

Public Use Fee Schedule

Proposed Changes to Fee Amounts and Structure

Entrance Fees for State Parks

Proposed Changes to Fee Amounts

TYPE	RESIDENT VEHICLE		NONRESIDENT VEHICLE		JUSTIFICATION
	CURRENT	PROPOSED	CURRENT	PROPOSED	
Daily Vehicle Entrance	\$0	\$0	\$8	\$10	CPI adjustment. Surrounding states range from \$7 to \$15 with avg. of \$12 per vehicle for nonresident.
Daily Individual Entrance (per individual on foot or bike)	\$0	\$0	\$4	\$5	Half of the vehicle entrance fee.
7-Day Vehicle Entrance	\$0	\$0	\$35	\$50	CPI adjustment.
Annual Vehicle Pass	\$0	\$0	\$50	\$70	CPI adjustment.

Notes: Residents pay for entrance through annual vehicle registration. For residents who opt out of paying the fee through vehicle registration, nonresident entrance fees apply. Nonresident vehicle entrance fees to state parks were last updated in 2020. There are no changes proposed to the fee structure for entrance fees to state parks.

Camping Fees for State Parks

Proposed Changes to Fee Amounts

TYPE	RESIDENT		RESIDENT (62 YEARS OR OLDER, DISABLED, OR A VETERAN)		NONRESIDENT		JUSTIFICATION
	CURRENT	PROPOSED	CURRENT	PROPOSED	CURRENT	PROPOSED	
Electrical Hookup Campsite	\$24 (\$18+\$6 elec. fee)	\$30 (\$20+\$10 elec. fee)	\$15 (\$9+\$6 elec. fee)	\$20 (\$10+\$10 elec. fee)	\$34 (\$28+\$6 elec. fee)	\$50 (\$40+\$10 elec. fee)	Standard campsite plus electric fees. Surrounding states range from \$20-32 for resident and \$28-84 for nonresidents.
Standard Campsite	\$18	\$20	\$9	\$10	\$28	\$40	CPI adjustment. Rounded down to the nearest ten for residents and up to the nearest ten for nonresidents based on public comment. Surrounding states range from \$10-24 for resident and \$15-68 for nonresidents.
Rustic Campsite	\$12	\$16	\$6	\$8	\$20	\$30	CPI adjustment (last updated in 2020) rounded up to nearest dollar for resident. Doubled and rounded to the nearest ten for nonresident.
Hike/Bike Campsite (per person)	\$8	\$10	\$4	\$5	\$8	\$10	CPI adjustment.
Cabin, Yurt, or Wall Tent	\$54	\$70	\$54	\$70	\$66	\$90	CPI adjustment.
Large Yurt	\$60	\$80	\$60	\$80	\$72	\$100	CPI adjustment.
Tipi	\$30	\$40	\$30	\$40	\$42	\$60	CPI adjustment.

Note: Camping fees for state parks were last updated in 2014 unless otherwise noted.

Camping Fees for State Parks

Proposed Changes to Fee Structure

- Changed from a peak/off-season rate structure to a single rate structure for the following reasons:
 - Simplify the fee structure
 - Minimal cost difference between peak season and off-season fees (e.g., \$4 for a resident standard campsite)
 - Minimal change in amenities between peak season and off-season (no water and fewer staff during off-season)
- No longer discounting camping for nonresidents with an annual vehicle entrance pass. The pass would continue to provide significant savings for nonresidents visiting Montana states parks for more than 7 days. This is consistent with the national park pass, which does not discount camping.

Amenity Fees for State Parks

Proposed Changes to Fee Amounts

TYPE	FEE		JUSTIFICATION
	CURRENT	PROPOSED	
Electric Fee Per Night or Use	\$6	\$10	Based on average of electrical fees charged by surrounding states rounded to the nearest ten.
Boat Slip Per Day	\$6	\$10	Based on an analysis of surrounding states that have daily boat slip fees.
Shower	\$3	\$3	No change because we have a token system.
Sewage Dump Station Per Dump	\$5	\$10	Surrounding states charge \$5-10. An analysis of sewage dump stations in Montana showed a range from \$2-\$30 with a median of \$10 and average of \$12.
Corral Fee Per Animal	\$10	\$10	No change because this fee is for minimal corral use at Bannack State Park.
Pet Fee Per Stay (maximum of two animals)	\$0	\$20	This would add a fee for pets staying in cabins, yurts, wall tents, and tipis for additional cleaning.

