**Highlights/Reminders**

- **NEW 48 hour reporting requirement for all black bear harvests.**
- **NEW black bear season in Region 6.**
- **Mandatory inspection of black bear harvests in Region 1 has changed.** See page 10 for more information.
- It is now lawful to use hounds to train and/or hunt for spring black bears in some areas. See page 4 for more information.
- Hunting and fishing licenses are now accessible through a secure and convenient mobile app. The Montana MyFWP app provides a digital wallet to store and display licenses and digital carcass tags, known as E-Tags, that can validate your harvest in the field. See fwp.mt.gov/myfwpapp for more information.

**Regulations Adopted by F&W Commission**

Regulations for season dates, structures, and restrictions were adopted by the Fish & Wildlife Commission on February 4, 2022, under the authority granted in MCA 87-1-301 and are valid March 1, 2022 through February 28, 2023. The F&W Commission reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. Statutes and other information, including other agencies’ restrictions, are provided as a courtesy and do not fall under commission authority. Henry “Hank” Worsech, Director.

**Discrimination Prohibited – State and Federal laws, Title VI of Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, prohibited discrimination on the basis of race, color, sex, age, religion, national origin, or disability. Anyone believing he or she has been discriminated against (as described above) in any FWP program, activity, or facility may write to FWP Human Resources, 1420 East Sixth Avenue, PO Box 200701, Helena, MT 59620-0701 or the Office of Diversity, Inclusion and Civil Rights, U.S. Department of the Interior, 1849 C Street, NW Washington, DC 20240. Any changes made to this printed publication can be found on the MTFWP website or by inquiring at any local FWP office.

**Definitions**

**GAME ANIMAL**: deer, elk, moose, antelope, caribou, mountain sheep, mountain goat, mountain lion, black bear, and wild bison.

**HUNT**: to pursue, shoot, wound, take, harvest, kill, chase, lure, possess, or capture, or the act of a person possessing a weapon, as defined in MCA 45-2-101, or using a dog or a bird of prey for the purpose of shooting, wounding, taking, harvesting, killing, possessing, or capturing wildlife protected by the laws of this state in any location that wildlife may inhabit, whether or not the wildlife is then or subsequently taken. The term includes an attempt to take or harvest by any means, including but not limited to pursuing, shooting, wounding, killing, chasing, luring, possessing, or capturing.

**Obtain a License**

- A hunter may purchase only one Black Bear License per year. A free Black Bear Identification Test Certificate is required to obtain a license. A hunter must take and pass a “Black Bear Identification test” before purchasing a Black Bear hunting license. A hunter must present a certificate of completion issued by FWP at the time of purchase. The test is available online at fwp.mt.gov/hunt/education/learning/identification.
- A black bear license is valid for an either-sex black bear in all BMUs. See page 4 regarding sows with cubs.
- The licenses listed in the license chart are available at FWP offices, the FWP website at fwp.mt.gov, and FWP license providers.
- Replacements of lost, stolen or destroyed licenses may be purchased at FWP offices and FWP License Providers. A second duplicate license for the same species within a two-year period may only be purchased at an FWP office. A fee of $5 per license will be charged for each duplicate license.
- Resident Hound Training License (RHTL) (MCA 87-2-521) available to resident Conservation License holders. Entitles the license holder to use a dog or dogs to aid in chasing/pursuing spring black bears per commission rule.
- For nonresidents to use dogs for hunting black bears they must be on an outfitted trip with a licensed Montana outfitter/guide or have a Nonresident Class D-4 Black Bear Hound License in addition to a Black Bear License. Nonresidents must be at least 14 years of age. Nonresidents must have a Nonresident Class D-4 Black Bear Hound License, the nonresident must already hold a Black Bear License. You must hold a Black Bear License valid in at least a portion of the hound area for which you are applying. If unsuccessful in the hound drawing, the department will refund the Nonresident Hound License-Spring Black Bear fee of $250. The hunter can choose to return their Black Bear License for a refund if they are unsuccessful in the drawing for the Nonresident Hound License-Spring Black Bear between March 29 and April 14; licenses must be returned by April 14 without exception.
- Nonresident Black Bear Hound License Drawing. Applications for the Class D-4 Nonresident Black Bear Hound License will be available starting March 1. The deadline to apply for it will be March 25, and the drawing will be March 29. To be eligible for the drawing, hunters must have purchased a Black Bear License.
- To be eligible to apply for the nonresident black bear hound license to hunt black bears, the applicant must be 18 or turn 18 by June 15, 2023. (MCA 87-2-519).
- A nonresident is not required to have a Class D-4 license to use a dog or dogs to aid in the pursuit or harvest of mountain lions or black bears when the nonresident is a nonresident landowner who owns 640 or more contiguous acres. Nonpaying guests of the nonresident landowner may also hunt and pursue mountain lions or black bears on the landowner’s property and any adjacent public land within 2 miles of the landowner’s property without a Class D-4 license. (MCA 87-2-519).

