

BLOCK MANAGEMENT

MONTANA FISH, WILDLIFE & PARKS

**THANK YOU FOR YOUR INTEREST
IN HUNTING THE BLOCK
MANAGEMENT PROGRAM.**

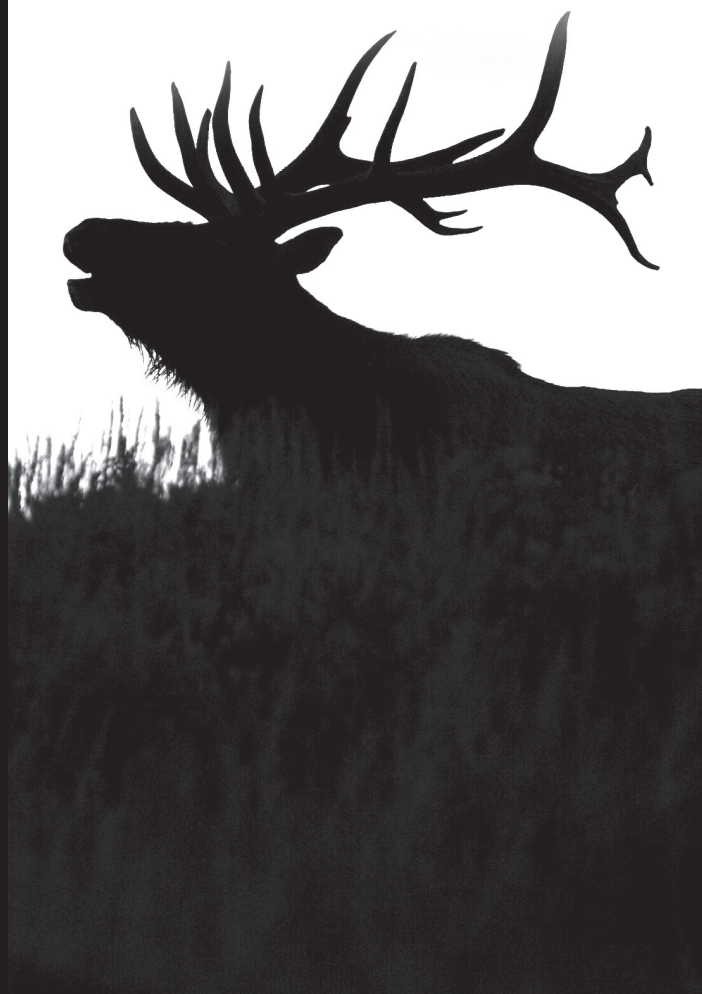

This guide is a general statewide overview of properties enrolled for the hunting season. Each property also has its own individual BMA property map that can be found here: fwp.mt.gov/bma

Block Management provides for managed hunting access on private and isolated public land enrolled through cooperative agreements between Montana Fish, Wildlife & Parks (Montana FWP), private landowners, and public land management agencies. This program is available because of willing private landowners.

**Be sure to tell them thank you
for the opportunity!**

NEW BLOCK MANAGEMENT ENFORCEMENT NETWORK: KNOW THE RULES BEFORE YOU HUNT

SENATE BILL 441:

Establishing the Montana block management enforcement network

As a result of Senate Bill 441 (2025 session), landowners now have the option to opt-in to the block management enforcement network. Hunters accessing lands enrolled in the enforcement network shall adhere to all rules governing access to the block management property. Any hunter conviction based on a violation of those rules will result in the following: (a) for a first conviction, the individual must be prohibited from accessing all lands participating in the Montana block management enforcement network for the remainder of the current license year; (b) for a second conviction, the individual must be prohibited from accessing all lands participating in the Montana block management enforcement network for up to three consecutive license years; and (c) for a third conviction, the individual must be prohibited from accessing all lands participating in the Montana block management enforcement network for life.

A list of landowners participating in the network can be found in this guide as well as on our website: fwp.mt.gov/bma

PROTECT THE HUNT

RESPECT ACCESS

Say Thanks!

Hunters can go online, identify a landowner by name and/or block management area and FWP region, provide a note of thanks and even upload a photo. FWP will collect these thank you notes and send them to landowners.

**ACCESS IMPROVES WHEN
LANDOWNERS ARE RESPECTED
AND HUNTERS SAY THANKS.**

CWD MANAGEMENT

FOR THE LATEST INFORMATION ON CWD,
VISIT fwp.mt.gov/cwd

WHAT IS CHRONIC WASTING DISEASE?

CWD is a progressive, fatal neurological disease that affects deer, elk and moose. There is no known case of CWD affecting people, pets, livestock, or wildlife other than the deer family. However, the World Health Organization and the Centers for Disease Control and Prevention (CDC) recommend not consuming meat from an animal known to be infected with CWD. The CDC also recommends that hunters have deer, elk, and moose tested if they were harvested in an area where CWD is known to be present, which includes hunting districts with, and adjacent to, those with CWD detections. **Visit fwp.mt.gov/cwd for more information.**

WHERE IS CWD?

CWD has been detected across much of Montana. Maps of where CWD is found in Montana are updated regularly and can be found here: fwp.mt.gov/conservation/chronic-wasting-disease/in-montana.

WHY IS CWD MANAGEMENT IMPORTANT?

Montana FWP has the great responsibility for managing wildlife. That includes managing wildlife diseases. Our efforts at managing CWD:

- Help prevent long-term population declines in infected herds. Some states have seen more than a 40% decline in mule deer.
- Decrease prevalence and likelihood of spread.
- Help mitigate the disease's broader impacts to Montana's hunting and outdoor legacy.

DISPOSE, DON'T EXPOSE

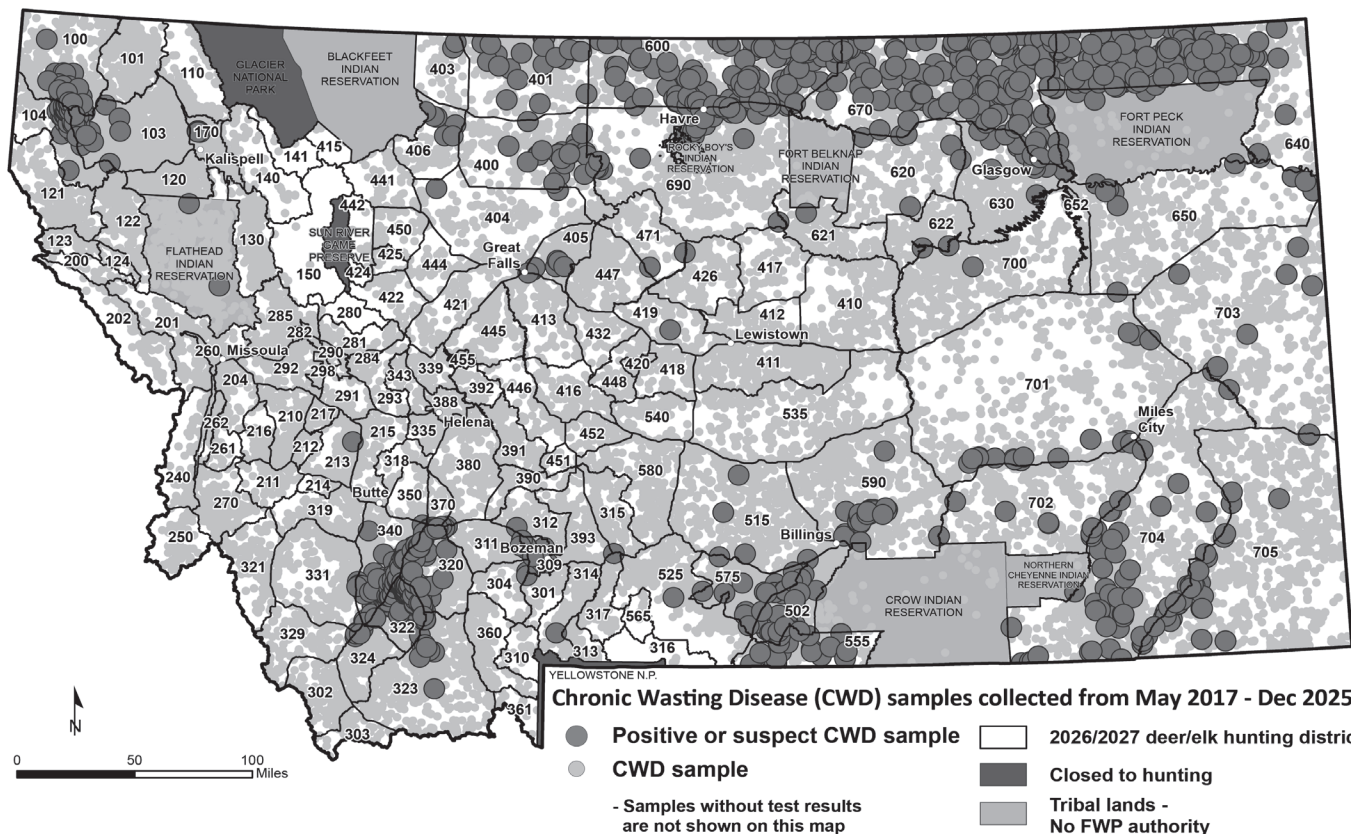

Don't dump carcasses

There are three very important reasons not to dump a game carcass:

1. IT CAN SPREAD CHRONIC WASTING DISEASE. Once an animal with CWD dies, ANY PART of the carcass can transmit the disease for at least two years.
2. IT'S ILLEGAL. Montana State Law prohibits dumping dead animals or refuse on public property, including all state-owned and managed lands, which includes FWP-managed fishing access sites and wildlife management areas. If you are caught, you risk a fine and losing hunting and fishing privileges for a year.
3. IT'S UNSIGHTLY. A dumped carcass reflects poorly on the hunting community.

Follow carcass disposal guidelines

To prevent the spread of CWD, all parts of the head or skull containing brain material and/or the spinal columns of deer, elk, and moose harvested in Montana must be left in the field at the kill site or, if transported for further processing including taxidermy or meat processing, must be disposed of in a class II landfill once that processing is complete.

PROTECT THE HUNT RESPECT ACCESS

MONTANA'S OUTDOOR LEGACY FOUNDATION helps FWP collect donations on behalf of the Block Management Program. The donations are used to secure public hunting access and to support program operations, landowner relations, and the mitigation of hunter-landowner conflicts. FWP also uses these donations to address issues where there are current funding limitations. Previously, these donations enabled FWP to replace water tanks and signage and to repair property damage that was the result of the landowner's participation in the Block Management Program. When you donate to Montana's Outdoor Legacy Foundation, you are helping to protect hunting access now and into the future.

OUTDOOR**
LEGACY FOUNDATION

SCAN TO DONATE

FIRE NOTICE!

Due to current dry conditions and high fire danger throughout Montana, hunters may encounter BMA closures or restrictions. Some BMA cooperators may be reluctant to make access commitments until weather conditions improve.

Hunters should contact regional FWP staff and/or BMA landowners prior to making final hunting trip plans, to identify any possible land closures, season restrictions, or other actions which might affect their hunting activities. An up to date list of FIRE CLOSURES can be found at fwp.mt.gov/BMA

HUNTERS!

Are YOU an Endangered Species?

**Noxious weeds threaten
Montana's hunting heritage!**

WHAT CAN YOU DO?

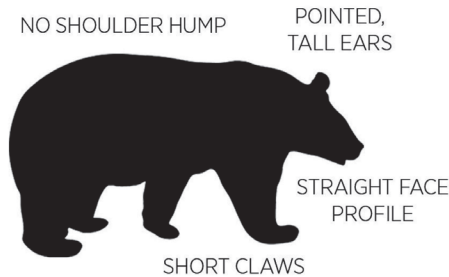

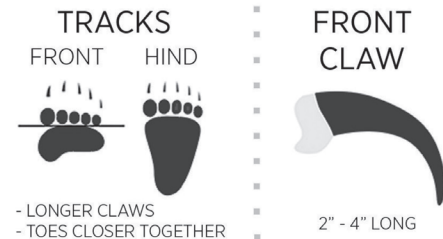

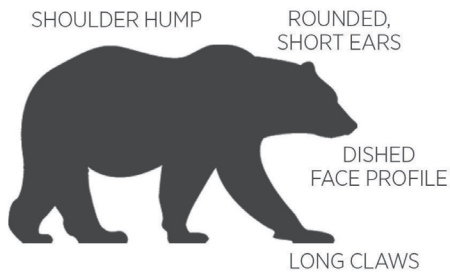

- Learn to identify noxious weeds
- Avoid parking, walking or driving in weeds
- Wash vehicles before & after hunting trips
- Keep clothing, equipment & animals weed-free

GRIZZLY BEAR

VS

BLACK BEAR

Be Bear Aware!

Black bear hunters must be able to tell the difference between a grizzly and a black bear because grizzly bears cannot be legally hunted in Montana.

- Learn how to identify bears.
- Be absolutely sure of your target.

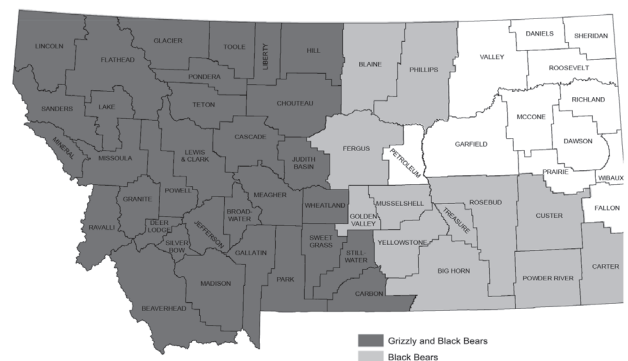

If in doubt, don't shoot.

LOOK FOR A COMBINATION OF CHARACTERISTICS
COLOR AND SIZE CAN BE MISLEADING
MONTANA FWP

Carry Bear Spray and Know How To Use It!

