

# **2022 Roundup Deer Management Hunt**

**November 5, 2022 through February 15, 2023**

**Hunters need to obtain permission to hunt from the Roundup City Offices (406-323-2804) from 8AM-5PM Monday thru Friday. The Roundup City offices are located at 34 3<sup>rd</sup> Ave West.**

The Roundup Deer Management Hunt will be implemented by the City of Roundup using the following strategies to facilitate public hunting of mule deer:

- Hunting will be in accordance with all Montana laws and regulations.
- Hunting will be managed with safety as a primary consideration. In some locations the City of Roundup may assign and direct hunters to appropriate sites.
- Hunting will be restricted solely to the use of archery equipment as defined by the Archery-Only Season definitions in the Montana Fish, Wildlife and Parks Big Game Regulations.
- The hunt will take place on property owned by the City of Roundup and Musselshell County as identified on the attached map.
- 90 Either-sex mule deer licenses only valid for the Roundup Deer Management Hunt will be available first-come first-served, limited to 2 per person.
- These Roundup Management B-licenses do not count towards an individual hunter's limit of how many deer B-licenses they may have in one year.
- These licenses will be available starting at 5:00 AM, Wednesday, October 5, 2022 through the ALS system at any FWP license provider. A current Conservation License and Bow & Arrow license is also required.
- Hunters will be required to bag and properly dispose of the deer viscera at the Roundup Landfill.
- Hunters must report their harvest to the Roundup City Offices at (406) 323-2804.

Food Bank Donations: Hunters, particularly those who might be interested in management hunts but who do not need the meat, may have the option of donating their game to the Food Bank or a suitable charity. The local Food Bank will only receive game that has been processed by a licensed and certified processing business. Hunters can receive a tax deduction from the Food Bank for their donation.

*Remember that not everyone is a hunter and showing respect for game harvested as well as citizens of the community reflects positively on sportsmen, sportswomen, and our hunting heritage. Display solid ethics, take good shots, and above all remember to **put safety first**.*

Areas open to hunting under the Roundup Deer Management Plan