**Residency**

It is unlawful to swear to or to affirm a false statement in order to obtain an original or duplicate resident hunting and/or fishing license OR to assist an unqualified applicant in obtaining a resident license (MCA 87-6-302).

**Resident (MCA 87-2-102)**

- To be a legal Montana resident and eligible to purchase any Montana resident fishing, hunting, and trapping license you must:
  - have been physically living in Montana for at least 180 consecutive days immediately prior to purchasing a resident license;
  - register your vehicle(s) in Montana;
  - be registered to vote in Montana if you’re registered to vote at all;
  - possess current (or have applied for any) resident hunting, fishing, or trapping privileges in another state or country;
  - file Montana state income tax returns as a resident, if you are required to file.
- To purchase an annual resident Conservation License you will be required to show a valid Montana Driver’s License (MDL), a valid Montana Identification Card (MIC) or a valid Tribal Identification Card. If your MDL or MIC has been issued for less than six months, you may be required to show additional proof of residency. An out-of-state driver’s license is NOT an acceptable form of ID for resident license purchases. Contact your local FWP office for specifics.
- Once you have established your residency, you must continue to
meet all these requirements and physically reside in Montana as your principal or primary place of abode for not less than 120 days per year (days need not be consecutive).

- A person is NOT considered a resident for the purposes of this section if the person:
  - claims residence in any other state or country for any purpose; or
  - is an absentee property owner paying property tax on property in Montana.

Nonresident Minors
- Nonresident unmarried minors are considered a resident for purpose of obtaining hunting and fishing licenses if the minor’s parents, legal guardian, or parent with joint custody, sole custody, or visitation rights is a legal resident of Montana.

Armed Forces
- A member of the regular armed forces of the United States, a member’s spouse or dependent as defined in 15-30-2115, who resides in the member’s household, or a member of the armed forces of a foreign government attached to the regular armed forces of the United States is considered a resident for Montana hunting, fishing, and trapping licenses if:
  - the member is a Montana resident as listed above and continues to meet the residency criteria of income tax filing and voter registration, the member is not required to meet the other residency criteria in MCA 87-2-102 and may hold resident licenses in another state or country; or,
  - the member is currently stationed in and assigned to active duty in Montana, has resided in Montana for at least 30 days, and presents official assignment orders and a certificate verifying successful completion of an approved hunter safety course from any state or province.

Hunting Bow:
- A hunting bow for game animals shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs.
- The bow must be hand-held. One hand shall hold the bow and the other hand draw the bowstring. The bowstring must be moved and/or held at all points in the draw cycle entirely by muscle power of the shooter’s body. The energy used to propel the arrow shall not be derived from any other source such as hydraulic, pneumatic, mechanical, or similar devices. These limitations shall not exclude the mechanical leverage advantage provided by eccentric wheels or cams, so long as the available energy stored in the bent limbs of the bow is the sole result of a single, continuous, and direct pulling effort by the shooter.
- The bow must be hand-held. One hand shall hold the bow and the other hand draw the bowstring. The bowstring must be moved and/or held at all points in the draw cycle entirely by muscle power of the shooter until release. The bowstring must be released as a direct and conscious action of the shooter, either relaxing the tension of the fingers or triggering the release action of a hand-held release aid.
  - Exception: Physically disabled bowhunters certified by FWP with the Permit To Modify Archery Equipment (PTMAE) are exempted from the requirement of holding or shooting the bow with their hands.
- A bow and arrow must be legal as long as when expanded they are at least 7/8 inches at the widest point. Expandable broadheads are legal as long as when expanded they are at least 7/8 inches at the widest point and weigh no less than 70 grains.

Hunting Bow: A hunting bow for game animals shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs.
- The bow must be a device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs (includes bows with split limbs).
- The bow must be hand drawn by a single and direct uninterrupted pulling action of the shooter. The bowstring must be moved from brace height to the full draw position by the muscle power of the shooter’s body. The energy used to propel the arrow shall not be derived from any other source such as hydraulic, pneumatic, mechanical, or similar devices. These limitations shall not exclude the mechanical leverage advantage provided by eccentric wheels or cams, so long as the available energy stored in the bent limbs of the bow is the sole result of a single, continuous, and direct drawing effort by the shooter.
- The bow must be hand-held. One hand shall hold the bow and the other hand draw the bowstring. The bowstring must be moved and/or held at all points in the draw cycle entirely by muscle power of the shooter until release. The bowstring must be released as a direct and conscious action of the shooter, either relaxing the tension of the fingers or triggering the release action of a hand-held release aid.