Notes: Amenity fees for state parks were last updated in 2014. There are no changes proposed to the fee structure for amenity fees at state parks.

Cave Tour Fees for Lewis and Clark Caverns State Park

Proposed Changes to Fee Amounts

TYPE	CHILD 4 & UNDER		YOUTH 5 – 14 YEARS		ADULT 15+		JUSTIFICATION
	CURRENT	PROPOSED	CURRENT	PROPOSED	CURRENT	PROPOSED	
Classic Cave Tour	NA	NA	\$10	\$20	\$15	\$25	Increased by \$5 from Paradise Tour because it is a longer tour in length and time.
Paradise Tour	Free	\$5	\$10	\$15	\$15	\$20	Based on CPI and other state parks with cave tours.
Candlelight Tour	NA	NA	\$15	\$20	\$25	\$30	Based on CPI and other state parks with cave tours.
Educational Group	\$4	\$5	\$8	\$10	\$12	\$15	Based on CPI and other state parks with cave tours.

Note: Cave tour fees for Lewis and Clark Caverns State Park were last updated in 2020.

Cave Tour Fees

Proposed Changes to Fee Structure

- Removed senior discount from the Paradise Tour to simplify.
- Removed the wild cave tour option because the park is not providing these tours.
- Changed the Paradise Tour fee for a child from free to \$5, which is consistent with the fee for a child participating in an Educational Group.

Camping Fees for Fishing Access Sites (FAS), Wildlife Management Areas (WMA), and Wildlife Habitat Protection Areas (WHPA)

Proposed Changes to Fee Amounts

TYPE	RESIDENT		RESIDENT (62 YEARS OR OLDER, DISABLED, OR A VETERAN)		NONRESIDENT		JUSTIFICATION
	CURRENT	PROPOSED	CURRENT	PROPOSED	CURRENT	PROPOSED	
Standard Campsite	\$12 w/ MT fishing license \$18 w/o MT fishing license	\$20	\$5 w/ MT fishing license \$7.50 w/o MT fishing license	\$10	\$12 w/ MT fishing license \$18 w/o MT fishing license	\$40	Matches the standard campsite fees for state parks.

Note: Camping fees for FASes, WMAs, and WHPAs were last updated in 2021.

Camping Fees for Fishing Access Sites (FAS), Wildlife Management Areas (WMA), and Wildlife Habitat Protection Areas (WHPA)

Proposed Changes to Fee Structure

- The current structure for FASes has fees for campers with a Montana fishing license (\$12) and campers without a Montana fishing license (\$18). The proposal is to restructure fees based on whether the camper is a resident or nonresident to align with the state park fee structure.
- Clarified camping fees for WMAs and WHPAs are for sites where standard campsites are available. Fees are not required where designated dispersed camping is allowed.

Special Use Permit Fees for All FWP Sites

Proposed Changes to Fee Amounts

TYPE	NUMBER OF PEOPLE	HALF DAY (1 – 4 HRS.)		FULL DAY (MORE THAN 4 HRS.)		JUSTIFICATION
		CURRENT	PROPOSED	CURRENT	PROPOSED	
Group Use or Facility Rental Fee	15 or Less	\$60	\$75	\$100	\$150	\$50 reduction from next category for full day. Half day is half of full day.
	16 - 30	\$60	\$100	\$100	\$200	\$50 reduction from next category for full day. Half day is half of full day.
	31 - 50	\$90	\$125	\$150	\$250	\$50 reduction from next category for full day. Half day is half of full day.
	51 - 75	\$120	\$150	\$200	\$300	\$50 reduction from next category for full day. Half day is half of full day.
	76 - 100	\$150	\$175	\$250	\$350	\$50 reduction from next category for full day. Half day is half of full day.
	More than 100	\$300	\$400	\$300	\$400	Last updated in 2020. CPI adjustment rounded up to the nearest hundred.
Facility Rental at Select Parks	NA	Same as above	\$125	Same as above	\$250	Aligns with amounts for 31 – 50 people under general group use and facility rental fees.
Special Recreation Permit for Organized Group Activity on the Blackfoot and Madison Rivers	NA	NA	NA	\$3 per person per day	\$4 per person per day	Last updated in 2021. CPI adjustment.

