

FWP Southwest Lion Ecoregional Population Objective Panel Application

The purpose of the panel is to advise the Montana Fish and Wildlife Commission on management of the Southwest lion ecoregional population for population sustainability at a target level that maximizes public satisfaction related to lion hunter opportunity, lion conflict, and ungulate population trends. The panel will recommend lion population trend, size, and sex-age composition at the end of the next 5-years. Panel members are expected to collaborate on a commission recommendation specific to the petition.

Thank you for your interest in serving on the FWP Southwest Lion Ecoregional Population Objective Panel.