Hunter Education

Hunter Education for Firearm and Archery (MCA 87-2-105)
- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course (or an approved hunter education course from any other state or province) prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- Montana law requires members of the armed forces and their dependents stationed in Montana to present a Montana hunter education certificate or similar certificate from any state or province when purchasing any Montana hunting license.
- Duplicates – Montana certificates of completion for the Montana hunter education course and/or bowhunter education courses may be obtained from FWP’s website at fwp.mt.gov/education/hunter.

Bowhunter Education Requirements (MCA 87-2-105)
- To purchase a Montana Bow and Arrow License, a hunter must:
  - provide a certificate of completing the National Bowhunter Education Foundation course, or
  - provide any prior year’s bowhunting/archery stamp, tag, permit, or license from any state or province.

Youth Hunter:
- A resident or nonresident youth 12 years of age or older may hunt any game species for which their license is valid. Those who will reach 12 years of age by January 16, 2023, may hunt any game species for which their license is valid after August 15 of the 2022 license year. Proof of hunter education must be presented at the time of purchase.
- In order to carry or use a firearm for any reason, a youth under 14 years of age must be accompanied by a person having charge or custody of the youth, or be under the supervision of a qualified firearms safety instructor or an adult 18 years of age or older who has been authorized by the youth’s parent or guardian, MCA 45-8-344.

Laws and Rules
- Statute denoted by MCA.
- Commission Rule denoted by CR.
- Administrative rule denoted by ARM.

Aircraft - Unlawful use (MCA 87-6-208)
- It is unlawful for a person to shoot a game animal from an aircraft.
- It is unlawful for a person to use an aircraft for the purpose of concentrating, pursuing, driving, rallying, or stirring up any game animal.
- Aircraft may not be used to locate game animals for the purpose of:
  - hunting those animals during the same hunting day after a person has been airborne; or
  - providing information for another person for the purpose of hunting those animals within the same hunting day after being airborne.

Archery Equipment (MCA 87-6-401, CR)
- It is unlawful to use any chemical or explosive device attached to an arrow to aid in the taking of game animals.
- The following criteria define Archery Equipment. It is unlawful to use, while hunting game during any Archery-only Season and in Archery Equipment Only areas, archery equipment that does not meet the following criteria:

Hunting Bow: A hunting bow for game animals shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs.
- The bow must be a device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs (includes bows with split limbs).

or arrow that aides in the taking or locating of any game animal or game bird. **Exception:** Camera devices attached to bows for the sole purpose of filming are allowed.

- a bow sight or arrow which uses artificial light, luminous chemicals such as tritium, or electronics. **Exception:** an arrow may have a lighted nock.

**Artificial Light (MCA 87-6-401)**

It is unlawful for anyone to take or attempt to take any game animal or game bird with the aid of projected artificial light. Use of rifle scopes that project an artificial light to illuminate the target or project infra-red light visible only with specialized optics to illuminate the target are unlawful for the taking of game animals.

**Baiting (MCA 87-6-401, CR)**

- It is unlawful for anyone to hunt or attempt to hunt any game animal or game bird by the aid of or with the use of any bait, salt lick, trap,麻醉 or with the use of state licenses unless provided for in the rules of the FWP Commission.

**Artificial Light (MCA 87-6-401)**

- Baiting shall mean the placing, exposing, depositing, distributing, or scattering of food sources or salt so as to constitute a lure or attraction.

**Black Bear Specific Regulations (CR)**

- It is unlawful to harvest/take black bear cubs. Cubs are defined as bears less than one year old.
- It is unlawful to harvest/take a female black bear with cubs.

**Check Stations (MCA 87-6-218)**

All hunters are required to law to stop as directed at all designated check stations on their way to and from hunting areas, even if they have no game to be checked.

**Dogs (MCA 87-6-404)**

It is unlawful for a person to use dogs to chase game animals. Restrictions on the use of dogs include:

- **Reserved Areas:** There are reserved areas where hunting with dogs is prohibited. These areas are listed in the regulations.
- **Training Hours:** Dogs may be used to hunt mountain lions and spring black bears, see appropriate regulations for rules. Dogs may be utilized to recover or locate wounded game animals, but handlers shall maintain physical control of the dog at all times by means of a maximum 50-foot lead attached to the dog's collar or harness.

