More bison tags should be offered for hunting rather than less. Why do native Americans get so many more opportunities than the general public. That's discrimination.

I think the quotas should be reduced lower than those stated and quotas for native Americans should be increased as well as the size of the areas available to them. Also there should be no indiscriminate shooting of animals that wander outside the stated areas in view of the lack of scientific evidence connecting Bison to brucellosis.

Q2

Please comment on the Bison Season and Regulations

I support establishing quota ranges in both districts for bison. I question the 395 changes unless coordination with tribal leaders is in place. The management objectives seem moot if there's not some collaboration between FWP and tribes.

Please comment on the Bison Season and Regulations

I am in favor of increasing the quota for Bison in that unit and allowing the possibility for more hunter opportunity.

Please comment on the Bison Season and Regulations

there has to be a way to offer more bison tags than the paltry number we get every year...

Please comment on the Bison Season and Regulations

I am writing in regard to the lack of a bonus point system for bison. This is really one of my dream hunts to go and it seems like I never have any greater of an opportunity being a resident MT hunter since they do not offer any bonus points. Considering the difficulty to draw this tag, the once in a lifetime opportunity, and limited small quotas that it presents I do not see why we don't have the opportunity for a bonus point system on bison. Any reasons why?