Special Use Permit Fees for All FWP Sites

Proposed Changes to Fee Structure

- Changed facility rental structure for Spring Meadow and Frenchtown Pond state parks to have half day and full day rental options. These parks rely on the online reservation system, which can only accommodate number of people breakdowns for full days at this time. Given these parks are near urban areas, the ability to provide half day and full day rental options increases customer service.
- Added Special Recreation Permit fee for organized group activity on the Blackfoot and Madison Rivers that was previously in the FAS Annual Rule.

Other Fees for All FWP Sites

Proposed Changes to Fee Amounts

TYPE	FEE		JUSTIFICATION
	CURRENT	PROPOSED	
Firewood Cutting Permit Per Cord	\$40	\$40	No change because this fee is for minimal firewood cutting in Region 1.
FWP Hike, Tour, or Interpretive Program Per Person	\$4	\$5	CPI adjustment. Fee was last updated in 2014.

Note: No changes to the fee structure for these fees.

Reservation Fees for All Sites

No Proposed Changes to Fee Amounts

TYPE	RESERVATION		MODIFICATION		EARLY CANCELLATION		JUSTIFICATION
	CURRENT	PROPOSED	CURRENT	PROPOSED	CURRENT	PROPOSED	
Campsite (fee is calculated per site)	\$10	\$10	\$10	\$10	\$10	\$10	No changes because these fees are covering administrative costs. See additional justification on next slide.
Group Campsite or Facility	\$25	\$25	\$10	\$10	\$50	\$50	No changes because these fees are covering administrative costs.
Tickets, Event Registration, and Daily Entry	\$1	\$1	\$1	\$1	\$1	\$1	No changes because these fees are covering administrative costs.

Note: These fees were last updated in 2011. No changes to the fee structure for these fees.

Reservation Fees for All Sites

Additional Justification

- The goal for reservation fees is to cover the costs of online reservation transactions, which includes the following:
 - Business system fees (we contract a vendor)
 - \$6 for reservations or cancellations (per site)
 - \$3 for modifications (per site)
 - Credit card fee: 2.5% of each transaction
 - Staffing time to administer each transaction: \$0.50 per transaction (est.)
- Starting in January 2026, FWP negotiated a lower price per transaction that is paid to the vendor. The result is FWP is covering the cost of online transactions with current reservation fees.

Commercial Use Fee Schedule

Proposed Changes to Fee Amounts and Structure

Note: Commercial use as defined by ARM 12.14.101(4) applies to any person or entity that utilizes land under the control, administration, and jurisdiction of the Montana Department of Fish, Wildlife and Parks for consideration. The department may require payment of fees for conducting commercial use on department land, and fees may be adjusted by the department in accordance with ARM 12.14.160 based on site impacts, staffing needs, or other activity-specific factors. Commercial Use Permits require review and approval; payment of the fee does not guarantee permit issuance.

Note: CPI adjustments were calculated from 2008 through 2026, as fees were last adjusted in 2007. FAS permit fees were last adjusted in 2009; therefore, CPI adjustments for those fees were calculated from 2010 through 2026. Over this period, CPI increased cumulatively by approximately 50%.

Guided Recreation Services

Previously titled “Service Provider”, it included “Outfitter”, “Guide”, “Water-based Service Provider”, and “Guided Tour or Trip (non-water-based)”

Description for New Use Type	Justification
Outfitted or guided angling services, or other water-based service providers that accompany clients onto waterbodies accessed via an FWP site; land-based guided tours, trips, or recreational rides that accompany clients in an FWP site.	Clarifies the types of commercial services covered by this category, whether the operator accompanies clients as part of the service, and whether the activity occurs on land or on a waterbody accessed through the site. Applies to both water-based or land-based guided services.

Guided Recreation Services: Water-based

(Only applies to Fishing Access Sites (FAS))

Description for New Use Type	Justification
Outfitted or guided angling services, or water-based service providers that accompany clients onto water bodies accessed via an FAS.	As provided in ARM 12.14.125, outfitters, water-based service providers, guides, assistants, and other authorized personnel who accompany clients while conducting commercial use at FASes must possess a valid FAS permit. FAS permits authorize commercial use at fishing access sites. The FAS permit applies specifically to water-based commercial activities distinct from land-based services at FASes.