- Hunting puts you at risk of encountering a bear. Calling game and using scents may attract bears.
- If you hunt alone, let someone know about your plans. If you feel uneasy hunting alone, hunt with a partner.
- Bears are opportunists and change their behavior to take advantage of new food sources. Always assume that grizzlies are in the area and make sure your camps, cabins, and homes are bear proof, and that bear attractants are unavailable or contained.
- Mentally rehearse a worst-case scenario with encountering a bear. "If the mind has never been there before, the body does not know how to respond."
- To minimize the likelihood of attack or chances of human injury, make certain you have bear spray at the ready and know how to use it. In sudden grizzly encounters, bear spray has proven effective. Bears sprayed in the face at close range often stop attacking. Always maintain a safe distance from bears.
- Report encounters with grizzly bears to FWP at 1-800-TIP-MONT, U.S. Forest Service, or one of the nearest FWP bear management specialists listed below:
 - Justine Vallieres, Kalispell, MT 406-250-1265
 - Eric Wenum, Kalispell, MT 406-250-0062
 - Garrett Tovey, Libby, MT 406-293-4161 x207
 - James Jonkel, Missoula, MT 406-542-5508 or 406-544-1447
 - Eli Hampson, Missoula, MT 406-210-3213
 - Brad Balis, Anaconda, MT 406-465-9343
 - Brandon Davis, Bitterroot, MT 406-422-6184
 - Jeremiah Smith, Bozeman, MT 406-577-7877
 - Dave Kemp, Conrad, MT 406-450-1097
 - Chad White, Choteau, MT 406-788-4755
 - Daniel McHugh, Red Lodge, MT 406-850-1131

General Bear Distribution in Montana

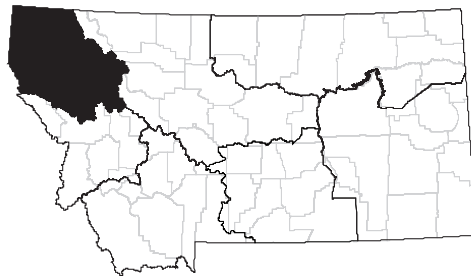

In an actual emergency, phone 9-1-1.

Seeing a grizzly is not necessarily a reportable encounter or an emergency. Report encounters where the bear displayed aggressive or defensive behavior toward people, livestock or pets.

Region 1

2026 Block Management Program

FOR UP TO DATE INFORMATION ON REGION 1 HUNTING ACCESS AREAS REFER TO THE FWP WEBSITE OR FWP HUNT PLANNER MAP.

For the 2026 fall hunting seasons, there are over 630,000 acres of private lands enrolled in FWP's Region 1 Block Management program. Most of these lands are owned by corporate timber companies: Green Diamond Resource Company, Stimson Lumber Company, Southern Pines Plantation of Montana, Flathead Ridge Ranch and Stoltze Land & Lumber company. Traditional private ranch land BMAs can also be found in Region 1. This region of Montana has primarily dense conifer forest habitat and offers hunters the opportunity to hunt elk, deer, moose, black bear, wolf, mountain grouse, turkey, waterfowl.

The best way to obtain Block Management Area maps & rules is to visit our website at: fwp.mt.gov. Individual BMA maps are available online at fwp.mt.gov/BMA. Block Management Areas have maps & regulations available on-site in hunter registration boxes or in map dispensers. Maps are usually posted at common BMA access points. Region 1 Hunting Access Area maps and rules can also be obtained at the Region 1 Headquarters in Kalispell.

Motorized travel on Region 1 Block Management Areas is restricted to designated roads and parking areas shown on individual BMA maps. Gated and bermed roads are closed to motorized travel. Motorized access restrictions are in place to reduce noxious weed spread, minimize road damage and improve hunting quality. Please check individual BMA maps and rules to find more information on motorized and non-motorized travel rules.

Avista Utilities, Flathead Ridge Ranch, Green Diamond Resource Company, Southern Pines Plantation of Montana, Stimson Lumber Company, and Stoltze Land & Lumber have enrolled their lands into the Region 1 Block Management Program. Prior to hunting on any of these lands, first obtain a 2026 BMA map and rules document or Open Lands Policy for the landownership you are planning to hunt. Be aware of the current rules and regulations as well as any landownership changes that have occurred on each of these individual properties.

Remember, Block Management lands are **private property** that are open for public use. They are only available if these properties and landowners are respected and appreciated. Please follow all rules and regulations while hunting on private property. Region 1 encourages you to share your experiences on specific BMAs by sending pictures and letters on our **Thank a Landowner Portal** fwp.mt.gov/protectthehunt or the Region 1 office in Kalispell. We share these with landowners to show your gratitude and to help improve the program.

**PLEASE REMEMBER TO SHARE YOUR APPRECIATION WITH LANDOWNERS
WHEN HUNTING ON ALL PRIVATE LANDS.**

REGION 1 BLOCK MANAGEMENT AREAS

BMA No.	BMA Name	General Location	Acres	Dates Open to Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
1	Naegeli Ranch	Northwest of Thompson Falls	920	9/5 - Spring Bear & Turkey	2	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 121	Written Permission Required. Stop by ranch house for permission. Walk-in hunting allowed.
2	Kohler Lake	North of Bigfork	160	9/5 - Spring Bear & Turkey	2	White-tailed Deer, Mule Deer, Elk, Bear, Turkey, Waterfowl	D/E 170	Reservation Required. FWP R1 HQ office at (406) 752-5501 to make a reservation. Limited to 1 party of up to 3 hunters per day. Rifle use prohibited. Shotgun, muzzleloader, pistol, or archery equipment only.
3	Gardner Ranch	Trout Creek	881	9/5 - Spring Bear & Turkey	1	White-tailed Deer, Mule Deer, Elk	D/E 121	Daily Sign-in at sign-in Box. Walk-in hunting from designated roads.
4	Meuli Ranch	Dayton	950	9/5 - Spring Bear & Turkey	1	White-tailed Deer, Mule Deer, Elk	D/E 120	BMA is closed the first 3 days of the general rifle season. Daily Sign in from sign-in boxes. Enrolled in Block Management Enforcement Network.
5	Peters Family Trust	West of Trego	653	9/1- 1/01	2	White-tailed Deer, Elk	D/E 101	Written permission required from the landowner. Walk in Hunting from designated routes.
9	Trumbull Creek	Northeast of Whitefish	10,090	Year-round	1	White-tailed Deer, Mule Deer, Elk, Bear, Turkey	D/E 110	No Permission Required. Check the FWP website or F.H. Stoltze website for open land use policy. No motorized or mechanized use off designated routes. Enrolled in Block Management Enforcement Network.
10	Avista - South Fork Bull River	Southwest of Libby	574	9/6-1/1	2	White-tailed Deer, Mule Deer, Elk, Bear, Fall Turkey, Moose, Waterfowl	D/E 121	Reservation Required. Call FWP R1 HQ office at (406) 752-5501 to make a reservation. Limited to 1 party of up to 3 hunters per day
11	Avista - Wood Duck	Southwest of Libby	155	9/6-1/1	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Fall Turkey, Moose, Waterfowl	D/E 121	Limited to 2 vehicles at designated parking area. Rifle use prohibited. Shotgun, muzzleloader, traditional handgun, or archery equipment only.
12	Avista - Tuscor	West of Trout Creek	500	9/6-1/1	2	White-tailed Deer, Mule Deer, Elk, Bear, Fall Turkey, Waterfowl	D/E 121	Reservation Required. Call FWP R1 HQ office at (406) 752-5501 to make a reservation. Limited to 1 party of up to 3 hunters per day. Additional road access for PTHFV is available.

To receive maps and permission information through the mail, please call (406) 752-5501. Requests will be processed daily Monday to Friday.

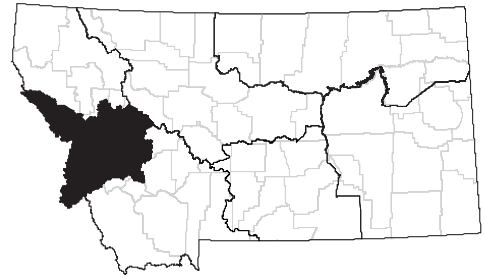

REGION 1 BLOCK MANAGEMENT AREAS

BMA No.	BMA Name	General Location	Acres	Dates Open to Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
15	Stimson Lumber Company	Northwest Montana	119,761	Year-round	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey, Waterfowl	D/E 100, 103, 104, 121, 123	Open for year-round recreation. Walk in hunting only from open roads. No Campfires, camping in designated areas only. See BMA map, rules and Stimson open lands policy for more information.
18	Haskill Pass	Marion	4,404	10/15 - Spring Bear & Turkey	1	White-tailed Deer, Mule Deer, Elk, Bear, Turkey	D/E 102, 103	No Permission required. Walk-in hunting from designated access routes. Also open for spring turkey and black bear season.
19	TNC - Dancing Prairie	Eureka	680	10/24 - 2/15	2	Antlerless	D/E 101	Reservation Required. Only open to Antlerless Elk Hunting for ELK B License holders.
20	Davis Creek	Thompson Chain of Lakes	640	10/15 - Spring Bear and Turkey	1	White-tailed Deer, Mule Deer, Elk, Bear, Turkey	D/E 104, 122	No Permission Required. Walk-in hunting from designated access routes. Also open for spring turkey and black bear season.
21	Three Mile Creek	East of Libby	160	9/5 - Spring Bear & Turkey	1	White-tailed Deer, Mule Deer, Elk, Bear, Turkey	D/E 103	Daily sign in at sign in box. Walk in hunting from designated parking areas. No Fires. Enrolled in Block Management Enforcement Network.
100	SPP MT - North	Libby	52,000	Year-round	2	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey, Waterfowl	D/E 103	Written permission from the landowner is required. See BMA Map and Rules for more details.
102	Flathead Ridge Ranch	Northwest Montana	106,000	Year-round	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey, Waterfowl	D/E 103, 120	Season Long Permission Required. See Flathead Ridge Ranch Opens Lands Policy along with BMA Map & Rules. Enrolled in Block Management Enforcement Network.
103	Green Diamond	Northwest Montana	291,000	Year-round	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey, Waterfowl	D/E 103, 104, 120, 122	No Permission required. See BMA map and rules as well as the Green Diamond Resource Company's Open Lands Use Policy.
104	SPP MT - Ashley Lake	Kila, MT	16,903	Year-round	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey	D/E 103	Season Long permission required. See SPP BMA Map and rules for more information.
105	SPP MT - McGinnis	Happy's Inn	27,760	Year-round	1	White-tailed Deer, Mule Deer, Elk, Moose, Bear, Turkey	D/E 104	Season Long permission required. See SPP BMA Map and rules for more information.

To receive maps and permission information through the mail, please call (406) 752-5501. Requests will be processed daily Monday to Friday.

Region 2

2026 Block Management Program

FOR UP TO DATE INFORMATION ON REGION 2 HUNTING ACCESS AREAS REFER TO THE FWP WEBSITE OR FWP HUNT PLANNER MAP.

FWP Region 2 is located in southwestern Montana. Over 62% of the region is public land, offering a variety of recreational opportunities to area residents and visitors. Region 2 is comprised of large areas of private lands with ranching economies, corporate timber lands, Nature Conservancy lands, and metropolitan areas. A large, growing urban center for Montana, Region 2 has over 18% of the state's population and only 7% of Montana's land and water area.

Region 2 has approximately 420,000 acres of private and isolated public lands enrolled in FWP's Region 2 Block Management Program. Region 2 also manages approximately 226,000 acres of Wildlife Management Areas (WMA), Fishing Access Sites (FAS), State Parks (SP), and other public and private land access opportunities. Most Region 2 Access Areas are in mountains, valleys, and foothills. The region provides hunters with diverse opportunities for deer, elk, black bear, moose, wolf, mountain grouse, turkey, waterfowl, antelope, and big horn sheep.

The best way to obtain Block Management Area maps & rules is to visit our website at: fwp.mt.gov. Individual BMA maps are available online at fwp.mt.gov/BMA. Region 2 Hunting Access maps & rules may also be requested by calling the Region 2 Hunting Access Office at 406-542-5530. Block Management Areas have maps and rules available on-site in hunter registration boxes or in map dispensers. Maps and rules are usually posted at BMA access points. Region 2 Hunting Access Area maps and rules can also be obtained at the Region 2 Headquarters in Missoula.

Motorized travel on Region 2 Block Management Areas is restricted to designated roads and parking areas shown on individual BMA maps. Any roads that are not depicted on individual area maps including private ranch roads and logging roads are closed to motorized travel. These limited motorized access restrictions are in place to reduce noxious weed spread, minimize road damage and improve hunting quality.

The Nature Conservancy and Stimson Lumber Company have enrolled their lands into the Region 2 Block Management Program. Prior to hunting on any of these lands, first obtain a 2026 BMA map and rules document or Open Lands Policy for the landownership you a planning to hunt. Be aware of the current rules and regulations as well as any land ownership changes that have occurred on each of these individual properties.

Remember, Block Management lands are **private property** that are open for public use. They are only available if these properties and landowners are respected and appreciated. Please follow all rules and regulations while hunting on private property. Region 2 encourages you to share your experiences on specific BMAs by sending cards, pictures, or letters through the thank a landowner portal at www.fwp.mt.gov/itsuptous or the Region 2 office in Missoula. We share these with landowners to show your gratitude and to help improve the program

**PLEASE REMEMBER TO SHARE YOUR APPRECIATION WITH LANDOWNERS
WHEN HUNTING ON ALL PRIVATE LANDS.**

ADDITIONAL REGION 2 HUNTING ACCESS OPPORTUNITIES:

FWP administers **Fishing Access Sites** (FASs) and **State Parks** (SPs) throughout the region. In addition to providing water recreation access to anglers and boaters, some FASs allow hunting. These areas provide deer (archery-only) and waterfowl hunting opportunities. Maps of these areas are available at the Region 2 FWP Office or online. These sites include:

Fish Creek SP: 5,603 acres, west of Albion

Kelly Island FAS: 705 acres, west of Missoula

Erskine FAS: 428 acres & access to adjacent USFS lands, west of Missoula

Council Grove SP: 190 acres, west of Missoula

Tucker Crossing FAS: 250 acres, south of Victor

Bell Crossing FAS: 65 acres, north of Victor

Maps available online at <http://fwp.mt.gov/gis/maps/huntPlanner/>

FWP administers **Wildlife Management Areas** (WMAs) throughout the region. WMAs provide some hunting opportunities. WMAs in the region include:

Fish Creek WMA: 35,000 acres, west of Albion

Blackfoot-Clearwater WMA: 46,200 acres, southwest of Seeley Lake

Marshall Creek WMA: 24,900 acres, northwest of Seeley Lake

Nevada Lake WMA: 1,522 acres, southeast of Helmville

Aunt Molly WMA: 1,182 acres, northwest of Helmville.