**Evidence of Sex (MCA 87-6-406)**

A person who kills a game animal in this state shall retain evidence of sex of the animal with the carcass until it is processed. The provisions of this section do not apply to a game animal harvested using a license with which either sex of the animal may be taken. Evidence of sex does not need to be naturally attached. A person who kills a game animal in a hunting district where the harvest is limited by the animal's antler point or horn size shall retain the antlers or horns until the carcass is processed.

**Firearms**

- Firearms, including rifles, handguns, shotguns with 0, 00, or slugs, and muzzleloaders; archery equipment; and crossbows are lawful for taking game animals. All other methods of take are prohibited.
- There is no rifle or handgun caliber limitation or magazine/round capacity restrictions for the taking of game animals.
- Rifle scopes with illuminated reticles, built-in range-finding capabilities, and “red dot” scopes are lawful for the taking of game animals.

**Glandular Scents ((ARM 12.6.1016, 12.6.1017)( MCA 87-6-101))**

- Natural or artificial glandular scents may not be used to hunt black bears.

**Hound Hunting**

- A resident hunter with a valid Black Bear License may lawfully chase black bears with hounds during the spring hound season in any valid hunting district or management unit during the period that unit is open to hound hunting or chasing.

- Hound hunting and training is prohibited in occupied grizzly bear habitat.

**Hunting Hours (CR)**

- Authorized hunting hours for the taking of game animals begin one-half hour before sunrise and end one-half hour after sunset.
- **Turn In Poachers.** Enough is Enough! Make the call: 1-800-TIP-MONT (1-800-847-6668)

**Indian Reservations (MCA 87-6-204, CR)**

- The F&W Commission has by rule, closed all lands within the exterior boundaries of Montana’s Indian Reservations to the hunting of game animals with the use of state licenses unless provided for in a cooperative agreement between the Tribal Government and the State of Montana.

**Incidental Harvest Resulting in an Unlawfully Taken Animal**

- If you or a member of your hunting party shoots an animal that results in an unlawfully taken animal, you should notify a FWP game warden or 1-800-TIP-MONT (1-800-847-6668) immediately and follow their instructions.

**Inspection by Warden (MCA 87-1-502, 87-6-218)**

- Game animals, game and nongame birds, fish, and furbearers taken must be shown to FWP Enforcement personnel for inspection when requested.

**Interstate Wildlife Violator Compact (IWVC)**

- Montana is a member of the IWVC. Under the compact, member states recognize suspensions of hunting, fishing or trapping privileges. It is unlawful for a violator whose privilege to hunt, fish or trap is suspended to obtain or attempt to obtain a license, tag or permit in a member state. For more information, call 406-444-2452.
Kill Site Verification (ARM 12.6.1005)
At the request of a FWP game warden, it is required to return to the
kill site of any game animal, game bird, wolf, or fur bearer that has
been hunted or trapped.

Landowner Permission (MCA 87-6-415)
A person may not hunt or attempt to hunt fur bearers, game animals,
migratory game birds, nongame wildlife, predators, game birds,
unlaid game birds, or wolves while hunting on private property without first
obtaining permission of the landowner, the lessee, or their agents.
Regarding the requirement of whether the land is posted or not, hunters must have
permission from the landowner, lessee, or their agent before hunting
on private property.
For the purposes of this section, the term “hunt” has the same
meaning as provided in 87-6-101 and includes entering private land
to: (a) retrieve wildlife; or (b) access public land to hunt.

License and Permit Possession/Use
(MCA 87-6-304, MCA 87-6-305)
• A person may not apply for, purchase, or possess more than one
license or permit, or a tag of any one class or more than one special license
for any one species. This provision does not apply to more than one
license, permit or tag authorized by the commission.
• A person may not hunt in this state unless the person is carrying the
required license or permit at the time.
• A person may not refuse to exhibit a license or permit and the
identification used in purchasing a license or permit for inspection
to a warden or other officer requesting to see it.
• A person may not alter any time alter a license in any material
manner or loan or transfer any license to another person.
• A person other than the person to whom a license is issued may not
use the license.
• A person may not attach the person’s license to a game animal killed
by another person.
• A person commits the offense of unlawful possession of a hunting
license or permit if the person knowingly carries or has physical
control over a valid and unused hunting license or permit issued to
another person while in any location that the species to be hunted
may inhabit.
• This does not apply: to a person who is carrying or has physical control
over a license or permit issued to that person’s spouse or to any minor
when the spouse or minor is hunting with that person; and when a
properly obtained and validated license or permit is attached to a
lawfully killed game animal.

