

## FWP Regional Citizen Advisory Committee Application

*The purpose of the CAC is to: advise Montana Fish, Wildlife & Parks on various regional and statewide issues, programs and policies; help identify areas in which the department can be more effective; help identify emerging trends and resolve conflicts; and offer insight and guidance from members' own experiences and constituencies. The CAC will act as ambassadors to various interest groups and establish a conduit for two-way communication between the public and FWP.*

*CAC members are expected to bring input from their constituents and take information back to disseminate; this two-way communication is key to a CAC member's participation.*