Hunters need to be aware that grizzly bears are frequently in this area.

Spotted Dog WMA: 38,000 acres, northeast of Deer Lodge

Warm Springs WMA: 4,700 acres, south of Deer Lodge.

Waterfowl and deer hunting opportunities.

Restricted archery equipment, shotgun, traditional handgun, muzzleloader, and crossbow.

Lost Creek WMA: 1,404 acres, north of Anaconda

Stucky Ridge WMA: 294 acres, northwest of Anaconda

Blue Eyed Nellie WMA: 195 acres, west of Anaconda

Garrity Mountain WMA: 9,500 acres, west of Anaconda

Calf Creek WMA: 2,416 acres, east of Hamilton

Threemile WMA: 6,430 acres, east of Florence

Maps available online at <http://fwp.mt.gov/gis/maps/huntPlanner/>

OTHER PUBLIC HUNTING OPPORTUNITIES INCLUDE:

Montana Correctional Enterprises (MCE) Ranch: 31,000 acres, west of Deer Lodge.

The MCE ranch is divided into an archery-only hunting area and a rifle hunting area. The archery-only portion of the ranch requires written permission administered by Montana Correctional Enterprises from August 1 - December 15. Permission is not required to access the MCE Ranch rifle hunting area. Contact the Region 2 Hunting Access Office or Montana Correctional Enterprises at 406-846-1320 ext. 2296 for a MCE Ranch map and rules.

Lee Metcalf National Wildlife Refuge (USFWS): 2,800 acres, north of Stevensville.

The refuge allows archery-only deer hunting and waterfowl hunting from designated blinds. For more information contact the refuge at (406)777-5552.

Blackfoot Waterfowl Production Area (USFWS): 1,873 acres, southeast of Ovando.

The refuge allows waterfowl, upland bird, and big game hunting. For more information contact the refuge at (406)727-7400.

FWP administers **Limited Access Areas** throughout the region. These areas provided some hunting opportunities. Limited access area public hunting opportunities include:

Sapphire PTHFV Access Area (Private, DNRC): 430 acres, southeast of Lolo

Clark Fork Islands Access Area (City of Missoula): 270 acres, Missoula

Buxbaum Boulder Creek Limited Access Area (Private): 1,193 acres, north of Philipsburg

Manley Ranch Access Area (Private): 4,600 acres, north of Drummond

Fivemile Creek Access Area (Private): 2,960 acres, west of Helmville

Douglas Creek Access Area (Private): 2,240 acres, west of Helmville

Maps available online at <http://fwp.mt.gov/gis/maps/huntPlanner/>

REGION 2 BLOCK MANAGEMENT AREAS

BMA No.	BMA Name	General Location	Acres	Dates Open to Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
1	Ambrose Creek	East of Stevensville	5,200	9/1-1/1	1	White-tailed Deer, Mule Deer, Elk	D/E 204	Walk-in by foot-only from two designated parking areas. Each parking area limited to 3 vehicles. Elk and deer hunting only allowed during archery-only and general season. Not open for traditional muzzleloader season hunting. Enrolled in Block Management Enforcement Network.
2	Lazy J Cross Ranch	Sula (E Fork Bitterroot River)	1,170	9/1-1/15	1	White-tailed Deer, Mule Deer, Elk	D/E 270	Walk-in from designated parking areas. French Basin Road designated parking areas limited to 3 vehicles each.
3	Likes Ranch	SE of Hamilton	680 Sleeping Child Unit	9/1-1/15	1	White-tailed Deer, Mule Deer, Elk	D/E 270	Walk-in from adjacent USFS. Provides access to adjacent state and federal lands. BMA not open for traditional muzzleloader season hunting. Enrolled in Block Management Enforcement Network.
		S of Hamilton	80 River-bottom Unit	9/1-1/15	1	White-tailed Deer, Mule Deer, Waterfowl	D/E 260	Walk-in by foot-only from designated parking area. Parking area limited to 1 vehicle. Enrolled in Block Management Enforcement Network.
4	Anderson Ranch	SW of Racetrack	1,300	9/1-1/1	1	White-tailed Deer, Mule Deer, Elk	D/E 213	Walk-in from designated parking areas. Each parking area limited to 1 vehicle. Elk and deer hunting only allowed during archery-only & general season & traditional muzzleloader season.
5	Cobb Ranch	SE of Hamilton	280	9/1-1/15	2	White-tailed Deer, Mule Deer, Elk	D/E 270	Walk-in by foot-only from designated parking area. Limited to 1 hunting party per day. Military veterans may be given preference for hunting on Veterans Day, November 11th. Enrolled in Block Management Enforcement Network.
6	Weber Ranch	E of Hamilton	400	9/1-1/15	1	White-tailed Deer, Mule Deer, Elk	D/E 261	Weber Ranch BMA is the only Block Management Area accessed from Charley's Gulch Road. Other private lands formally referred to as "Charley's Gulch BMA" are no longer enrolled in the Block Management Program.
7	Hackett Ranch	W of Victor	540	9/1-1/15, Spring Turkey Season	1	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 240	Rifle use prohibited on lower pasture. Also open for spring turkey/bear seasons. Enrolled in Block Management Enforcement Network.

To receive maps and permission information through the mail, please call (406) 542-5530. Requests will be processed daily Monday to Friday.

REGION 2

REGION 2 BLOCK MANAGEMENT AREAS

BMA No.	BMA Name	General Location	Acres	Dates Open to Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
8	Sawmill Gulch	N of Missoula	700	9/1-1/15	2	White-tailed Deer, Elk	D/E 201	Archery equipment only. Requires 1.5mi non-motorized travel through USFS lands to access BMA. Advance reservation required. Limited to 3 hunters per period. Military veterans may be given preference for hunting on Veterans Day, November 11th.
9	Ruffatto Land & Cattle Co.	S of Florence	(Upland Unit) 840	9/1-1/15, Spring Turkey Season	1 & 2	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 240	Walk-in from designated parking area. Also open for spring turkey season (drawing administered by FWP Region 2). Enrolled in Block Management Enforcement Network.
			(River Unit) 240	9/1-1/15, Spring Turkey Season	2	White-tailed Deer, Elk, Waterfowl, Turkey	D/E 260	Weapon restricted hunting district. Landowner permission required in fall. Also open for spring turkey season (drawing administered by FWP Region 2). Enrolled in Block Management Enforcement Network.
10	Teller Wildlife Refuge	N of Corvallis	45	9/1-1/1	2	White-tailed Deer	D/E 260	Archery only. Drawing administered by FWP Region 2. Limited to 2 hunters per hunt period. No hunting on Tuesdays and Thursdays.
11	Maclay Ranch	S of Lolo	680	9/1-1/1	2	White-tailed Deer, Mule Deer, Elk	D/E 201	Foot, horseback, non-motorized bike from designated parking area. Limited to 2 hunters per day. Advance reservation required during archery season. Drawing administered for General Season.
12	Unruh Ranch	S of Victor	66	9/1-1/15, Spring Turkey Season	1	White-tailed Deer, Waterfowl	D/E 260	Walk-in from designated parking area. Weapon restricted hunting district. Also open for spring turkey season. Enrolled in Block Management Enforcement Network.
14	Donally Ranch	SE of Superior	1,180	9/1-1/1, Spring Turkey Season	2	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 202	Walk-in from designated parking areas. Weapon restrictions on portion. Also open for spring turkey season. Enrolled in Block Management Enforcement Network.
15	Warnken Ranch	NW of Superior	615	9/1-1/1, Spring Turkey & Spring Bear Season	1	White-tailed Deer, Mule Deer, Elk	D/E 202	Walk-in only. Provides access to adjacent USFS land. Also open for spring turkey and black bear season.

To receive maps and permission information through the mail, please call (406) 542-5530. Requests will be processed daily Monday to Friday.

REGION 2 BLOCK MANAGEMENT AREAS

BMA No.	BMA Name	General Location	Acres	Dates Open to Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
16	Loge Ranch	St. Regis	596	9/1-1/15, Spring Turkey & Spring Bear Season	1	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 201, 202	201-01 Elk B License not valid on BMA. Walk-in by foot from designated roads and parking areas. Weapon restrictions on portion. Also open for spring turkey and black bear season. Enrolled in Block Management Enforcement Network.
17	5J's Ranch	St. Regis	940	9/1-1/15, Spring Turkey Season	1	White-tailed Deer, Mule Deer, Elk, Turkey	D/E 200	Two vehicle max per parking area for first full week of the general season. Foot, horseback, non-motorized bike from designated roads and parking areas. Not open for traditional muzzleloader season hunting. Open for spring turkey season. Enrolled in Block Management Enforcement Network.

Western Montana Forest Lands - Open Lands Policy

January 2021

The Nature Conservancy (TNC) allows responsible use of its **Forest Lands in MT FWP Region 2** for public recreation, such as hunting, hiking and camping – **see map on reverse**. Note that other TNC-owned lands outside of FWP Region 2 have different regulations. Hazards exist, so recreationists must use caution and enter at their own risk. Logging and land management activities are ongoing, and may pose a danger. The following regulations must be adhered to when using TNC's Montana Forest Lands:

- **Non-motorized public access is allowed** on all lands, at all times of the year, unless otherwise posted.
- **Wheeled motorized access is allowed BUT limited to open, established roads. Electrically-powered bicycles and other powered wheeled vehicles are considered motorized vehicles.**
- **No unauthorized wheeled motorized use** of closed roads or trails is allowed. Closed roads and trails are often posted as such. However, a closed gate or other closure device (such as a rock barricade or earthen berm) with no sign is closed to all wheeled motorized vehicles. Road restrictions apply even if a sign, gate or closure device has been removed, vandalized or damaged.
- **Gates Must Not Be Blocked.** Administrative, contractor, or emergency traffic may need to pass through.
- **No off-road** or off-trail wheeled motorized use is allowed by the general public.
- **Snowmobiles are allowed from December 1 to April 1, except where signed closures exist.** To reduce impacts to soils, vegetation and wildlife, TNC requests that snowmobilers stay on groomed or signed snowmobile routes, or the forest road system.
- **Hunting, fishing** and all forms of legal animal harvest in accordance with relevant state laws are allowed. TNC reserves the right to close its lands to specific forms of animal harvest at TNC's sole discretion.
- Hunting or transportation of hunters or game by administrative or commercial vehicles is prohibited behind a closure.
- **The use of Exploding Targets is NOT allowed on TNC lands.** Areas may be closed to Recreational Shooting at TNC's sole discretion. Recreational Shooters are required to clean up all shooting waste.
- **Personal-use plant,** Christmas tree, berry and mushroom harvesting are allowed; commercial harvesting is not allowed.
- **Permitted Personal-use Firewood** gathering of dead or down wood is allowed from **June 1 to December 31.** A **\$20.00 permit** is required, allowing for 5 cords per permit. Vehicles must stay on established, open roads for wood retrieval. Commercial firewood harvesting is not allowed, except as specifically permitted.
- **Camping is limited to 16 days per campsite.** During this time the campsite must not be left unattended for more than 3 consecutive days. Camping beyond 16 days requires relocating to a new site at least 5 miles from the original site. To minimize conflicts with bears and other wildlife: **Human, pet and livestock food, garbage and all other attractants must be acceptably stored at all times** (see Lolo Nat'l Forest Food/Wildlife Attractant Storage Special Order #F11-005-Lolo-Forest). During campsite occupation, firewood may be cut only for use within that campsite. No live trees may be cut by campers. TNC reserves the right to close campsites at its sole discretion.
- The use of **Certified Weed-Seed-Free** livestock hay, forage, and bedding is required for all livestock users and animal handlers. Do not tie livestock to trees; instead use a post, high-line or hitch-rail.
- **Pack Out All Waste!** Leave TNC lands as clean as or cleaner than you found them.
- Do not pollute with human waste. Pack out or bury all human waste at least 6" deep. Toilets located within 300 feet of water must be self-contained.
- All activity on TNC lands is at the individual's OWN RISK. TNC assumes no liability or responsibility of any kind with respect to any of the activities described above or otherwise.
- Any use of TNC lands not consistent with these regulations shall be considered trespassing (and/or any other applicable crime) and shall be prosecuted to the fullest extent of the law.
- TNC reserves the right to close off access to all or any portion of its lands, or to require anyone to leave its lands, at any time, for any reason.
- TNC Forest Lands in Western Montana are managed in collaboration with Montana Department of Fish, Wildlife and Parks.

It is your responsibility to know whose property you are using and that property's regulations. Avoid trespassing on private property.

Please report violations or vandalism to: Montana FWP at 1-800-TIP-MONT

For more information, or to purchase a firewood permit, contact TNC at 443-0303 or 543-6681.

THANK YOU FOR YOUR COOPERATION!

Stimson Lumber Company

Inland Region Public Access Guidelines

Revised 01/2023

(Subject to Modification without notice)

It is Stimson's intent to open its lands to those forms of public recreation that are compatible with the management goals and activities on the forests. **Excluded are camping, firewood cutting and operating motorized vehicles off roads or on closed roads.** These guidelines will be amended over time to adjust for changing conditions and experiences.