License Validation and Tagging (MCA 87-6-411)
• When a person kills a game animal, the person shall, before the
carcass is removed from or the person leaves the site of the kill,
take physical possession of the game animal by:
- electronically validating the license or tag or
- cutting out of the license or tag the date the animal was
killed and attaching the license or tag to the animal.
• A license or tag that is not electronically validated must be kept
attached to the carcass as long as any considerable portion of
the carcass remains unconsumed.
• A person may not fail to keep the license or tag attached to
the game animal and any portion of the game animal while the
animal is possessed by the person unless the license or tag was
electronically validated.
• A person may not tag a game animal with or electronically
validate a license or tag that is restricted to a hunting district
other than the hunting district where the game animal was killed.

Littering (MCA 75-10-212)
A holder of a Montana resident or nonresident hunting license or camping
permit convicted of littering campgrounds, public or private lands,
streams, or lakes, while hunting, fishing, or camping shall forfeit any
current Montana hunting, fishing, or trapping license and the privilege
to hunt, fish, camp, or trap in Montana for a period of one year.

Marked or Radio-Collared Animals (CR)
It is lawful to shoot game animals that have radio collars, neck bands,
ear tags and/or other markers, but markers and radio collars must be
returned to FWP. Please report the killing of a marked animal to the
local FWP Office.

Motion-Tracking Devices (MCA 87-6-401)
It is unlawful for a person, while hunting, to use any electronic motion-
tracking device or mechanism that is designed to track the motion of
a game animal and relay information on the animal’s movement to the
hunter. Motion tracking devices are defined by F&W Commission as
remote operated camera or video devices capable of transmitting real
time information, pictures or videos; seismic devices; thermal imaging
devices; and satellite and radio telemetry devices. A radio-tracking collar
attached to a dog that is used by a hunter engaged in lawful hunting
activities is not considered an unlawful motion-tracking device.

Motorized Vehicles (MCA 87-6-405)
It is unlawful for anyone to:
• Hunt or attempt to hunt any game animal from any self-propelled
(motorized) or drawn vehicle. To be lawful, a hunter must have two feet
on the ground and his/her body outside of the vehicle. Holders of the
Permit To Hunt From A Vehicle are the exception to this.
• Use a motorized vehicle to concentrate, drive, rally, stir up, corral, or
harass game animals.
• While hunting a person may not use a motor driven vehicle off-road on
state land.
• Use a motor-driven vehicle on a road or trail on state land if that road
or trail is posted as closed by the land management agency. This
restriction applies only to state land and not to federal land. For more
information related to state school trust lands, see page 6.
• Use a motor-driven vehicle other than on a road or trail designated
for travel by a landowner unless permission has been given by that
landowner.

Off Road- Federal lands (CR)
• A person may not operate, on federal public lands, a motorized
wheeled vehicle off legal routes (including game retrieval). All
federally approved travel plans on public lands in Montana have been adopted by the
F&W Commission. Contact the appropriate land management agencies for travel plan information.

Boats (MCA 87-6-207)
• A person may not use a motorboat or a sailboat as defined in 23-2-502 for the purpose of
killing, capturing, taking, pursuing, concentrating, driving, or stirring up any
upland game bird, migratory bird, game animal, or fur-bearing animal until the motor is
shut off or the sails are furled and the progress of the vessel has ceased.

LIVESTOCK
A person may not possess, ship, or transport a horse, cow, mule, or donkey
that has any identification on it other than an identification that is
required by law. This does not apply to closed facilities that are
protected by a security barriers or security system.
causes and that has not been unlawfully killed, captured, or taken or accidentally killed;
(c) the bones of an elk, antelope, moose, or deer that has died from natural causes and that has not been unlawfully killed, captured, or taken or accidentally killed;

Vehicle Killed Wildlife Salvage Permit (MCA 87-3-145) (ARM 12.3.186) Carcasses and parts of elk, deer, antelope and moose killed in vehicular collisions may be taken and possessed but only with a Vehicle-Killed Wildlife Salvage Permit. No other game animals may be salvaged by this permit.

Recovery and possession of horns and skulls from mountain sheep that died of natural causes (MCA 87-3-315) A person may recover and possess the horn or horns and attached skull, or portion thereof, of a mountain sheep that died of natural causes and was not purposefully or accidentally killed, captured, or taken, including due to being struck by a vehicle. Horns and skulls recovered pursuant to this section must be reported to the department within 48 hours and presented to the department for inspection and placement of a permanent pin in a horn within 10 days. The fee for the pin is $25. This section does not allow the recovery or possession of horns and skulls found in state parks.

