Elk Plan.	44
Number Areas Below Objective: Below objective range expressed in Elk Plan.	22
NA: No stated objective, no wintering elk or no survey flown.	32