Use of Stimson land does not convey any right or permission to enter or cross neighboring private lands. Users do not have permission to access Stimson lands through private landowners. It is the responsibility of the user to obtain permission to cross or access adjacent landowners.

The employees and associates of Stimson that manage these lands work continually to maintain and improve their productivity and appearance and take great satisfaction in their accomplishments. These public access guidelines can only be maintained if the guests using these lands share this attitude and commitment. Littering, vandalism, negligence or malicious treatment of these properties by the public may result in the closure of Stimson property to public access. Consider how your actions reflect on yourself and the outdoor recreation community in general.

These guidelines are intended for individual/family recreation. Large groups, clubs, organized or sanctioned events, and commercial enterprises including commercial guides are not permitted.

All of these properties are **Industrial Forestland** and are managed as such. Roads and trails are not built nor maintained to public transportation standards. **No provisions have been made for food, water, sanitation, communication or emergency services on any Stimson ownership. There is NO GUARANTEE, warranty & representation that these lands are safe for any purpose.**

Stimson's employees, associates and contractors may be in the woods at any time of day or night, as well as any day of the week. The movement and maintenance of machinery and facilities, the application of herbicide and fertilizer and other management activities may start without notice and are frequently mobile in nature. These activities often include the use of power equipment and motor vehicles on roads and lands that may be closed to public use. Restrictions on the timing and nature of public access are intended to reduce, but cannot eliminate public exposure to the risks and hazards associated with timber and land management activities.

The following stipulations and limitations apply to **any and all** public use of all Stimson lands and users agree to the following:

ACCESS

- **Some Stimson lands are closed year round.** See Appendix A for special sites with specific rules. Others areas may be restricted or closed at various times and places which may not be in the Appendix.
- Non-motorized access is allowed year round on most Stimson lands. This includes walk-in and non-electric bicycles. Winter access is limited to non-motorized access such as snowshoeing and cross-country skiing. With the exception of the Boundary County Groomers snowmobile trail.
- There is no exclusive use for the public. Other members of the public may be using the same property at the same time.
- All roads must remain passable for administrative traffic. Never block or park directly in front of any gate.
- Use of Stimson lands by any member of the public may be revoked by Stimson immediately for violation of Stimson's access guidelines or violation of local, state or federal law.
- No public entry is permitted into active industrial areas, logging sites, road construction areas, herbicide and fertilizer application areas or other similar uses. Users must avoid conflict or interference with any and all forest management activities.
- Users will not modify Stimson lands in any way. Users are not allowed to erect permanent structures under any circumstances (e.g., roads, ATV trails, wells, diversions, sheds, shacks, outhouses, etc.)
- Horse pasturing or cattle grazing is prohibited.
- No commercial activities of any kind are allowed.

FIREWOOD

- Firewood cutting is not allowed on Stimson lands.

CAMPING/SMOKING

- No public camping, campfires or other overnight use is permitted.
- Smoking is not allowed on Stimson lands.

INDEMNITY

- Public users must accept Stimson lands in its present condition, "as is". **Users enter and use Stimson owned property at their own risk.** Stimson will not be responsible for any bodily injury, damages to personal property, or inconveniences to users due to normal natural resource activities. **There is NO GUARANTEE, warranty & representation that these lands are safe for any purpose.**

SAFETY

- Safety is the highest priority. Users are expected to conduct all activities with safety in mind.

MOTORIZED/OFF-ROAD VEHICLES

- Motorized access is allowed on open public roads only. **MOTORIZED ACCESS IS NOT ALLOWED BEHIND GATES, BARRIERS (Natural or Man-made), SIGNS, or OFF ROAD!!!! This includes ATVs, UTVs, motorcycles, snowmobiles, or electric motorized bicycle/tricycles..**

Stimson Lumber Company

Inland Region Public Access Guidelines

Revised 01/2023

(Subject to Modification without notice)

ROADS & GATES

- All users must comply with all posted signs. Road restriction signs are located near gates. Gates must be kept clear at all times. Do not park in front of gates. Driving around gates or forming roads/trails to access Stimson lands is prohibited. Destruction of gates, locks, or other types of barriers is prohibited and subject to reporting and prosecution. **Gates are randomly monitored by game cameras.**

PROPERTY LINES AND SIGNS

- Property lines are **NOT** always marked and forest property owners – federal, state, and private are often intermingled. Each visitor is responsible for knowing where they are and complying with the landowners' rules and restrictions.
- Permission to enter Stimson land does not convey any right or permission to enter or cross neighboring private lands. Users do not have permission to access Stimson lands through private landowners. It is the responsibility of the user to obtain permission to cross or access adjacent landowners.

FIREARMS

- Discharge of firearms is limited to activities related to big game and upland bird hunting, as regulated by state and federal rules and laws.
- **Target shooting is not allowed!**

HUNTING, FISHING & TRAPPING

- Big game, varmint and upland bird hunting is allowed on open Stimson lands. Users must comply with state and federal hunting rules and laws.
- Any activity that requires or includes the placement or deposition of personal property on Stimson lands is prohibited. This includes tree stands, bait barrels, and game cameras. Personal property intentionally left on Stimson lands is subject to confiscation.
- Hunting camps are not allowed on Stimson lands. The construction of hanging poles for game is prohibited.
- Gates will not be opened for packing game out.
- Trapping is allowed under state and federal hunting rules and laws.
- Fishing is allowed on open Stimson lands. Users must comply with state and federal hunting rules and laws.
- Commercial Guides are prohibited from Stimson lands.
- Users must not release or stock any species of plant, animal or fish.

HIGH FIRE DANGER

- During regulated use (fire season), all users must comply with state and federal regulations and requirements to access and use Stimson lands.
- Stimson lands are subject to closure at times of high fire danger. Please see Stimson's website for any fire closure updates.

FIREWORKS

- Fireworks are never allowed on Stimson lands.

CHRISTMAS TREES

- Christmas tree cutting is not allowed on Stimson lands. Our young trees are the future of our forests and protect soil and water where they grow.

FOSSILS & ARTIFACTS

- Unauthorized removal of fossils and artifacts is prohibited. Stimson protects historical, geological and culturally significant sites in accordance with federal and state law.

MUSHROOMS AND PLANTS

- Commercial gathering is not allowed on Stimson lands. This includes but is not limited to mushroom picking or any type of berry. Mushrooms and berries can only be gathered for personal use only.

PROSPECTING/MINERAL & ROCK PRODUCTS

- The removal of any rock or mineral products is prohibited. This includes but is not limited to decorative stone, gravel, dirt or topsoil etc. Prospecting of any type is not allowed on Stimson lands.

DRONES

- Drone use is not allowed on Stimson lands.

DRUGS AND ALCOHOL

- Illegal drug use and alcohol consumption is not allowed while on Stimson lands.

Stimson Lumber Company

Inland Region Public Access Guidelines

Revised 01/2023

TRASH

- Pack it in, Pack it out! Users must take out whatever they bring with them.
- Dumping of trash of any kind – construction waste, appliances, abandoned vehicles, animal carcasses, etc. is strictly prohibited.

VANDALISM

- Destruction of Stimson lands and property is strictly prohibited. This includes but is not limited to trees, crops, buildings, fences, roads, gates or other improvements. Users found vandalizing Stimson lands will be reported and may be prosecuted.

ILLEGAL ACTIVITIES

- Violation of any law or regulation, including those governing hunting and fishing is prohibited and subject to action by federal, state and local law enforcement.

CB USE

- User's navigating open public road systems near active logging operations should use a CB radio for safety.

REPORTING VIOLATIONS

- Reporting instances of law violations and violations of company policies will keep Stimson lands open in the future.
- Please report poaching, trespassing, or other game violations to the following appropriate agency:
 - o Idaho Fish & Game – 800-632-5999
 - o Washington Department of Fish & Wildlife – 877-933-9847
 - o Montana Fish, Wildlife & Parks – 800-847-6668
- Please report any law violations to the appropriate county sheriff.

IDAHO

Stimson's Idaho lands have been placed under conservation easements and Idaho Large Tracts Public Recreational Access Programs. For rules & regulations, and more information, please see: <https://idfg.idaho.gov>

For more information call the Idaho Fish and Game at 208-769-1414 or visit: <https://idfg.idaho.gov/blog/2017/03/clagstone-meadows-public-access-opens-august-1st>

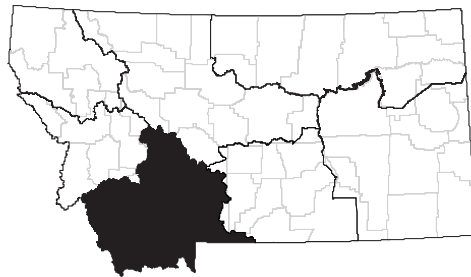

(Subject to Modification without notice)

APPENDIX A

Region 3

2026 Block Management Program

The Block Management Program in Region 3 (300 series districts) maintains access and hunting opportunities on private lands throughout southwest Montana. Under this program, hunters are granted free access to 96 Block Management Areas (BMAs) owned by 124 landowners, which currently encompass over 518,000 acres of private and public lands in Southwest Montana.

BMA Maps

Area BMA maps, including permission information and area rules, can be obtained by visiting our self-help stations at the regional office in Bozeman, our area office in Butte or FWP headquarters office in Helena. Maps will be available starting August 10. Information is also available through voicemail by calling (406) 577-7888 or by e-mail request at fwpr3bmp@mt.gov. We ask that you limit your map requests to five (5) per phone call, office visit or e-mail to maintain the ability to fill requests in a timely fashion and for fairness. All individual BMA maps and permission information will be available through our website at <https://fwp.mt.gov/BMA>. Boundaries, rules or permission information may change from year to year. Be sure to obtain current maps and permission information every year.

BMA Rules

As you enjoy the hunting access provided by this program, please be sure to obey the rules these landowners have requested. This is a voluntary program designed to benefit you. Enjoy this opportunity and respect landowner rights.

Reservations

Reservations are available or required on some BMAs (see chart). Reservations begin August 22. Failure to show up for a reserved slot on a BMA denies other hunters' opportunity. Please make every effort to cancel reservations if you are aware you will not be able to make your arranged time. Be aware that on some BMAs, failure to show without prior notice is grounds for exclusion from further hunting opportunities on the area. Making reservations on multiple BMAs at the same time is grounds for exclusion from hunting any BMA.

Weeds

Noxious weeds are becoming a serious concern to landowners. Please do your part to limit the spread of weeds. Try to keep equipment clean. Avoid driving, parking or walking through weeds.

Other Hunting Opportunities in Region 3

Approximately 60% of the land within the Region 3 boundary is public land. Southwest Montana has abundant public land (i.e BLM, U.S. Forest Service & State Trust Lands) with extensive hunting opportunity. We recommend that you consider all access options in planning your hunts, utilizing BMAs when and where they fit into your plans. U.S Forest Service Travel plan maps depicting these lands and public accesses can be obtained at BLM & U.S. Forest Service Offices.

Region Three manages 11 Wildlife Management Areas (WMAs) including:

- **Bear Cr WMA** in Madison County (3,465 acres)
- **Blacktail WMA** in Beaverhead County (17,743 acres)
- **Canyon Creek WMA** in Lewis & Clark County (3,317 acres)
- **Canyon Ferry WMA** in Broadwater County (5,132 acres)
- **Dome Mountain WMA** in Park County (4,973 acres)
- **Fleecer Mountain WMA** in Butte/Silverbow County (7,579 acres)
- **Gallatin WMA** in Gallatin County (8,611 acres)
- **Lake Helena WMA** in Lewis & Clark County (349 acres)
- **Mount Haggin WMA** in Deerlodge and Butte/Silverbow County (59,233 acres)
- **Robb Ledford WMA** in Madison & Beaverhead County (28,097 acres)
- **Wall Creek WMA** in Madison County (7,700 acres)

Region Three currently has 6 Public Access Land Agreement Projects (PALA) enrolled in 2026. These projects allow access through private land to public land and include:

- **Dunn Canyon PALA** providing access to Forest Service in the Bull Mountains along Dunn Canyon Rd.
- **Sweetwater PALA** provides access to 6400 acres of US BLM adjacent to the South Sauerbier-Ruby Dell Ranch BMA #23
- **Dry Hollow PALA** provides access to 640 acres of Montana State Trust Land adjacent to the North Sauerbier-Ruby Dell Ranch BMA #23
- **Paradise Valley Ranch (PVR) PALA** provides access to 286 acres of US BLM off Trail Creek Rd to the North of Emigrant.
- **Ruby Dell PALA** provides access to 720 acres of BLM lands adjacent to the Sauerbier-Ruby Dell Ranch BMA #23 along the Sweetwater Rd.
- **XC Ranch PALA** provides access to 640 acres of DNRC lands adjacent to the XC Ranch BMA #126 along HWY 69 in the Boulder Valley

Additionally, Region Three has 86 Fishing Access Sites (FAS), 9 State Parks (SP) and 18 Conservation Easements (CE) that may offer some hunting and fishing opportunities across the region. Information is available through FWPs website and hunt planner <https://fwp.mt.gov/gis/maps/huntPlanner/> where areas are open, restricted, or closed to hunting opportunities. FAS and Upland Bird Enhancement project guides are available online, at regional offices and on the Hunt Planner.

REGION 3 FISH, WILDLIFE AND PARKS OFFICES

Region 3 Individual BMA maps/rules available by mail, call (406) 577-7888 or e-mail fwpr3bmp@mt.gov or website at fwpr.mt.gov/bma

Region 4

2026 Block Management Program

In 2026, there are 162 **Block Management Areas** (BMA's) that provide access to 1,265,269 acres of private land. Hunters will find Region 4 Block Management Areas to be diverse in habitat, available game animals, and hunting opportunity.

Comprised predominantly of the Northwestern Glaciated Plains and Great Plains, the landscape transitions from sagebrush steppe, prairie grasslands, and agricultural production acreage at low elevations to montane grassland and conifer-dominated forest at higher elevations.