Predatory Animals and Nongame Hunting

Predatory animals and nongame species can be hunted in Montana year-round without a license by both resident and nonresident hunters. A conservation license or a State School Trust lands recreational use license is required to hunt predatory animals and nongame species on State School Trust lands. Permission must be obtained to hunt predatory animals and nongame species on private land.
• Predatory Animals are classified as coyote, weasel, (striped) skunk, and civet cat (spotted skunk).
• Nongame species are defined as any wild animal not otherwise legally classified by statute or regulation in Montana. Examples include badger, raccoon, red fox, hares, rabbits, ground squirrels, marmots, tree squirrels, porcupines, and prairie dog.

Public Roadways (MCA 87-6-403)
It is unlawful for anyone to hunt or attempt to hunt any game animal: on, from, or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel.

Recorded Animal Sounds (MCA 87-6-401)
It is unlawful to use any recorded or electrically amplified bird or animal calls or sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals, wolves, and those birds not protected by state or federal law.

Simulated Wildlife (MCA 87-6-217)
It is unlawful to discharge a firearm or other hunting implement at a simulated wildlife decoy in violation of any state statute, ARM, or F&W Commission rule regulating the hunting of the wildlife being simulated.

Transport of Wildlife
• An individual other than the license holder may transport lawfully taken, properly tagged game animals that comply with the “Evidence of Sex Requirements.”
• It is unlawful to ship, possess, transport, or take out of state unlawfully killed game animals.
• It is a violation of the Federal Lacey Act to transport an unlawfully taken game animal across state boundaries.
• If you are legally taken wildlife (including parts and/or products of live or dead animals) between the United States and any foreign country, you must complete a U.S. Fish and Wildlife Service declaration form. For further information contact the USFWS Wildlife inspector at 406-335-4350 or www.fws.gov.
• Questions concerning carcass transport may be directed to FWP Enforcement at 406-444-2452 or to your home state’s wildlife division.

Traps (MCA 87-6-601)
It is unlawful to destroy, disturb, or remove any trap or snare belonging to another person or to remove wildlife from a trap or snare belonging to another person without permission of the owner of the trap or snare.

Two-way Communication (ARM 12.6.1010)
The use of two-way electronic communication is prohibited:
• while in the act of hunting game animals or wolves to aid in the taking or locating of live animals
• while in the act of hunting mountain lion or bobcats with dogs, beginning when the dogs are placed or physically released on tracks or a scent trail
• to avoid game check stations or FWP enforcement personnel.
• to facilitate unlawful hunting activity

The use of two-way electronic communication for the use of safety or other legitimate purposes is exempt.

Two-way electronic communication includes, but is not limited to, the following: radios (walkie-talkies/CB), cell phones, text messages, and the use of social media or other electronic platforms, applications, or programs.

Unmanned Aerial Vehicles UAV (CR)
A UAV/drone may not be used to locate game animals for the purposes of: hunting those animals during the same hunting day after a UAV/drone has been airborne, or providing information for another person for the purposes of hunting those animals within the same hunting day after the UAV/drone has been airborne.

Waste of Game (MCA 87-6-205)
• Hunters, or persons in possession of a game animal or game animal parts, are prohibited from wasting or rendering unfit for human consumption any part of a game animal that is defined as “suitable for food.”
• For game animals (excluding mountain lions), all of the four quarters above the hock, including loin and backstrap are considered suitable for food.

Hunter Access

Hunters, it is your responsibility to know where you are, to know who owns the land, and to know what access restrictions apply. Check FWP’s website at fwp.mt.gov/hunt/access for information on FWP’s Block Management Program.

Fishing Access Sites
Many of Montana’s fishing access sites (FAS) offer hunting opportunities, however certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Refer to the Fishing Access Site website at myfwp.mt.gov/fishMT/explore for site specific information, opportunities and restrictions.

Federal Land Access
• National Parks Service: National Parks are closed to hunting. For other lands administered by the National Park Service, please contact the specific site managers for additional information.
• National Wildlife Refuges – More restrictive regulations, including species-specific restrictions and closures, may apply to national wildlife refuges open to public hunting. Contact the specific refuge and/or visit fws.gov/refuges for additional information.
• U.S. Forest Service: Area-specific closures or restrictions may apply. Inquire at the appropriate Regional Forest Service Office.
• Bureau of Land Management: Area-specific closures or restrictions may apply. Inquire at the appropriate BLM Field Office.
• Other federal lands: Area-specific closures or restrictions may apply. Inquire at the local federal land management agency office.

Unlawful Posting of State or Federal Land (MCA 45-8-115): It is unlawful for a person to knowingly post land that is under the ownership or control of the state or federal government to restrict access or use of state or federal land.

Indian Reservation Trust Lands
Some reservations may offer hunting opportunities with the use of Tribal licenses to non-members. Please contact the appropriate Tribal Government. See “Contacts Outside FWP” on page 16 for contact information.