Guided Recreation Services: Land-based

(Only applies to Fishing Access Sites (FAS))

Description for New Use Type	Justification
Land-based guided tours, trips, or recreational rides that accompany clients in an FAS.	Currently, this is listed as a guided tour or trip (non-water based). The proposed change to “Guided Recreation Services: Land-based” better distinguishes from “Guided Recreation Services: Water-based”.

Commercial Events

Previously “Special Events”

Description for New Type of Use	Justification
Commercial special events, competitions, races, training, research activities, or other organized activities for which participants pay a fee to participate. <i>*Event fees do not include ancillary commercial activities associated with the event; separate permits and fees apply.</i>	Clarifies the activities covered by this fee category, provides examples of eligible uses, specifies the fee applies only when participants pay for the activity or service, and notes that other commercial activities (e.g., vending) require separate authorization and fees. Provides clarity to avoid confusing the type of use with Special Use Permits required for non-commercial groups.

Vending Services

Previously “concessions”, “vending”

Description for New Type of Use	Justification
Sale or provision of food, beverages, merchandise, souvenirs, firewood, clothing, entertainment, or related services.	Provides a clear description of the activities covered by this category and includes examples to help applicants and staff consistently determine when the fee applies. Creates consistency between vending service fees for state parks and other FWP sites. Removed “concessions” from this schedule because concession agreements and fees are administered through a separate contract process and are not subject to the commercial use fee structure (ARM 12.14.155).

Note: “Vending” and “Equipment & Facility Services” are not recognized as authorized categories of commercial use on Wildlife Management Areas (WMAs). These activities are inconsistent with the intended purpose and management objectives of WMAs and are not among the commercial uses authorized under the 2008 WMA Commercial Use Plan. Therefore, these categories are not included in the commercial use types at WMAs.

Equipment & Facility Services

Previously “watercraft delivery/livery, rental or demonstration”

Description for New Type of Use	Justification
Delivery, demonstration or on-site rental for facilities, equipment, or recreational gear.	Provides a clear description of the activities covered by this category and includes examples to help applicants and staff consistently determine when the fee applies. Clarifies that rentals are provided “on-site”.

Note: “Vending” and “Equipment & Facility Services” are not recognized as authorized categories of commercial use on Wildlife Management Areas (WMAs). These activities are inconsistent with the intended purpose and management objectives of WMAs and are not among the commercial uses authorized under the 2008 WMA Commercial Use Plan. Therefore, these categories are not included in the commercial use types at WMAs.

Photography & Filming

Previously “Still Photography and Filming”

Description for New Type of Use	Justification
Photography or filming activities involving 1 - 5 persons	Simplifies the fee structure from five tiers to four and bases fees on total group size rather than “crew size.” Retains the annual flat-rate permit option for smaller operators while continuing to apply additional daily fees to increasingly larger operations and groups. Adds a new 51+ tier to accommodate the largest productions and their associated fees. Removes the definitions of “crew,” “client,” and “model” and replaces them with “person,” eliminating the need to distinguish between staff and clients, as all participants are part of the same service.
Photography or filming activities involving 6 - 20 persons	
Photography or filming activities involving 21 - 50 persons	
Photography or filming activities involving 51+ persons	

Non-service or Consumptive Use

Description for Type of Use	Justification
Commercial promotional activity, dock use, material staging, maintenance, repair, or construction support.	Provides a clear description of the activities covered by this category, along with examples to help applicants and staff consistently determine when the fee applies. The fee is tiered based on the anticipated level of impact on the public.

Late Fee

Description for Type of Use	Justification
Additional fee applied when fees for permitted commercial use are not submitted to the department by the specified due date.	The late fee is intended to encourage timely payment of commercial use fees and to offset the additional administrative time and resources required to track, notify, and process overdue payments.

Note: Proposing to remove the "**Rush Permit Fee**" that was previously in the Commercial Use Fees for State Parks to clarify that applications submitted fewer than 45 days before the proposed activity are not eligible for expedited processing and may be denied due to insufficient review time. This change reinforces the 45-day application requirement.

Commercial Use Fees for State Parks

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Guided Recreation Services	\$5 per client day	\$8 per client per day	CPI adjustment.
Commercial Events	A) \$3/ event participant; or B) \$300 per event	\$8 per participant per day	CPI adjustment, matches other fees applied per person.
Vending Services	A) Half Day (up to 4 hours) \$50 B) Full Day (more than 4 hours) \$100	\$150 per day	CPI adjustment at full day use rate. Half day option no longer offered.
Equipment & Facility Services	\$150 per year	\$250 per year	CPI adjustment.