The region supports robust populations of elk, mule deer, whitetail deer, pronghorn, upland game birds, waterfowl/migratory birds, black bears, bighorn sheep, moose, and mountain goats.

HOW TO OBTAIN MAPS AND RULES

BMA maps are available August 10th. Hunters are encouraged to utilize our website at: <https://fwp.mt.gov/bma> to download and print maps or download and store georeferenced maps on smart device applications. Hunters may request a direct mailing from the Region 4 Access Program; however, these are limited to **5 maps** per request. Contact Information for maps/rules:

- Phone – (406) 454-5862
- E-mail – fwpr4bmp@mt.gov
- Mail – 4600 Giant Springs Rd. Great Falls, MT 59405

BEAR AWARENESS

Hunters should assume grizzly bear presence throughout the region and are encouraged to carry bear spray. Take precautions while out hunting and report any incidents or bear spray deployments. Additional information for hunting safely in bear country is available at:

<https://fwp.mt.gov/conservation/wildlife-management/bear/be-bear-aware>

ADDITIONAL HUNTING OPPORTUNITIES IN REGION 4

FEDERAL AND STATE PUBLIC LANDS

In Region 4, there are over 4.6 million acres of public ownership (Bureau of Land Management, Forest Service, State Lands, and National Wildlife Refuge). This assortment of public land constitutes a land base composition of 18% federal land and 7% State of Montana Department of Natural Resources and Conservation (DNRC) land. These parcels of public land are accessible via public roads or navigable waterways, adjacent public land, and adjacent private land with landowner permission.

FWP ADMINISTERED LANDS

FWP administers **Wildlife Management Areas** (WMAs) throughout the region; each of which provides a cumulative 109,770 acres of hunting opportunity. WMAs in the region include:

- **Beartooth WMA:** 35,174 acres, northeast of Wolf Creek
- **Beckman WMA:** 6,639 acres, northeast of Denton
- **Blackleaf WMA:** 10,754 acres, west of Bynum
- **Ear Mountain WMA:** 3,047 acres, west of Choteau
- **Freezout Lake WMA:** 11,333 acres, north of Fairfield
- **Judith River WMA:** 9,408 acres, south of Utica
- **Marias River WMA:** 8,865 acres, southwest of Shelby
- **Smith River WMA:** 3,527 acres, north of White Sulphur Springs
- **Sun River WMA:** 21,023 acres, west of Augusta

Hunters should be aware of seasonal WMA closures to protect wintering wildlife and consult individual maps for additional WMA rules and regulations. WMA maps are available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

FWP also administers numerous **Fishing Access Sites** (FASs) and **State Parks** (SPs) throughout the region that provide some hunting opportunities. These sites include:

- **Spite Hill FAS:** 13.5 acres, rifles prohibited
- **Eagle Island FAS:** 22 acres, no weapons restrictions
- **Pelican Point FAS:** 94 acres, rifles prohibited
- **Wing Dam FAS:** 25 acres, rifles prohibited

Fishing Access Sites (FASs) and State Parks (SPs) continued:

- **Little Muddy Creek FAS:** 3 acres, rifles prohibited
- **Dunes FAS:** 61 acres, rifles prohibited
- **Ulm Bridge FAS:** 171 acres, rifles prohibited
- **Big Bend FAS:** 17 acres, rifles prohibited
- **White Bear FAS:** 41 acres, archery only
- **Truly Bridge FAS:** 3 acres, rifles prohibited
- **Lower Smith River FAS:** 4 acres, no weapons restrictions
- **Carter Ferry FAS:** 20 acres, archery only
- **Bynum Reservoir FAS:** 70 acres, no weapons restrictions
- **Arod Lake FAS:** 41 acres, no weapons restrictions
- **Nilan Reservoir FAS:** 10 acres, no weapons restrictions
- **Pishkun Reservoir FAS:** 1649 acres, no weapons restrictions
- **Medicine River FAS:** 11 acres, archery only
- **Largent's Bend FAS:** 169 acres, rifles prohibited
- **Willow Creek Reservoir FAS:** 1395 acres, no weapons restrictions
- **Fort Logan FAS:** 194 acres, no weapons restrictions
- **Newlan Creek Res. FAS:** 156 acres, rifles prohibited
- **Spring Creek FAS:** 78 acres, rifles prohibited
- **Carroll Trail FAS:** 66 acres, rifles prohibited
- **Reed and Bowles FAS:** 50 acres, rifles prohibited
- **Hruska FAS:** 52 acres, rifles prohibited

- **Lower Carter Pond FAS:** 7 acres, rifles prohibited
- **Upper Carter Pond FAS:** 5 acres, rifles prohibited
- **Martinsdale Reservoir FAS:** 336 acres, no weapons restrictions
- **Ackley Lake SP:** 42 acres, waterfowl hunting only
- **First Peoples Buffalo Jump SP:** 2228 acres, rifles prohibited
- **Giant Springs SP:** 733 acres, archery and shotgun hunting only
- **Sluice Boxes SP:** 1323 acres, no restrictions
- **Tower Rock SP:** 148 acres, archery hunting only

Hunters planning on hunting **Fishing Access Sites** and **State Parks** should thoroughly review individual site rules and maps. Additional restrictions and area closures may be applicable. FAS and SP maps are available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

OTHER PUBLIC HUNTING OPPORTUNITIES

FWP has enrolled thirteen Region 4 landowners in **Public Access Land Agreements** (PALAs). Collectively, these agreements provide access to 93,841 acres of previously inaccessible or under-accessible public lands.

- **AJ Kuhry Ranch PALA:** 7,045 acres (BLM)
- **AP- PN Ranch PALA:** 3,136 acres (DNRC)
- **Boone and Crockett Ranch PALA:** 57,300 acres (USFS)
- **Wherley Ranch PALA:** 362 acres (BLM)
- **M&V Farm and Ranch PALA:** 3,732 acres (DNRC/BLM)
- **Williams Ranch PALA:** 640 acres (DNRC)
- **Broken Spoke Ranch PALA:** 560 acres (BOR)
- **Fisher Coulee PALA:** 10,000 acres (BLM, CMR)
- **Jackson Place PALA:** 7,978 acres (BLM)
- **Meissner South:** 2,368 acres (BLM, DNRC)
- **Meissner North:** 720 acres (BLM)

Hunters planning on hunting **Public Access Land Agreements** should obtain and review individual maps for access dates, travel restrictions, and additional rules. PALA maps are available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

FWP has enrolled one Region 4 landowner in **Access Public Land Agreements** (APLs)

- **Buckskin Butte APL:** 640 acres (DNRC)

Hunters planning on hunting **Access Public Land** agreements should obtain and review individual maps for access dates, travel restrictions, and additional rules. PALA (should read APL) maps are available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

FWP manages hunter-use on **Conservation Easements** (CEs) totaling 42,518 acres in Region 4.

- **Bird Creek Ranch CE:** 2,292 acres, hunting administered through BMA#51
- **Chokecherry Bend CE:** 801 acres, hunting administered through BMA#49
- **Harris Land and Cattle CE:** 10,013 acres, reservations required
- **Moline Ranch CE:** 4,901 acres, hunting administered through BMA#8
- **Pheasant Bend CE:** 294 acres, hunting administered through BMA#1
- **Riverdale Ranch CE:** 850 acres, hunting administered through BMA#50

- **Everson Bench CE:** 2,550 acres, hunting administered through BMA#204
- **Coffee Creek CE:** 800 acres, hunting administered through BMA#70
- **North Shore CE:** See Regional Office for Map and Rules
- **Fargo Coulee CE:** 2,698 acres, See Regional Office for Map and Rules
- **Birdtail Hills CE:** 4,089 acres, hunting administered through BMA#147
- **Whiskey Ridge CE:** 4,630 acres, hunting administered through BMA#195
- **Wolf Creek CE:** 1,883 acres, hunting administered through BMA#138
- **Randall Coulee CE:** 2,900 acres, hunting administered through BMA#34
- **Bay Ranch CE:** 3,817 acres, hunting administered through BMA#68
- **Stafford Ferry CE:** 1,008 acres, hunting administered through BMA#195

Hunters planning on hunting Conservation Easements should obtain and review individual maps for additional rules and permission requirements. CE maps are available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

Region 5

2026 Block Management Program

ABOUT REGION FIVE'S HUNTING ACCESS PROGRAM

In 2026, there are 107 Block Management Areas (BMAs) that will provide access to approximately 499,289 acres of private, state, and federal lands. Like others, Region 5 (R5) has Type 1 and Type 2 BMAs (discussed near the front of this Guide), which give hunters flexibility in gaining permission. About half are Type 1 and half are Type 2 in R5. Regardless of permission type, please keep in mind that BMAs are comprised wholly or partially of private lands. As a hunter you have the privilege to access these lands, and your behavior will play a significant role in the future of Montana's hunting heritage. Good luck and be safe!

HOW TO OBTAIN MAPS FOR R5

Maps may be downloaded at fwp.mt.gov/bma, requested in person at the FWP R5 Headquarters at 2300 Lake Elmo Drive in Billings, by e-mailing fwpr5bmp@mt.gov or by calling (406) 247-2940.

HOW TO OBTAIN PERMISSION TO HUNT

Each BMA rules/map lists the method and steps for obtaining permission to hunt on that particular area. Please abide by times for calling landowners, if listed. If times are not listed, please be considerate and call at reasonable hours. Landowners are not required to and may not return phone calls. While obtaining permission to hunt BMAs within R5, please keep the following Administrative Rules/policies in mind:

- **Use only current year BMA rules/maps.** R5 produces new rules/maps each year to address rule, boundary, or permission method changes. Also, there is some turnover in BMAs from year to year so a previous BMA may no longer be enrolled.
- **Reservations may not be made before August 22nd** (abide by the date shown on the individual BMA map/rules as it may be later than this). If a BMA takes reservations, a hunter may only have one reservation on that BMA at any one time. After the dates of the reservation pass, a hunter may make another reservation to hunt that BMA. Hunters may have reservations on more than one BMA as long as they are not for the same hunting dates. Reservations can be up to three days but must be for consecutive days. Individuals from the same hunting party may not make reservations for consecutive three-day blocks in an attempt to book more than three days for their party. Hunters may hunt more than one BMA in a day but are prohibited from making reservations to hunt on more than one limited-hunter BMA per day. *Some BMAs that allow early archery antelope and early elk shoulder season open for reservations on August 10th.*
- **Cancellations.** If you make reservations on a BMA and are unable to hunt, please inform the landowner of this as soon as possible. Also inform them if you are successful early in your hunt and will not be hunting all the days you have permission for. Failure to do so may result in the loss of hunting privileges on that BMA for the remainder of the hunting season. Be courteous and give others an opportunity to hunt.

OTHER HUNTING OPPORTUNITIES IN SOUTH-CENTRAL MONTANA

About 7% of the land base in FWP Region 5 is enrolled in the Block Management Program. That leaves a great deal of land and associated hunting opportunities to explore. Hunters are encouraged to look at these opportunities and not limit their days afield only to BMAs.

- **Private lands not enrolled in Block Management.** Remember to ask for permission before hunting private lands and abide by landowners' instructions.
- **US Forest Service.** Region 5 has portions of two National Forests (Custer Gallatin and Helena-Lewis & Clark) within its boundaries. Nearly all these lands are open to public hunting.
- **Bureau of Land Management.** Most BLM lands are open to hunting and are scattered throughout Region 5. The biggest blocks can be found in the northeast and southern portions of the Region.
- **State School Trust (DNRC).** DNRC lands (school sections) are scattered throughout our Region and usually in parcels of 640 acres or less. Hunting is allowed on most lands and is subject to DNRC rules. Hunters should read and be familiar with these rules before hunting.
- **Other.** US Fish and Wildlife Service and National Park Service. Hunting is allowed on some of these lands and is subject to the regulating Agency's rules. Please contact them before hunting.

Public Access Land Agreement (PALA) and Unlocking Public Lands (UPL) opportunities include:

- **Cottonwood Creek PALA, east of Silesia:** 480 acres BLM, open July 1-June 30

To receive maps & permission information through the mail, please call (406) 247-2940 or email fwpr5bmp@mt.gov requests processed Monday to Friday.

Region 6

2026 Block Management Program

Region 6 has 454 properties enrolling 1,253,110 acres making up 210 Block Management Areas (BMAs) and providing enhanced access to well over 700,000 public land acres. These areas offer excellent opportunity to hunt whitetail and mule deer, elk, antelope, upland game birds, turkey, and waterfowl. Please be sure to read the county information below and see BMA tables for specific hunting opportunities. Please refer to the 2026 Montana FWP Hunting Regulations for the updated Hunting Districts.

Most of our BMAs are open from September 1 to January 1, but some open early for the antelope archery only season. Spring Turkey 2027 is offered on some properties, please use the hunt planner in the Spring for a list of those opportunities.

Two kinds of BMAs are available in Region 6, classified as Type 1 and Type 2 BMAs. In this region, Type 1 BMAs are areas in which hunters administer their own permission by using daily sign-in boxes. Type 2 BMAs are areas in which written permission is given to the hunters by landowners, MFWP, or call reservation center.

Hunters can obtain specific BMA maps and rules on site at sign-in box locations or at landowner residences. Region 6 maps of all BMAs are available online at <https://fwp.mt.gov/hunt/access/blockmanagement> and click on the BMA Map tab below. The Region 6 Hunting Access Guide, detailing all Region 6 BMAs, is available through MFWP offices or online beginning the middle of August. Hunters can use this guide to compare BMAs on the included regional map, with the correlating BMA description charts to compare size, geographical location, and hunting opportunities desired.

