Q2

Please comment on Sacajawea Lagoon Bass Removal Project

I support the proposal to remove illegally planted largemouth and smallmouth bass from Sacajawea Lagoon. Sacajawea Lagoon is a great asset and fishing spot for Livingston. The presence of illegal bass could diminish fishing opportunity in the lagoon and serve as a source population for the nearby Yellowstone River to the detriment of trout populations. Fortunately, the ability to divert Fleshman Creek to dewater the lagoon provides a great method to remove the unwanted fish. The project appears to be well planned, I support the proposed action.