Commercial Use Fees for State Parks

(continued)

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Photography / Filming	1 person: \$25/day or \$50/year	1 - 5 persons: \$50 per day or \$300 per year	CPI adjustments, simplify existing tiers, and better align fees with group size and associated impacts. Establishes a \$50 daily/\$300 annual fee for groups of 1–5 persons, transitions larger groups to an \$8 per-person daily rate with minimum fees and adds tiers for groups of 21–50 and 51+ persons to accommodate medium/larger productions. The minimum fees increase proportionally (5x) to reflect the greater impacts of larger group tiers.
	2 - 3 person crew: \$25/day or \$50/year	6 - 20 persons: \$8 per person, per day + minimum \$200 per day additional fee	
	4 - 7 person crew: \$50/day	21 – 50 persons: \$8 per person, per day + minimum of \$1,000 per day additional fee	
	8 - 20 person crew: \$200/day		
	21 or more person crew: \$500 for first day, \$1,000 per additional day	51+ persons: \$8 per person, per day + minimum of \$5,000 per day additional fee	
Non-service or Consumptive Use	\$50 - \$1000 per day	\$75 per day (Minimal impact on public)	CPI adjustment. The fee structure is being restructured from a range-based fee to tiered fees based on the level of impact on the public associated with the use.
		\$800 per day (Moderate impact on public)	
		\$1,500 per day (Significant impact on public)	

Commercial Use Fees for Fishing Access Sites (FAS)

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Guided Recreation Services: Water-based	Daily FAS Permit: \$15/day Annual FAS Permit: \$100/year	Daily FAS Permit: \$25 per day Annual FAS Permit: \$150 per year	CPI adjustment.
Guided Recreation Services: Land-based	\$5 per client day	\$8 per client per day	CPI adjustment and matches other fees applied per person.
Commercial Events	\$3 per event participant	\$8 per participant per day	CPI adjustment and matches other fees applied per person.
Vending Services	Department discretionary authority.	\$150 per day	Previously a discretionary fee. Aligns with the CPI adjustment for the state parks vending service fee. Although vending is generally not authorized at FASes, the fee would apply in limited circumstances when vending is approved.

Commercial Use Fees for Fishing Access Sites (FAS)

(continued)

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Equipment & Facility Services	\$100 per year	\$250 per year	Aligns with the state parks fee for the same service, including CPI adjustment.
Photography / Filming	1 person: \$25/day or \$50/year	1 - 5 persons: \$50 per day or \$300 per year	CPI adjustments, simplify existing tiers, and better align fees with group size and associated impacts. Establishes a \$50 daily/\$300 annual fee for groups of 1–5 persons, transitions larger groups to an \$8 per-person daily rate with minimum fees and adds tiers for groups of 21–50 and 51+ persons to accommodate medium/larger productions. The minimum fees increase proportionally (5x) to reflect the greater impacts of larger group tiers.
	2 - 3 person crew: \$25/day or \$50/year	6 - 20 persons: \$8 per person, per day + minimum \$200 per day additional fee	
	4 - 7 person crew: \$50/day	21 – 50 persons: \$8 per person, per day + minimum of \$1,000 per day additional fee	
	8 - 20 person crew: \$200/day	51+ persons: \$8 per person, per day + minimum of \$5,000 per day additional fee	
	21 or more person crew: \$500 for first day, \$1,000 per additional day		
Non-service or Consumptive Use	\$50 - \$1000 per day	\$75 per day (Minimal impact on public)	CPI adjustment. The fee structure is being restructured from a range-based fee to tiered fees based on the level of impact on the public associated with the use.
		\$800 per day (Moderate impact on public)	
		\$1,500 per day (Significant impact on public)	

Commercial Use Fees for Wildlife Management Areas (WMA)

