

HD 400

- The stated population objective for this HD from the 2005 Elk Management Plan is to: “Accept the occasional transitory elk in passage across these hunting districts, but tolerate no permanent occupancy by elk”.
- No population monitoring for elk occurs in this HD.
- There is currently no population objective in HD 400. Is this acceptable? If not, what should it be?
- In HD 400, there is no bull objective. Is this appropriate in this HD? If you would like to have a bull objective, what should it be?
- Are you satisfied with the current elk distribution in this HD? If not, would you suggest any specific objectives to address the distribution?
- What else does the Elk Management Plan need to include for this HD?
