Good morning,

I just received this email about the Logan Shooting Range. I am guessing that this is their public comment.

To whom it may concern:

I 100% agree with MSSA President, Gary Marbut, in his letter concerning this issue, dated August 28.

This would appear to be mission creep. FWP does a great job with those issues their acronym delineates. Shooting ranges are not a part of the acronym and should be left to those who are successful in this type of endeavor. DFWP is not equipped to step into those shoes.

Sincerely, Robert Pierson, Trout Creek, MT 59874

God Bless, Bob