Montana State Parks
Some of Montana’s state parks provide hunting opportunities; however, certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Contact the specific park and/or refer to the Montana State Parks’ website at stateparks.mt.gov for site specific information regarding hunting opportunities and restrictions.

Private Lands - See landowner permission.

Railroad Access
Railroads and railroad rights-of-way are private property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad.

Turn In Poachers. Enough is Enough! Make the call: 1-800-TIP-MONT (1-800-847-6668)
State Game Preserves – See Restricted Area Descriptions.

State School Trust Lands
Additional information, including closures and restrictions, is available from the DNRC at 406-444-2074
• A Conservation License provides hunters, anglers and trappers access to lawfully accessible State School Trust lands for related activities during applicable seasons. Additional permitting is required through the Department of Natural Resources and Conservation (DNRC) for trapping on trust lands.
• Overnight use must not exceed the following limits: two consecutive days on leased land, 16 consecutive days within designated campgrounds or on unleased land.
• Motorized travel is only allowed on public roads or on roads designated as open. This restriction applies to all activity including game retrieval.
• Firearms may not be discharged upon trust lands within one-quarter mile of inhabited dwellings or outbuildings on state trust lands without permission of the inhabitant.
• Open fires are prohibited outside of fire pits within designated campgrounds.

State Wildlife Management Areas (WMA)
FWP’s WMAs are generally open to hunting during the game animal hunting season. WMAs with big game winter range are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to noon on May 15 each year, as posted.

Exception: There are several exceptions to these guidelines. For WMA-specific information, please call the regional office (see page 16 for contact numbers) or visit the FWP website at: fwp.mt.gov/conservation/wildlife-management-areas

Stream Access Law
The Stream Access Law does not allow for the hunting of game animals between the ordinary high water marks of streams and rivers without landowner permission.

Trichinella in Black Bears
Trichinella is a parasite of mammals and some birds. Immature parasites develop cysts in the muscle of the host animal and are transmitted to a new host when infected meat is eaten raw or undercooked. Wild animals rarely show signs of infection. Humans and domestic dogs or cats can become infected with Trichinella by consuming raw or undercooked meat from an infected animal. Symptoms of infection vary and may be severe. All bear and mountain lion meat should be treated as if it were infected. Freezing will not kill the organism; however, cooking at temperatures above 165 degrees Fahrenheit will kill the parasite. Many processing techniques (jerky and smoked meats) may not reach the proper temperature. FWP recommends that all mountain lion and bear meat be well cooked to an internal temperature of 165 degrees before consumption by humans or pets. FWP does not offer Trichinella testing. For further information, call the FWP lab at 406-577-7882.

Mandatory Reporting Requirements

All successful black bear hunters must personally report their black bear harvest within 48 hours.

Successful hunters are required to report the harvest by phone or through MyFWP as required even if a transfer form is completed.

When reporting a black bear harvest, it is unlawful to subscribe to or make any statement that is materially false. Successful hunters in backcountry areas will be allowed to report a black bear harvest within 48 hours of reaching a trailhead.

NOTE: In BMUs 510, 520, 600 and 700 when the quota is reached or approached in each of these districts, the black bear season in that district will close. For quota status call 1-800-385-7826 or (406) 444-1989.

Inspection Requirements Region 1 Only:
For black bears harvested within Region 1, physical inspection of a harvested black bear is not required. Successful Region 1 hunters must submit a premolar tooth from harvested black bears and deliver them to a FWP office within 10 days, either in person or by mail (postmarked within 10 days). See page 10 for more information.

Inspection Requirements Regions 2-7:
Within 10 days of harvesting a black bear, the successful hunter must present to a Montana FWP official the complete bear hide and skull for the purpose of inspection, tagging and possible removal of a tooth (for aging). The hide and skull must be presented in a condition that allows full inspection and tooth collection (i.e., unfrozen). Any hide or skull not presented or registered to FWP personnel within 10 days of harvest is subject to confiscation.

A person licensed to hunt and authorized to possess a carcass of a black bear that requires mandatory department biological inspection may, after validating and attaching the license or tag in accordance with 87-6-411, transfer possession of all or part of that black bear to any person at any time after leaving the site of the kill, provided a statement of possession has been completed. The statement of possession must be on a form prescribed by the department and signed by the licensed person and the person or persons receiving possession, and must accompany the carcass or portion of carcass presented for inspection.