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Guided Recreation Services	\$5 per client day	\$8 per client per day	CPI adjustment.
Commercial Events	\$3 per event participant	\$8 per participant per day	CPI adjustment, matches other fees applied for per person.
Photography / Filming	1 person: \$25/day or \$50/year	1 - 5 persons: \$50 per day or \$300 per year	CPI adjustments, simplify existing tiers, and better align fees with group size and associated impacts. Establishes a \$50 daily/\$300 annual fee for groups of 1–5 persons, transitions larger groups to an \$8 per-person daily rate with minimum fees and adds tiers for groups of 21–50 and 51+ persons to accommodate medium/ larger productions. The minimum fees increase proportionally (5x) to reflect the greater impacts of larger group tiers. Larger groups are generally not authorized on WMAs; this tier establishes a fee for limited approved uses.
	2 - 3 person crew: \$25/day or \$50/year	6 - 20 persons: \$8 per person, per day + minimum \$200 per day additional fee	
	4 - 7 person crew: \$50/day	21 – 50 persons: \$8 per person, per day + minimum of \$1,000 per day additional fee	
	8 - 20 person crew: \$200/day	51+ persons: \$8 per person, per day + minimum of \$5,000 per day additional fee	
	21 or more person crew: \$500 for first day, \$1,000 per additional day		
Non-service or Consumptive Use	\$50 - \$1000 per day	\$75 per day (Minimal impact on public)	CPI adjustment. The fee structure is being restructured from a range-based fee to tiered fees based on the level of impact on the public associated with the use.
		\$800 per day (Moderate impact on public)	
		\$1,500 per day (Significant impact on public)	

Other/Additional Fees for All FWP Sites

Proposed Changes to Fee Amounts

Type	Current	Proposed	Justification
Late Fee	\$100	\$150	CPI adjustment.

Commercial Use Fees for Restricted Waterbodies/Rivers

No proposed Changes to Fee Amounts

Waterbody	Current	Proposed	Justification
Bitterroot (Upper) – West Fork	No fee	No fee	No proposed changes. Based on public comment, FWP will complete ARM rule reviews, coordinate with relevant federal agencies, and seek more public input prior to proposing fee changes.
Beaverhead	\$4 per allocated client day	\$4 per allocated client day	No proposed changes. Based on public comment, FWP will complete ARM rule reviews, coordinate with relevant federal agencies, and seek more public input prior to proposing fee changes.
Big Hole	\$4 per allocated client day	\$4 per allocated client day	No proposed changes. Based on public comment, FWP will complete ARM rule reviews, coordinate with relevant federal agencies, and seek more public input prior to proposing fee changes.
Blackfoot	3% Gross revenue \$130 minimum fee	3% Gross revenue \$130 minimum fee	No proposed changes, minimum fee was recently increased by \$15 in 2025.
Clark Fork - Alberton Gorge	3% Gross revenue No minimum fee	3% Gross revenue No minimum fee	No proposed changes.
Madison	3% Gross revenue \$130 minimum fee	3% Gross revenue \$130 minimum fee	No proposed changes, minimum fee was recently increased by \$15 in 2025.
Smith	\$200 Per float trip \$25 Per staff \$110 Per client	\$200 per float trip \$25 per staff \$110 per client	No proposed changes. These fees are established through the Smith River Biennial Rule and are included in this schedule for reference.

Other Proposed Structure Changes for Restricted Rivers

- Under the current commercial fee schedule, there are three fees established for licensed outfitters on restricted waterbodies: (A) 3% of unadjusted income, (B) \$5 per client day, or (C) \$4 per allocated day. However, the current commercial fee schedule does not specify which fee structure is in place for each of the six restricted waterbodies. The proposed structure simplifies and clarifies the fee schedule by identifying the applicable fee for each restricted river system, as presented on the previous slide.
- Moved fee for Special Recreation Permit for non-commercial organized groups on the Blackfoot and Madison Rivers to the Public Use Fee Schedule.
- Moved group size limitations for organized and commercial groups on the Blackfoot River to Special Recreation Permit application materials since these limitations are not related to fees. The rules for the Blackfoot River state the department shall base permit decisions on “conformance with maximum group size requirements identified in the department’s environmental assessment decision notice and the department’s parks division biennial fee rule”. FWP will list group size limitations in application materials and reference the environmental assessment decision notice. Additionally, FWP will propose an update to administrative rules to remove the reference to the parks division biennial fee rule.
- Moved the special regulations for the Alberton Gorge to a footnote below the Restricted Waterbodies/Rivers table. These special regulations belong in the administrative rules so FWP will propose this addition.
