

FWP and BLM Montana/Dakotas Contact Information

- This guide provides staff contact information for Montana Fish, Wildlife & Parks (FWP) and the Bureau of Land Management (BLM) Montana/Dakotas Office. The purpose is to make it easier for staff to communicate about BLM oil and gas leases in Montana, and the impacts of development on fish, wildlife, and parks resources.
- The attached map shows FWP's 7 regions across Montana. Each region has a regional supervisor and staff that support programs for that geographic area. There are wildlife, fisheries, and specialist biologists assigned to areas within each region. For a map of FWP biologist areas within regions click here: [Contact Us Mapper](#).
- The attached map also shows the jurisdictional areas for the BLM Montana/Dakotas 9 field offices across the state.
- Contact information is provided for the following:
 - FWP Responsive Management Unit (RMU) – Located in Helena, RMU staff coordinated FWP input on oil and gas lease sales.
 - FWP Geographic Data Services (GDS) – Also located in Helena, GDS provides statewide GIS support.
 - FWP regional headquarters – Each region has a main office. Some area biologists are located at the regional office, while others are in satellite offices.
 - FWP regional wildlife, fisheries, and parks managers
 - FWP area biologists
 - BLM state office staff that coordinate agency input on BLM oil and gas leases
 - BLM field office staff
- This document is a joint effort between FWP and BLM. If you have any questions or updates, please contact Renee Lemon, FWP Land Use Planner, at (406)444-3738 (rlemon@mt.gov) or Andrew Gibbs, BLM Natural Resource Specialist, at (406)896-5099 (agibbs@blm.gov).