Other hunting access opportunities exist within the region as well. There are 13 Wildlife Management Areas (WMA) open to hunting. For WMA rules and regulations please visit the Wildlife Management Area website at <https://fwp.mt.gov/conservation/wildlife-management-areas>. Other hunting access opportunities in Region 6 are Access Public Lands (APL), Unlocking Public Lands (UPL), and Public Access Land Agreements (PALA). These other opportunities are listed in the last table of the Region 6 information and can also be found on the MFWP Hunt Planner Map under other access information tab. Maps associated with these projects will show up when you click the project and click **view** next to the PDF Map text, when the pop-up box appears.

The Region 6 Block Management staff encourages you to share your experience on specific BMAs by sending comment cards, pictures, or letters to the Glasgow office, or by dropping off comment or survey cards in sign-in boxes. We share these with landowners to show your appreciation, or to help improve the program. You can also reach us with questions, letters, or comments about Region 6 Access Programs at region6.access@mt.gov.

TABLE OF CONTENTS

Blaine County.....	79-82
Choteau County.....	82-83
Daniels County.....	83-84
Dawson County.....	84
Garfield County.....	85
Hill County.....	85-86
McCone County	86-89
Phillips County	89-94
Richland County	94-97
Roosevelt County	97-98
Sheridan County	98-100
Valley County	101-106
Other Access Programs	106-108

Blaine County

The majority of Blaine County is made up of private land. Significant blocks of BLM are in the north and southeast portions of the county. There are 30 BMAs with 250,293 acres enrolled in the Block Management program in this county.

Mule deer numbers are above the long-term average in the northern part of the county, but below the long-term average in the southern part of the county. White-tailed deer are found in highest densities along the Milk River and throughout the Bears Paw Mountains. Antelope numbers are currently still below average.

Upland bird numbers are generally below average due to recent drought conditions throughout most of the county. Sharp-tailed grouse occur throughout much of the county but are often found in higher numbers near brushy coulees in the Bears Paw and prairie habitats. Sage grouse populations are very limited throughout most of northern Blaine County due to the limited habitat but can be found in better numbers in sagebrush habitats just north of the Missouri River Breaks. Sage grouse numbers are slightly below average. Partridge can be found throughout the county. Partridge populations have fared better than other upland birds and are at or slightly below the long-term average. Pheasants can be found in moderate densities in areas near the Milk River and are currently below average.

Ducks and geese are found throughout the county. Wetland conditions are good in most parts of the county this year, which should result in improved waterfowl hunter opportunity this fall.

Chouteau County

The majority of Chouteau County is comprised of private land. Significant blocks of BLM lands are located along the Missouri River. There are 3 BMAs with approximately 15,093 acres of land enrolled in the program within the county.

There can be good population densities of mule deer in the uplands near the Missouri and Marias Rivers, and south of the Bears Paw Mountains. There is quality white-tailed deer habitat along the Missouri and Marias River bottoms and associated CRP acreage. Mule deer numbers are currently below average in this area. White-tailed deer populations are above the long-term average. Antelope occur in moderate densities near Big Sandy and numbers are slightly below average.

Upland bird numbers are expected to still be below average this fall due to past drought conditions, although production this spring was good. There are usually better densities of sharp-tailed grouse in the foothills of the Bears Paw Mountains and patchy populations of partridge throughout the county. Pheasants are found mostly along riparian areas and nearby CRP. Limited sage grouse populations can be found in sagebrush habitats north of the Missouri Breaks.

There are decent duck and goose hunting opportunities along the Missouri River.

Daniels County

Daniels County is comprised of about 70% private land and 30% state and federal owned land. There are 13 BMAs with 93,318 acres enrolled in the program.

White-tailed deer populations are near average levels. Mule deer populations are currently above long-term average. Antelope populations are near average levels.

Sharp-tailed grouse and pheasant populations are above average and habitat conditions and brood production are expected to be good. Hunters should be prepared to adapt their hunting practices depending on land use and habitat conditions. Partridge populations are spotty but fair in suitable habitat.

Waterfowl can be found throughout the county on stock ponds and along the Poplar River. Wetland conditions are below average with many smaller wetlands dry or drying down with summer heat.

Hill County

The majority of Hill County is comprised of private land. There are 8 BMAs with 36,390 acres enrolled in the program, within the county.

Mule deer populations have been stable and are currently above the long-term average. White-tailed deer can be found in higher densities along the Milk River, throughout the Bears Paw area, and areas near private land agriculture. White-tailed deer numbers are currently above average. Antelope habitat is more limited, but antelope populations have been faring well and have been above average in agricultural areas.

Upland bird numbers are expected to be below average this fall due to past drought conditions although production this spring was good. Sharp-tailed grouse can be found in higher densities in brushy coulees near the Bears Paw Mountains and on the prairies. Sage grouse are extremely rare due to the limited amount of habitat available. Partridge can be found throughout the county, but distribution can be spotty. Pheasants are found in moderate densities in areas along the Milk River and adjacent tributaries.

Ducks and geese are found throughout the county. Wetland conditions are poor in most parts of the county this year, which will likely result in patchy waterfowl distribution and reduced waterfowl hunter opportunity this fall.

McCone County

The east half of McCone County is mainly privately owned. BLM acreage increases in the west. The Charles M. Russell National Wildlife Refuge is located on the extreme west border. There are 16 BMAs with 91,549 acres enrolled in the program in the Region 6 Portion of the county. There are also some BMAs located in the county that are administered by Region 7.

Mule deer are found throughout the county especially in rougher country and populations are above the long-term averages. White-tailed deer numbers are improving from recent years but are currently below average.

The antelope populations are now above their long-term averages. They can be found throughout the county, utilizing native prairie as well as agricultural fields.

Sharp-tailed grouse numbers are expected to be good and can be found in rough/brushy country. Hungarian partridge are found in spotty populations. The best areas to find pheasants are along the Missouri River, in CRP and associated riparian areas.

Waterfowl can be found throughout the county at stock ponds and along the Missouri River. Wetland conditions and waterfowl numbers are lower this year due to drought conditions.

Phillips County

The majority of Phillips County is private land with substantial amounts of public land also occurring throughout the county. The Charles M. Russell (CMR) National Wildlife Refuge (NWR) is located along the south edge of Phillips County and borders Fort Peck Reservoir. Bowdoin NWR, as well as several small Waterfowl Production Areas (WPAs) and MFWP Wildlife Management Areas (WMAs), are also found here. There are 42 BMAs with 334,451 acres of private land and enhanced access to public lands.

There is good mule deer and antelope habitat across the county although the mule deer population is below long-term average. Antelope populations throughout the county are also slightly below their long-term average. Mule deer are found in many areas and are generally found in the prairie, badlands and breaks habitats, while antelope occupy more gently sloped prairie and agriculture habitat. White-tailed deer are located along the Milk River bottom and in areas associated with private land agriculture in North and South Phillips. Current whitetail populations are below their long-term average.

Elk are primarily found in the southern portions of the county in the Missouri River Breaks and Larb Hills. All elk hunting is by special permit only in these areas. Hunters having an elk permit should be prepared to hike at least a mile away from roads and have some means to retrieve their elk (game cart, pack, horses, etc.) since most elk quickly seek secure habitat away from roads and trails.

Upland bird numbers are expected to be below average this fall with reduced adult numbers going into nesting. Though Phillips County has had more spring precipitation than previous years, drought conditions are still likely negatively affecting nesting and early brood rearing success. Upland game bird numbers can vary throughout the county due to localized habitat and weather conditions that influence brood survival through fall. Pheasant hunting opportunities are best along the Milk River and associated drainages, but access is limited on private land and heavy hunting pressure can occur on public lands, including Bowdoin National Wildlife Refuge, WPAs, and WMAs. Sage grouse numbers are higher in the southern half of the county, while sharp-tailed grouse and Hungarian partridge can be found throughout the county. Wetland conditions are expected to be moderate to poor across Phillips County due to lower than average snow accumulation throughout the previous winter. Many small and medium sized wetland basins are currently dry. Larger wetlands and reservoirs are low, but still holding water and will provide some waterfowl hunting opportunity across the area.

Richland County

The majority of Richland County is privately owned. Hunting access is fair, except along the Missouri River where access is more restricted. There are 12 BMAs with 55,037 acres enrolled in the program in the Region 6 part of the county. There are additional BMAs located in the south and east portions of the county administered by Region 7.

White-tailed deer are distributed throughout the county, but populations are currently below average levels, particularly in the eastern portion of the county and along the Missouri river. Mule deer numbers are above average and can be found throughout the county within suitable habitats. Antelope populations continue to remain near average can be found throughout the county.

Sharp-tailed grouse numbers are good throughout the county, while partridge are found scattered throughout the county. Habitat conditions have been good, and the county is currently in recovering from drought conditions. The county is likely still producing a fair number of upland game birds due to the quality brood

rearing habitats throughout the county. The pheasant and turkey populations are good and are strongest along the Missouri and Yellowstone River bottoms. Hunters should be prepared to adapt their hunting practices to locate game bird species.

Waterfowl can be found throughout the county in stock ponds and along the Yellowstone and Missouri Rivers. Expect fair waterfowl opportunities.

Roosevelt County

The majority of Roosevelt County is comprised of private land, with good hunting access, except for along the Missouri River. This county has 9 BMAs with 38,392 acres enrolled in the program.

White-tailed deer are distributed throughout the county, but populations are currently below average levels, particularly in the eastern portion of the county and along the Missouri river. There are good numbers of mule deer found in rough topography adjacent to the Missouri River and moving up into the CRP and drainages. The county contains limited antelope habitat but still supports scattered antelope herds.

Sharp-tailed grouse and pheasant populations are currently above average levels. Spring and summer habitat conditions should produce average to good numbers of young birds. Overall, habitat conditions are good for upland game birds. Hunters should be prepared to adapt their hunting practices depending on land use and habitat conditions. Partridge populations are expected to be fair. Turkey populations are limited to the Missouri River bottom and adjacent uplands.

Waterfowl hunting opportunities are fair. Wetland conditions are below average with many smaller wetlands dry or drying down with summer heat.

Sheridan County

The majority of Sheridan County is comprised of private land. Parts of the Medicine Lake National Wildlife Refuge and numerous Waterfowl Production Areas are open to public hunting. Contact the refuge headquarters for further information (406-783-2305). In the county, there are 24 BMAs with 75,655 acres of land enrolled in Block Management.

White-tailed deer populations are below average levels in the southern portion of the county, with levels closer to average in the northern part of the county. Mule deer populations are currently above long-term average and remain strong in areas of higher quality habitat. Antelope populations are scattered throughout the county, but fair numbers can be found throughout the agricultural areas.

Sharp-tailed grouse and pheasant populations are currently above average levels. Spring and summer habitat conditions should produce average to good numbers of young birds. Overall, habitat conditions are good for upland game birds. Hunters should be prepared to adapt their hunting practices depending on land use and habitat conditions. Partridge populations are expected to be fair.

Waterfowl hunting opportunities are available throughout the county, but waterfowl tend to group up on larger wetlands and lakes as the summer progresses and wetlands dry up. Waterfowl numbers are fair in areas with more stable wetlands. Wetland conditions are below average with many smaller wetlands dry or drying down with summer heat.

Valley County

The majority of Valley County is public land. Substantial amounts of public land are located throughout the county. The Charles M. Russell National Wildlife Refuge is in the southern portion of the county. Two Wildlife Management Areas (WMAs) are located near Hinsdale. In the Block Management Program, there are 52 BMAs with 248,932 acres of private land and public land with enhanced access in Valley County.

Mule deer populations occur across the county. Due to drought over the last few years and suppressed habitat conditions, mule deer numbers have dropped to near average levels in the southern half of the county and below average in the northern half of the county.

White-tailed deer can be found throughout Valley County, especially along the Milk River and associated creek drainages. Whitetail numbers are below their long-term average, but they can still be found in lower numbers throughout their habitat.

