Thanks for your efforts regarding the many complex directives you have to follow.  
Duane Westerbuhr. 406-431-0805

Added  
to  
agenda  
Elk: dispersal using re-located grizzly bears. Harbored elk dispersed using nature. Relocating grizzlies.

9. Elk hunting season suggestion, if any: Any limited draw licenses need to have land owner list of land for accessible elk hunts. If pay per point for elk list & before applying. Harbored elk are commercialization of a publicly owned resource.

10. Gray wolf hunting season suggestion, if any: -

11. Moose hunting season suggestion, if any: Take a close look at aerial surveys to solidify moose count without calves. Monitor cow moose numbers closely.

12. Mountain goat hunting season suggestion, if any:

13. Mountain lion hunting season suggestion, if any:

14. Migratory bird hunting season suggestion, if any: conservation  
including Freeze Out Wildlife Management Area. The tundra habitat is being destroyed. Be pro active. Please

15. Upland game bird hunting season suggestion, if any: - Include a section on dog safety & treatment for rattlesnake bites?
