CAC Goals: Many citizens are interested in Montana's fish, wildlife and parks resources. An advisory committee of key citizens can help Montana Fish, Wildlife & Parks achieve its goals by serving two main functions: providing information, ideas, and initiatives in a setting that welcomes diverse interests, and providing a vehicle for FWP to inform key citizens with the expectation that they will inform the public.

CAC Meeting Ground Rules:

- Discussion is limited to CAC members, FWP staff & commissioners; CAC alumni are always welcome to attend
- Be respectful to others
- Listen with an open mind
- Stay on point and on time
- Attack the problem, not the person
- Identify action items and follow up at future meetings
