

MT Fish, Wildlife & Parks  
1400 South 19<sup>th</sup> Avenue  
Bozeman, MT 59718

June 29, 2021

Dear Interested Party:

The enclosed Environmental Assessment (EA) has been prepared to address a new septic drainfield to adequately serve the increased visitation, both current and projected out 20 years, at Lewis & Clark Caverns State Parks. The current drainfield does not support the level of use we have been experiencing resulting in the comfort station backing up throughout the summer. The drainfield will be located at the northwest end of the state park campground.

Montana Fish, Wildlife & Parks invites you to comment on the attached proposal. The public comment period will be accepted until 5:00 p.m. July 29, 2021. Comments should be sent to the following:

Betsey LaBroad, Regional Park Manager  
1400 S 19<sup>th</sup> Avenue  
Bozeman, MT 59718

Or e-mail to [betsey.labroad@mt.gov](mailto:betsey.labroad@mt.gov)

Sincerely,

Marina Yoshioka  
Region 3 Supervisor
