This class is for the beginner or intermediate ice angler who wants to learn or improve her fishing skills. At the class Friday evening we'll learn about ice fishing gear, dressing to stay warm, how to be safe on the ice, and more. Saturday morning we'll be on the ice where you can try out ice augers, fishing shelters, and catch fish. ☺

What should I bring?

- If you have any ice fishing gear such as rods, lures, jigs, etc., please bring them to class Friday night. If you don't have any gear, it will be provided. Please don't buy any gear for this workshop. You'll learn about different equipment and what to look for when making a purchase.
- On Saturday, wear sturdy insulated snow boots and warm winter clothes. It's best to dress in layers of synthetic or wool, (avoid cotton). We'll discuss what to wear and bring at the Friday class as well.
- You **DO NOT** need a fishing license as participants have an exemption during class time.
