

Notice of Habitat Conservation Lease Proposal

Montana Department of Fish, Wildlife and Parks (FWP) is proposing a habitat conservation lease. Conservation leases are incentive-based, voluntary agreements offered by FWP to help conserve priority wildlife habitats on private lands while also supporting working agricultural lands and public hunting and recreation opportunity.

The basic intent of the Conservation Lease Program is to retain substantial blocks of high priority native or restored wildlife habitats while keeping working agricultural lands as working lands. There are five priority focal habitats that qualify for enrollment: sagebrush grasslands, mixed grasslands, intermountain grasslands, riparian/floodplain, and wetland-grassland complexes. The overarching goal of the Program is to enroll 500,000 acres over a 5-year timeframe.

Private landowners can enroll their land into a 30- or 40- year conservation lease in return for a one-time per-acre lease payment. Funding for the Program is generally derived from state hunting license fees and federal Pittman Robertson Wildlife Restoration funds.

For more information, please refer to the Habitat Conservation Lease Program web page:
<https://fwp.mt.gov/conservation/habitat/habitat-conservation/lease-program>

A programmatic environmental analysis (PEA) and supplemental environmental analysis (SEA) were completed by FWP at the start of the Habitat Conservation Lease Program. This Notice serves to 1) inform the public and adjacent landowners of a proposed habitat conservation lease, providing an opportunity for review and comment (as required by MCA 87-1-241) and 2) document if the programmatic environmental analysis is consistent with the circumstances of individual proposed conservation leases.

Proposed Lease Information:

Project Name: **Granger Ranch Habitat Conservation Lease**

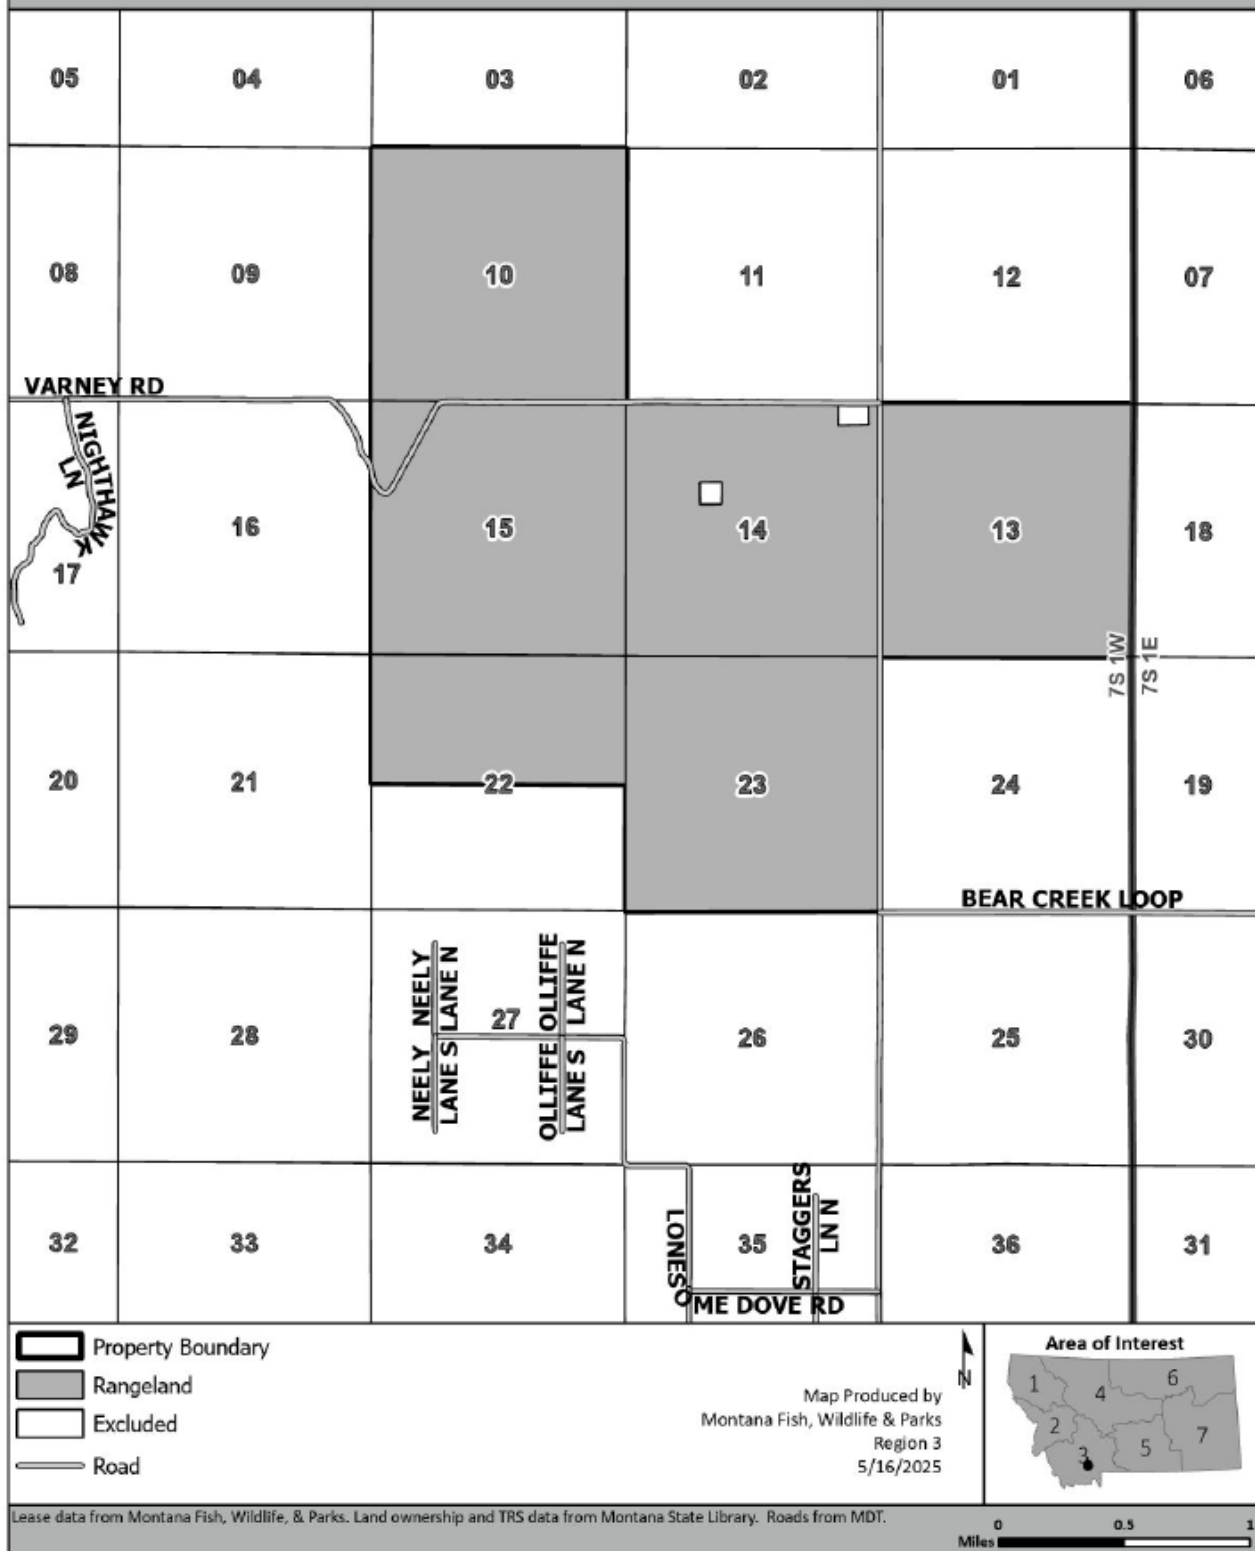

Location of Property: Cameron, Madison County, Montana

Legal Description: T2SR1W Sections 10, 13, 14, 15, 23 and N ½ Section 22

Less and excepting therefrom the excluded areas shown on the following map.

Granger Ranches Habitat Conservation Lease

MONTANA FWP

Duration of Lease: 40 years

Approximate Acres Proposed To be Enrolled: 3,558

Approximate Acres of Priority Habitat: 3,515

Approximate Acres by Land Type:

Rangeland	3558
Total	3558

Public Access details:

As part of this Habitat Conservation Lease, **Granger Ranches LP** agrees to allow **104** recreation days to the public each year. At least **35** of those recreation days will be for hunting from September 1-January 1. **Granger Ranches LP** may also choose to offer the **69** remaining recreation days for hunting during that time. **Granger Ranches LP** will provide a contact name and phone number for the public to obtain permission for access.

Public comment period details:

Duration of Public Comment Period: The public comment period begins on the date of publication on the FWP website. Written or e-mailed comments will be accepted through the last day of the public comment period, as listed below:

Date Listed: May 20th, 2025

Length of Public Comment Period: **30 days**

Public Comment Period Begins: May 20th, 2025

Public Comment Period Ends: June 19th, 2025

Comments must be addressed to the FWP contact, as listed below.

Where to submit Comments on the Proposed lease:

Name: Julie Cunningham
