

•Western half of the park is open to hunting. The eastern half (shown on map on reverse) is closed to all hunting and firearm discharge year-round.

• Hunting district 311 rules apply while hunting in Lewis & Clark Caverns State Park.

•Walk in Only, including game retrieval.

•Access to open areas and game retrieval is not allowed through the closed eastern half of the park.

### Practice Leave No Trace:

Montana State Parks is a proud partner with the Leave No Trace Center for Outdoor Ethics.

Camping is not permitted in the park's hunting area.

The use of campfires is also prohibited in the park's hunting area.

Please do not remove or disturb vegetation or other natural features for the making of blinds or to create shooting paths.

Vehicles of any kind are prohibited in the park's hunting area.

Pack out what you pack in. There is no trash service or any kind of services offered in the park's backcountry. Keep that in mind and be respectful of those who follow you here.

## Lewis & Clark Caverns State Park is in HD 311

Lewis & Clark Caverns State Park is in deer/elk hunting district 311. Please read the current hunting regulations for a list of dates, license opportunities and regulations for this area.

**Note:** Elk and white-tailed deer can be found in the park but are rare. Mule deer are the main big game animal found within the hunting area of Lewis & Clark Caverns State Park.

**Trapping is NOT allowed in the park.**

To Report Violations:

Call: 406 502-8581 (Warden)  
406 287-3541 (Park Offices)  
or call 1 800 TIP-MONT  
FWP violations hotline.