The statement of possession form can be found here: https://fwp.mt.gov/binaries/content/assets/fwp/hunt/forms/transfer-of-game-animal-or-wolf.pdf

REMINDER: The hunter must still personally report their harvest by phone or through MyFWP as required even if a transfer form is completed.
• It is unlawful for anyone to possess, ship, transport, sell, or purchase any black bear harvested in Montana, or part thereof, unless the animal has been tagged as prescribed.

## Region 1 Specific Inspection Requirements

Physical inspection of a black bear harvested in Region 1 is no longer required. However, mandatory 48 hour reporting of any successful black bear harvest is required. In addition, successful hunters are required to submit one premolar tooth from any black bear harvested in Region 1 within 10 days of harvest. Teeth can be submitted in person or by mail (post-marked within 10 days).

Please include the following information with the tooth: Hunter name, reference number received from the Harvest Reporting line or MyFWP portal, date of harvest, BMU and sex of bear. Wrap the tooth in a paper towel and place inside a plastic bag. Place plastic bag containing the tooth and data sheet in an envelope and include your return address.

Mail teeth to: FWP R1 Headquarters, 490 North Meridian, Kalispell, MT, 59901

Or drop off at any FWP Regional office or the Thompson Falls and Libby area offices.

Please contact your local biologist or call 406-752-5501 if you have questions.

Physical inspection of a black bear harvested in Region 1 is no longer required. However, mandatory 48 hour reporting of any successful black bear harvest is required. In addition, successful hunters are required to submit a tooth in its entirety as the root is needed to accurately determine age. Extracted teeth should look like the tooth circled in the illustration below. Age information will be posted online and available at MyFWP. Lab results for aging teeth typically take 8 months or more.

A tooth submission form and additional information on how to pull and submit teeth can be found on the fwp.mt.gov website under hunting and hunt by species-black bear or by clicking here.

Instructions and data forms can also be obtained at the FWP offices Kalispell, Libby and Thompson Falls.

The graphic below depicts which tooth to remove. You must carefully extract a tooth in its entirety as the root is needed to accurately determine age. Extracted teeth should look like the tooth circled in the illustration below. Age information will be posted online and available at MyFWP. Lab results for aging teeth typically take 8 months or more.

A tooth submission form and additional information on how to pull and submit teeth can be found on the fwp.mt.gov website under hunting and hunt by species-black bear or by clicking here.

*Hound harvest quota = 2*
- Hunting puts you at risk of encountering a bear. Calling game and using scents may attract bears.
- If you hunt alone, let someone know about your plans. If you feel uneasy hunting alone, hunt with a partner.
- Bears are opportunists and change their behavior to take advantage of new food sources. Always assume that grizzlies are in the area and make sure your camps, cabins, and homes are bear proof, and that bear attractants are unavailable or contained.
- Mentally rehearse a worst-case scenario with encountering a bear. “If the mind has never been there before, the body does not know how to respond.”
- To minimize the likelihood of attack or chances of human injury, make certain you have bear spray at the ready and know how to use it. In sudden grizzly encounters, bear spray has proven effective. Bears sprayed in the face at close range often stop attacking. Always maintain a safe distance from bears.
- Report encounters with grizzly bears to FWP at 1-800-TIP-MONT, U.S. Forest Service, or one of the nearest FWP bear management specialists listed below:
  - Jeremiah Smith Bozeman, MT 406-577-7877

**Weapons Restriction Areas**

Weapons restrictions are in effect in some hunting districts. Such restrictions are stated in the license/permit description and/or with a specific date range. The following equipment restrictions apply to Weapons Restriction Areas:

**Archery**

See legal archery equipment in the “Laws and Rules” section on page 3.

**Crossbows**

Legal in weapons restriction areas unless exception noted in specific hunting district regulations.

**Muzzleloader**

- must not be capable of being loaded from the breech of the barrel;
- may not be loaded with any pre-prepared paper or metallic cartridges;
- must be charged with black powder, pyrodex, or an equivalent;
- must be ignited by a percussion, flintlock, matchlock, or wheellock mechanism;
- must be a minimum of .45 caliber;
- may have no more than two barrels; and
- must only use plain lead projectiles.

- Sabots or other similar power and range-enhancing manufactured loads that enclose the projectile from the rifling or bore of the firearm are prohibited. “Skirts” or gas checks on the base of a projectile are acceptable.

**Traditional Handguns**

- are not capable of being shoulder mounted;
- have a barrel length of less than 10 ½ inches;
- chambered only a straight wall cartridge, not originally developed for rifles.

**Shotgun**

Be Bear Aware!

Black bear hunters must be able to tell the difference between a grizzly and a black bear because grizzly bears cannot be legally hunted in Montana.

- Learn how to identify bears.
- Be absolutely sure of your target.

If in doubt, don’t shoot.
