POSITION DESCRIPTION:

Giant Springs State Park provides a dynamic, active, and progressive setting for the development and success of an intern. Giant Springs is the State's most visited park, with approximately 300,000 - 400,000 visitors annually. The park encompasses over 4,600 acres of diverse environments and landscapes. This provides ample opportunity for an intern to work with the public, conduct programs, and develop valuable work habits. These elements in conjunction with the project the intern will complete, provide for a well-rounded experience that will greatly benefit an individual pursuing a career in Park and Recreation Management and/or Natural Resources.

Major duties:

- Intern project – Interpretive tabling. Intern will be responsible for developing and delivering interpretive/educational programming at various locations throughout the park at least twice per week. Intern will set up a table with props and communicate with park visitors that pass through the site. Programming can encompass (but is not limited to) geology, hydrology, wildlife, history, or hydropower. Intern could also be asked to attend community events to promote the park and upcoming events or opportunities.

- Assist visitors in the Ranger Station by collecting fees, answering questions, and providing information about the park.
- Assist with developing and delivering interpretive/educational programming for tour groups and at scheduled park events.
- Assist with maintenance in the State Park including noxious weed control, trash collection, trail work, infrastructure repair, and project work.
- Assist with special events such as concerts, performances, car show, or movie night.
- Assist with evaluating park visitation by tracking vehicles/people entering the park and managing data collected.