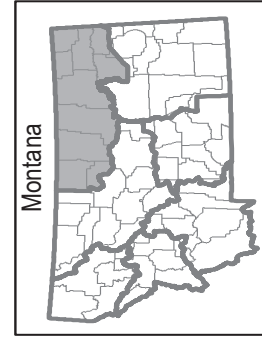

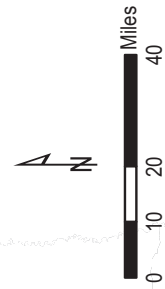

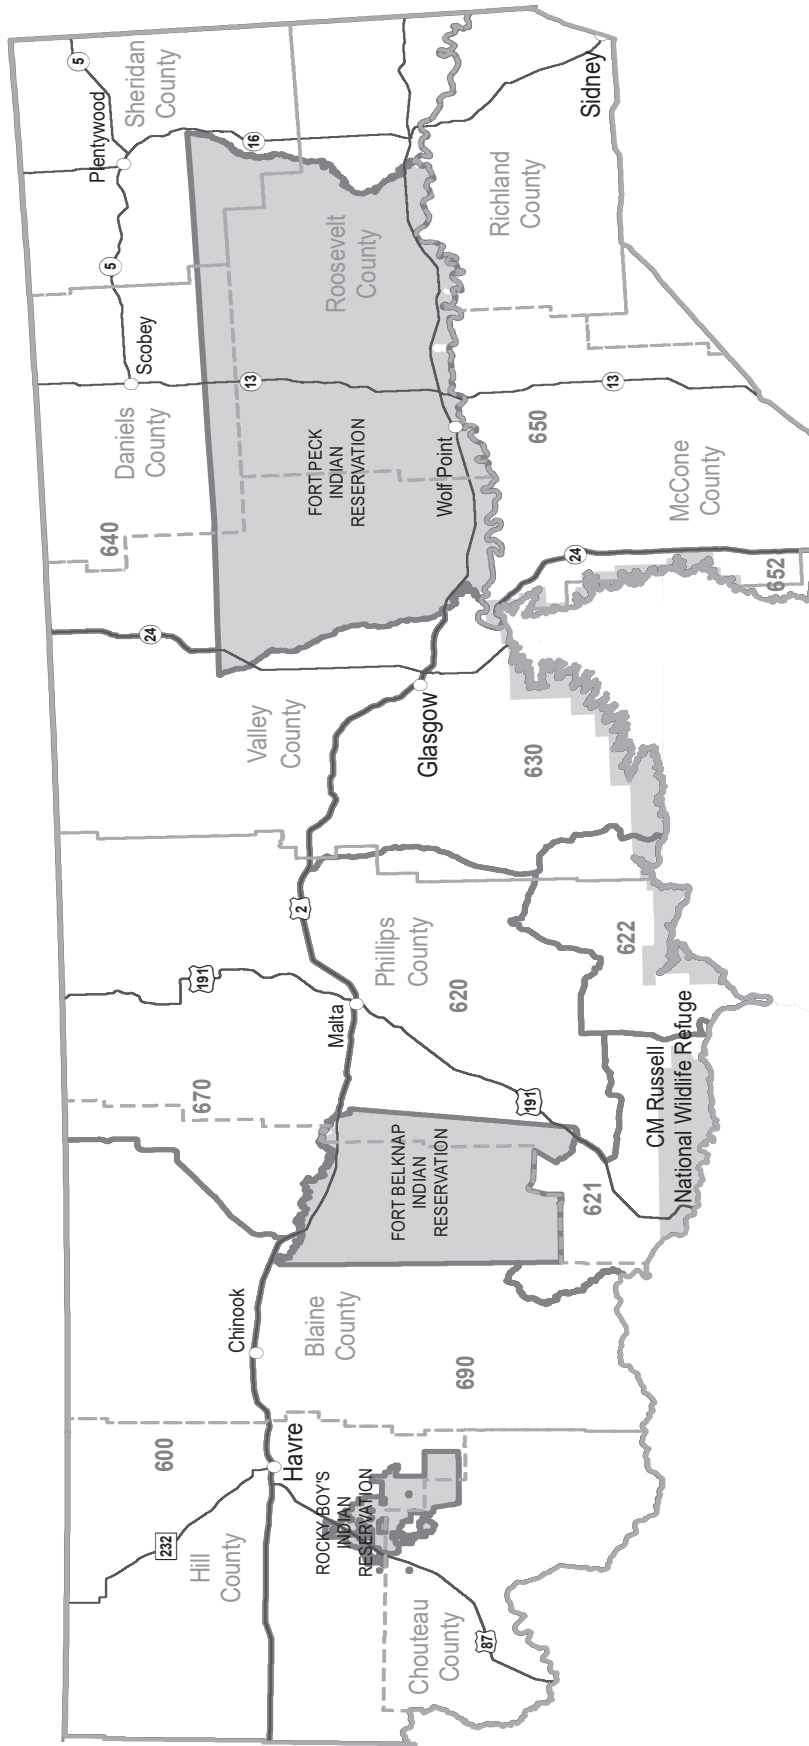

Antelope can be found throughout the county, with totals this year that are above the long-term average.

Most elk are found in the Missouri River Breaks and all elk hunting is by special permit or limited license only in these areas.

Sharp-tail grouse numbers are expected to be average this fall and are found mainly in the northern part of the county and in the Missouri Breaks. Sage grouse numbers this year are expected to be low from drought in previous years and are best found in large blocks of sagebrush habitat. Hungarian partridge populations are spotty. Pheasant populations are expected to be near average. Pheasants are typically found within the Milk River valley and can also be found in CRP and other associated riparian habitats outside the river valley.

Waterfowl can be found throughout the county in stock ponds and along the Milk and Missouri Rivers. Waterfowl hunting opportunities will be less abundant with poorer wetland conditions this year due to drought conditions.

REGION 6 BLOCK MANAGEMENT AREAS - BLAINE COUNTY

BMA No.	BMA Name	General Location	Acres	Dates Open To Hunting	BMA Type	Primary Hunting Opportunities	Hunting District	Additional Information & BMA Restrictions
8	Halseth	South of Chinook	2,408	9/1-1/1	1	WT/M Deer Upland Birds Antelope Waterfowl	D/E 690 ANT 690	Walk-in hunting only from public roads. Enrolled in Block Management Enforcement Network.

- Horse Creek Complex, BMA #255: Call (406) 234-0932
- Aberg Ranch, BMA #322 & N. J. Hastetter, BMA #93: Call (406) 234-0933
- Guyer Ranch, BMA #448: Call (406) 234-0929

ABOUT REGION 7 HUNTING ACCESS PROGRAM

In 2026, there are 245 Block Management Areas (BMA's) that provide access to 1,985,409 acres of private, state, and federal lands. Similar to other FWP Regions, Region 7 (R7) has Type 1 and Type 2 BMA's, which gives hunters flexibility in gaining permission. About one-third of Region 7 BMA's are Type 1 and two-thirds are Type 2. In general, Type 1 BMA's allow the hunter to administer their own permission, while Type 2 BMA's require obtaining permission from the landowner or a representative. Regardless of permission type, please keep in mind that BMA's are comprised wholly or partially of private lands. As a hunter, you have the privilege to access these lands and your behavior will play an important role in the future of Montana's hunting access and heritage.

The Region 7 staff encourages hunters to share their experiences on specific BMA's. Please return comment cards to sign-in boxes and/or mail in the self-addressed, postage paid blue comment cards. These comments are used to improve the program as well as to show your appreciation to cooperating landowners. Pictures from your hunt are also an effective way to share your experience and can be emailed to fwpr7bmp@mt.gov. Along with comment cards, the pictures will be shared with the landowners to express your gratitude. Good luck and be safe!

HOW TO USE THIS GUIDE FOR HUNTING IN REGION 7

Included in this Guide is a regional map depicting the general location, identification number, and permission type for each BMA. There is also an associated chart that is organized by county and arranged in order by the BMA number. This chart gives general information for each BMA. The information in this chart will help locate the hunting opportunities you wish to pursue. **It is important to recognize each BM cooperator utilizes their own management style: this may include limits on daily hunter numbers, vehicular travel restrictions, pasture assignments, temporary closures, etc...** The following outlines the procedure to request additional information for individual BMA's:

1. Refer to the map and chart to identify individual BMA's you are interested in hunting. Note: The chart lists 'Primary Hunting Opportunities'. This is intended to assist hunters in selecting a BMA that fits their desired hunting opportunity. In contrast, for a BMA that does not list a particular commissioned game specie or species, the omission of that specie(s) is not intended to represent that those game specie(s) may not be found or could not be hunted on that particular BMA. 'Primary Hunting Opportunity' information should be used as general reference regarding game that is most likely to occur on the BMA. BMA's that have a formal species restriction in place will have noted such a restriction in the 'Additional Information' column. It is important to note that BM cooperators may exercise their discretion in managing the hunting on their property in response to environmental conditions and game numbers.
2. If you select a Type 1 BMA... Rules/maps can be obtained onsite at the hunter sign-in boxes or in person at the Region 7 FWP office in Miles City.

3. If you have selected a Type 2 BMA...Using the BMA number, request landowner contact information from the Fish, Wildlife & Parks Region 7 headquarters in Miles City. Individual landowner contact information may be obtained in person at 352 I-94 Business Loop, by e-mailing fwpr7bmp@mt.gov or by calling (406) 234-0930.
4. If you need more specific information about a BMA to assist in your planning efforts, a complete set of R7 BMA maps will be available for viewing at the Region 7 FWP headquarters. **We are encouraging hunters to view and print their own maps from our website or request that maps be mailed or emailed to them, rather than pick them up in person at the office in order to help reduce the amount of paper maps distributed in person.** Hunters are allowed to receive a maximum of **five maps per day**. Please help us reduce administrative costs by only requesting the maps of BMA's you intend to visit.
5. Individual BMA maps/rules will also be available for viewing/printing on the FWP website: fwpr7bmp@mt.gov/bma

HOW TO OBTAIN PERMISSION TO HUNT REGION 7 BMA'S

Again, Type 1 BMA's are hunter administered (see step 2 above). For Type 2 BMA's, landowner contact information will be given for up to 5 BMA's per phone inquiry. Contact information usually consists of the name and phone number of the person(s) with authority to grant permission. When you are contacting landowners to secure permission to hunt, please abide by the specified calling times for the cooperator. When call times are not specified, please call between **7:00am and 9:00pm Mountain Time**. Due to the volume of calls received, landowners are not required to and should not be expected to return phone calls. While obtaining permission to hunt BMA's within R7, please keep the following administrative rules/policies in mind:

- **Use only current year BMA rules/maps.** R7 produces new rules/maps each year to address rule, boundary, or permission method changes. Also, there is some turnover in BMA's from year to year, therefore a BMA from a previous year may no longer be enrolled.
- **Reservations may not be made before August 22nd.** If a BMA takes reservations, a hunter may only have one reservation on that BMA at any one time. After the dates of the reservation pass, a hunter may make another reservation to hunt that BMA. Hunters may have reservations on more than one BMA as long as they are not for the same hunting dates. Reservations can be up to three days. Individuals from the same hunting party may not make reservations for consecutive three-day blocks in an attempt to book more than three days for their party. Hunters may hunt more than one BMA in a day, but are prohibited from making reservations to hunt on more than one limited-hunter BMA per day.
- **Cancellations.** If you make advance reservations on a BMA and are unable to hunt, **please inform the landowner of this as soon as possible.** In addition, inform the landowner if you are successful early in your hunt and won't be hunting for your full scheduled reservation. Failure to do so may result in the loss of hunting privileges on that BMA for the remainder of the hunting season. Please be courteous and give others an opportunity to hunt.

ADDITIONAL HUNTING OPPORTUNITIES IN SE MT

Approximately 11% of the total land in FWP Region 7 is enrolled in the Block Management Program, leaving a large amount of other land with potential hunting opportunities for hunters to explore. Hunters are encouraged to consider these other opportunities and not limit their hunting activities to only BMA's.

PUBLIC ACCESS LAND AGREEMENTS (PALA)

- **Connor Beach:** provides 1 mile of motorized access to 949 acres of inaccessible State Land. No permission required. From Baker, south on Hwy 7 approximately 18 miles to Longview Rd. then west 3.6 miles to Calumet Rd. then 1 mile north to access point. Open July 1 – June 30.

- **Country Cross Ranch LLC:** provides 2.15 miles of motorized access to 968 acres of inaccessible BLM land through private property and BLM. The 2.15 miles of access road is a mix of 1.26 miles of private road and .89 miles of public land road. The Country Cross PALA enhances access to inaccessible BLM. Landowner permission required to access. From Glendive, north on Hwy 16 approximately 12.5 miles to ranch entrance. Open September 1 – May 31.
- **Doug Weeding:** provides walk-in access from designated parking area to over 12,000 acres of under-accessible State and BLM lands. No permission required. From Jordan, northwest on Brusett Rd. approximately 22 miles to Four Corners Rd. North then 3 ¼ miles north to the parking areas. Open July 1 – January 1.
- **Eayrs Ranch:** provides 24 miles of motorized access to over 17,000 acres of inaccessible and under-accessible BLM and State Land through private property, BLM & State Land. The 24 miles of access road is a mix of 4.81 miles of private road and 19.19 miles of public land road. No permission required. From Glendive, south on Rd 335 approximately 11 miles to CR 100 then southeast approximately 6.5 miles to the private land road access point. Open August 15 – January 1.
- **Harbaugh Ranch Co:** provides 4 miles of motorized access to a designated parking area with walk-in access to under-accessible BLM and State Land. Landowner permission required to access. From Jordan, east on Hwy 200 approximately 7 miles to the Harbaugh Ranch Co. driveway on Harbaugh Valley Road then south approximately 3.5 miles to ranch headquarters. Open July 1 – June 30.
- **Hofmann Ranch Inc:** provides 3.5 miles of motorized access to 1,280 acres of inaccessible State Land and BLM through private property and BLM. The 3.5 miles of access road is a mix of 1.84 miles of private road and 1.66 miles of public land road. Landowner permission required to access. From Miles City, east on Highway 12 approximately 48 ¾ miles to Rd 337 then 1.93 miles north to access point. Open July 1 – June 30.
- **Jared Kountz:** provides walk-in access to 318 acres of under-accessible BLM land and also provides .32 miles of motorized access to the Yellowstone River. No permission required. From Terry, north on Hwy 253 approximately one mile to the access point to the Yellowstone River. Open July 1 – June 30.
- **Ry O'Connor:** provides walk-in access from designated parking area to 640 acres of inaccessible State Land and walk-in access from accessible BLM land through private land to 920 acres of inaccessible BLM land. No permission required. From Plevna, south on Hwy 494 approximately 7.2 miles to Plevna Road South, then south 7.5 miles to Lame Jones Trail, then west 2 miles to parking area. Open August 15 – January 1.
- **Reverse E Ranch:** provides 13.07 miles of motorized access road to 7,842 acres of inaccessible and under-accessible BLM and State Land through private property, BLM and State Lands. The 13.07 mile access road is a mix of 5.4 miles of private road and 7.67 miles of public land road. Landowner permission required to access. From Terry, north on Hwy 253 approximately 10.3 miles to Cherry Creek Road then west approximately 6.5 miles to the access road. Open July 1 – June 30.
- **Robert Reukauf Ranch:** provides 12.58 miles of motorized access to 2,396 acres of under-accessible BLM land through private property and BLM lands. The 12.58 miles of access road is a mix of 4.97 miles of private road and 7.61 miles of public land road. Landowner permission required to access. From Terry, north on Hwy 253 approximately 10.3 miles to Cherry Creek Road then west approximately 14 miles to North Fork Cherry Creek Road then north 5.7 miles to ranch headquarters and access point. Open July 1 – June 30.
- **Sackman Inc:** provides .82 miles of motorized access through private property and BLM to 493 acres of under-accessible BLM land and access to the Yellowstone and Powder River for fishing access. The .82 mile PALA access road is a mix of .2 miles of private road and .62 miles of public land road. No permission required. From Terry, west on Old Highway 10 approximately 6.2 miles to the access point. Open July 1 – June 30.