## Lewis & Clark Caverns State Park Hunting Opportunities 2025

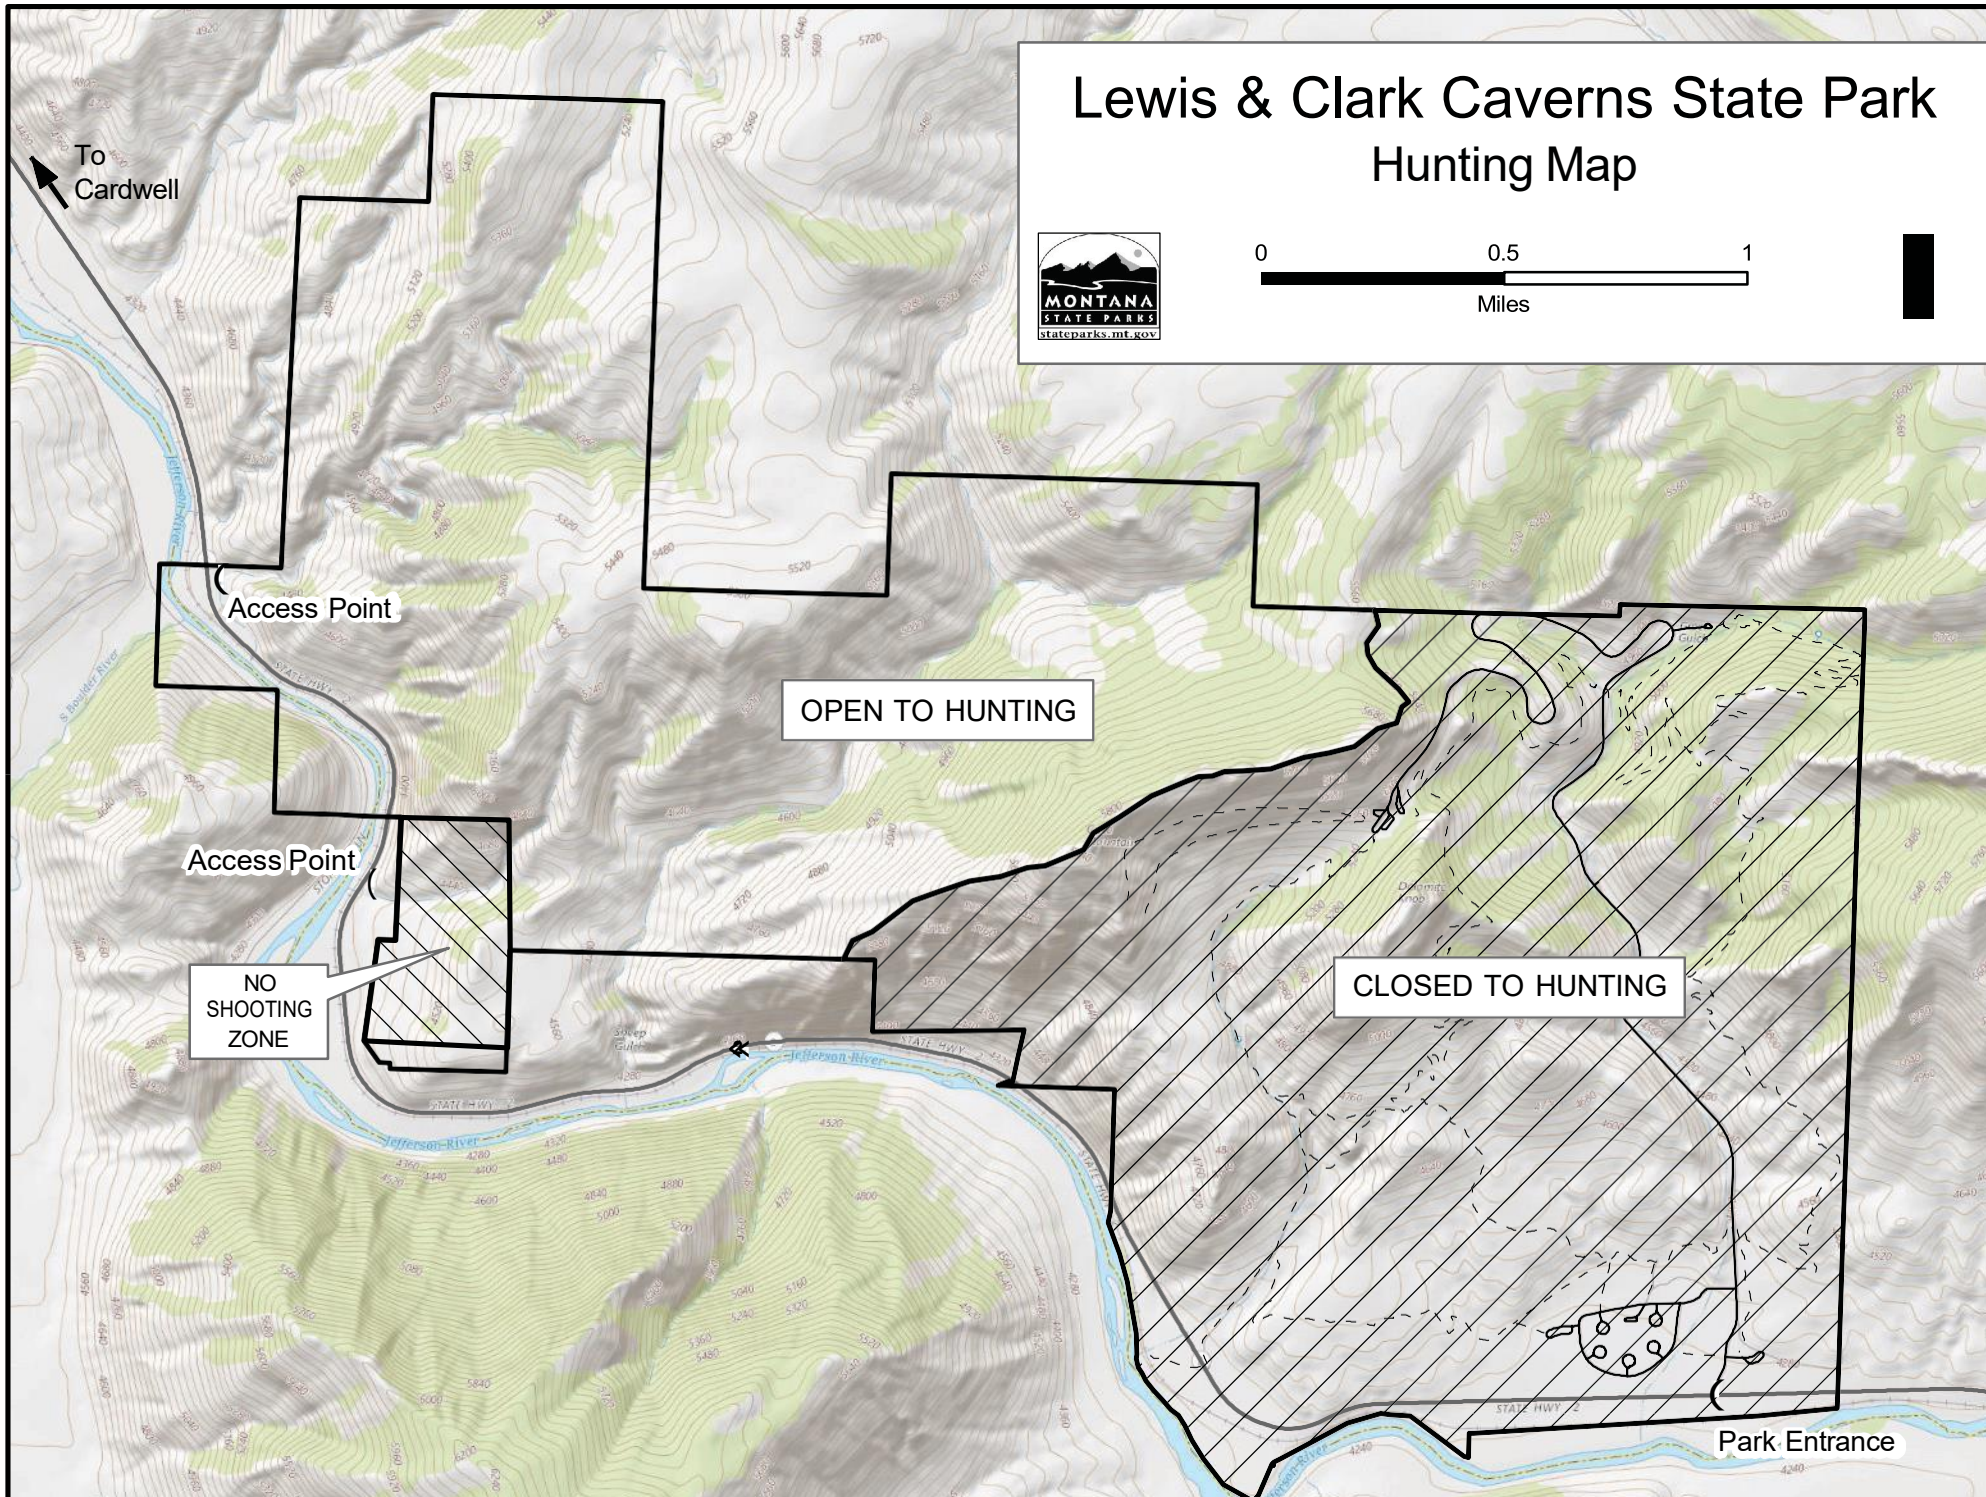

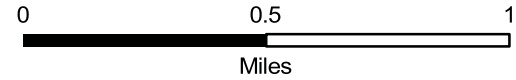

Hunting within the western half of Lewis & Clark Caverns State Park will be permitted as long as it does not conflict with the traditional recreational uses of the park. Hunters are reminded to follow all applicable rules and regulations. Help keep this portion of the Park open for future hunting opportunities!