PRIVATE LANDS NOT ENROLLED IN BLOCK MANAGEMENT

Region 7 is comprised of primarily private land (76%). Although the region has 247 BMA's enrolling approximately 1.5 million private acres (8%) of the 19.5 million acres of private land in Region 7, hunting access can often be obtained on non-Block Management private property throughout much of the region by respectfully asking for hunting permission. Always remember to "Ask for Access" before hunting on private land.

PUBLIC LANDS

In Region 7, there are over 3.8 million acres of public ownership (BLM, State Lands, National Forest Service and National Wildlife Refuge). This assortment of public land constitutes a land base composition of 18% federal land and 6% State of Montana Department of Natural Resources and Conservation (DNRC) land. Public lands are accessible via public roads or waterways, adjacent public land and adjacent private land with landowner permission. Hunting activities on federal lands are subject to both state and federal regulations. ***Some legally accessible tracts of Department of Natural Resource Land (State School Trust Land) are formally enrolled in the Block Management Program. Formally enrolled State Lands must be posted with contact information for the method of obtaining permission. If a BMA contains formally enrolled State Land, it will be noted in the Access Guide and on the map.*** Please contact regional FWP staff to verify accessibility and use rules for accessing public lands contained within BMA boundaries.

FWP administers **Wildlife Management Areas** (WMAs) throughout the region, each of which provides some hunting opportunities. WMAs in the region include:

- **Amelia Island WMA:** 191 acres, north of Hysham
- **Isaac Homestead WMA:** 1,263 acres, west of Hysham
- **Elk Island WMA:** 1,408 acres, near Savage
- **Seven Sisters WMA:** 1,554 acres, near Crane

WMA maps available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

FWP also administers numerous **Fishing Access Sites** (FASs) and **State Parks** (SPs) throughout the region that provide some hunting opportunities. These sites include:

- **Myer's Bridge FAS:** 49 acres, no weapons restrictions
- **Far West FAS:** 34 acres, archery and/or shotgun only
- **Twelve Mile Dam FAS:** 27 acres, waterfowl/upland game bird season only, shotgun only
- **Kinsey Bridge FAS:** 28 acres, archery and/or shotgun only
- **Bonfield FAS:** 56 acres, archery and/or shotgun only
- **Fallon Bridge FAS:** 6 acres, archery and/or shotgun only
- **South Sandstone FAS:** 581 acres, archery and/or shotgun only
- **Stipek FAS:** 119 acres, archery and/or shotgun only
- **Intake Dam FAS:** 405 acres, archery and/or shotgun only
- **Johnson Reservoir FAS:** 30 acres, no weapons restrictions
- **Elk Island FAS:** 69 acres, no weapons restrictions
- **Seven Sisters FAS:** 8 acres, no weapons restrictions
- **Gartside Reservoir FAS:** 159 acres, no weapons restrictions
- **Diamond Willow FAS:** 80 acres, no weapons restrictions
- **Pirogue Island SP:** 269 acres, archery and/or shotgun only
- **Medicine Rocks SP:** 330 acres, no hunting around campgrounds & developed areas
- **Makoshika SP:** 11,538 acres, contact the park for hunting regulations and restrictions
- **Rosebud Battlefield SP:** 4,220 acres, no weapons restrictions
- **Tongue River Reservoir SP:** 642 acres, archery and/or shotgun only

Maps available online at <https://fwp.mt.gov/gis/maps/huntPlanner/>

Other public hunting opportunities include:

- **Tongue River Ranch (DNRC):** 20, 979 acres, southwest of Miles City
- **Angela Farm (DNRC):** 16,952 acres, northwest of Miles City
- **Pumpkin Creek Ranch Recreation Area (BLM):** 21,206 acres, south of Miles City

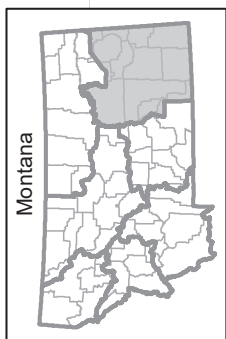

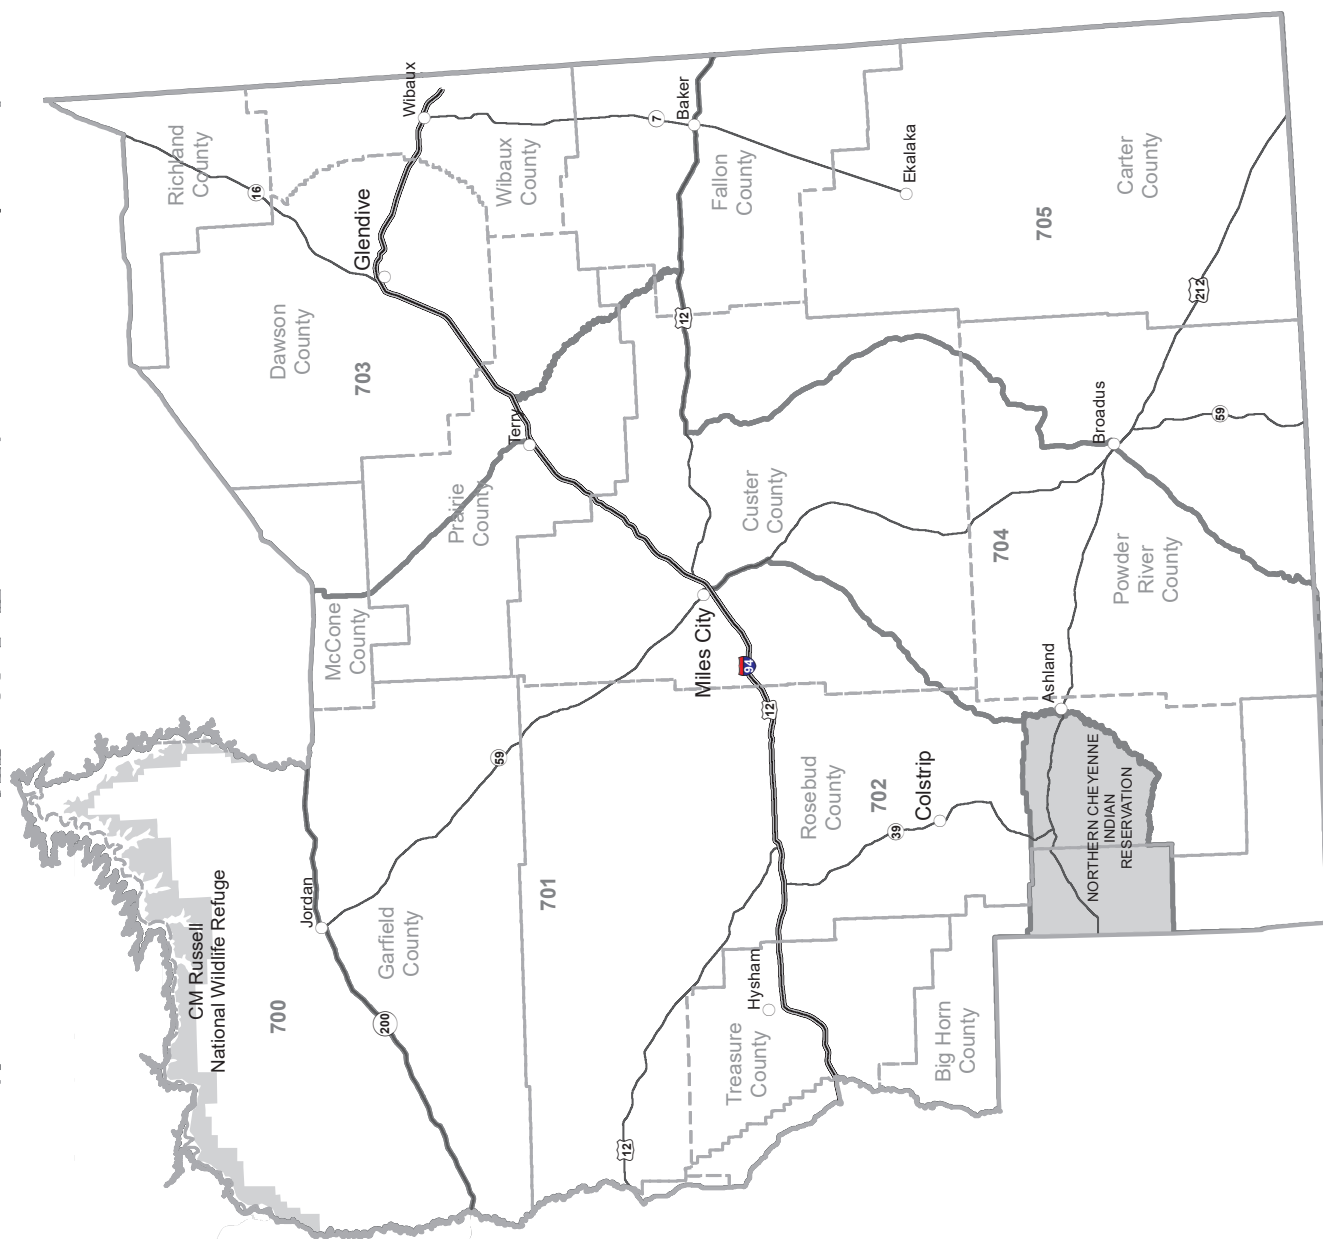

- **Knowlton Travel Management Area (BLM):** 15,000+ acres, east of Knowlton
- **Hay Draw Travel Management Area (BLM, DNRC, FWP):** 30,000+ acres, east of Broadus, road open July 1st – December 15th

WILDLIFE INFORMATION

Region 7 produces, on average, 25% of the state's annual mule deer harvest; 12% of the state's white-tailed deer harvest (*22% of the total statewide deer harvest*); 35% of the state's annual antelope harvest; and 5% of the state's elk harvest. The Region supports populations of six species of upland birds and a variety of waterfowl that provide diverse hunting opportunities .

- **Antelope** - Antelope are common throughout Southeastern MT (R7). Hunting Districts (HD) 701 and 705 are traditionally the more productive antelope districts..
- **Elk** – Isolated but expanding populations of elk exist throughout Region 7. Primary elk hunting opportunities are located in the northern portion of HD 700 as well as the southern portion of HD 704.
- **Mule Deer** – Mule Deer are common throughout Southeastern MT (R7). HD 703, 704 and 705 are traditionally the more productive mule deer districts.
- **White-tailed Deer** – White-tailed deer can be found across the region associated with riparian and agricultural habitats. HD 701 and 703 offer the majority of white-tailed deer habitat.
- **Upland Game Birds** - Six species of upland game birds occur in Southeastern Montana. Native birds include sharp-tailed grouse, sage grouse and the migratory mourning dove. Non-native species are the ring-necked pheasant, Hungarian (gray) partridge and Merriam's turkey. Sharp tailed grouse are well dispersed throughout the region. Pheasant numbers are generally stronger in the NE portion of the region but can be found concurrent to major riparian areas throughout the region. Turkeys are generally found across the region in association with riparian bottoms and forested areas where adequate cropland food sources exist.
- **Waterfowl** - Several species of waterfowl can be found throughout the region in stock ponds, reservoirs and major river systems. Excellent late-season Canada goose hunting opportunities are present along the Yellowstone River Valley. The Yellowstone River, below the high-water mark is ***closed to waterfowl hunting*** from the mouth of the Big Horn River east to the Rosebud/Custer County line. Waterfowl hunting is legal off the river on adjacent land with landowner permission (See waterfowl regulations).

To receive BMA maps and permission information through the mail, please call (406) 234-0930 or email fwpr7bmp@mt.gov. Requests processed Monday to Friday.

OTHER ACCESS OPPORTUNITIES

Attention Fall Game Bird Hunters:

Don't miss out on the Open Fields for Game Bird Hunters – an exciting opportunity to hunt upland game birds and waterfowl on enrolled tracts of CRP and other quality habitats. Through cooperation of private landowners and federal Farm Bill funding delivered to FWP through the Farm Service Agency, this program provides game bird hunters with walk-in access on enrolled lands with no further permission required. Information about the program, including a comprehensive map, may be found at fwp.mt.gov.

Block Management and Public Lands

In many cases, enrollment of deeded ground into block management provides access to otherwise inaccessible tracts of state or federal land or blocks together large tracts of public and private land. Each block management area (BMA) has rules unique to that BMA. Recreationists should become familiar with the individual BMA ranch rules **prior** to actually hunting on the BMA. As a general rule, BMA restrictions do not apply to legally-accessible tracts of public land adjacent to, or contained within, the BMA boundaries. However, in some cases, legally-accessible public lands ARE formally enrolled, with BMA restrictions imposed for resource or hunter management reasons. **Contact regional FWP staff to verify rules for accessible public lands associated with BMAs.**

Streams and Access

Some BMAs have streams within their boundaries, so it is important to know and understand Montana's Stream Access Law. Under this statute, rivers and streams capable of recreational use may be used by the public within the **ordinary high water marks**. Although this law gives recreationists the right to pursue water-based activities within the high water marks of rivers and streams, it **does not give recreationists the right to enter private lands bordering those streams or to cross private lands to gain access to streams**. Islands may or may not be public lands. Before hunting on islands, always verify ownership. Check with county offices or FWP regional offices to confirm land ownership.

Other FWP Hunting Access Opportunities

In addition to the Block Management Program, other FWP programs may provide hunting access opportunities. These include:

- Access Public Lands Projects, Unlocking Public Lands Projects and Public Access Land Agreements- focus on public access to inaccessible or under-accessible public lands.
- Regional Access Projects - regional species-specific projects;
- Habitat Montana - focuses on habitat protection through conservation easement; may also include limited public access provisions;
- Upland Game Bird Habitat and Pheasant Release Program - long-term upland bird habitat projects; statewide listing available September 1;
- Wildlife Management Areas and Fishing Access Sites - FWP-owned lands which may provide public hunting access opportunities;

**While these public hunting access opportunities may or may not be managed under the Block Management Program, people interested in learning more about specific opportunities are encouraged to contact the FWP regional office where a hunt is planned.*
